The temperature and congealing influences of Monday and Tuesday, fully established the wisdom of the "ground-hog" in retiring himself for his usual six weeks, although the weather had been rather captivating during this winter.

KILLED.—We learn that William Wilson, formerly of Boggs township, was killed on a log job on Anderson's creek one day last week. In trying to escape from a falling tree he was struck on the temple by a limb, breaking his skull, from the effects of which he died in a few hours.

The twenty-second, Washington's birthday, once so attractive to Americans, passed off like any other day. He who was "first in war, first in peace and first in the hearts of his countrymen," has been rendered obsolete and almost forgotten, though the havoc made by the moral and political simon which has swept over the land of his birth.

We direct the attention of that class of our readers and all others who purpose going down the river, to the card of Messrs. Frazier & Boyer, at the Big Basin, who are prepared to accommodate rivermen.

In addition to removing the Sand-bar at that place, we are informed that the rocks have been blown out, which affords both a safe and easy landing on either side of the river.

CRUSHED TO DEATH.—A young man named Jacob Beans, of Centre county, was killed one day last week in Chest township. He was employed by Mr. John Hips as teamster, and fell off a stick of timber and was caught between it and a tree, and was crushed to death in two hours. He was properly cared for, and his remains passed through this place on Saturday for interment.

ACCIDENT.—We learn that William Dutts, of Glen Hope, while chopping wood on Tuesday a week, received a severe cut in his foot. His axe struck the fence while he was in the act of wielding it, thereby misdirecting his aim and entering his right foot immediately back of the great toe joint, almost severing it from the foot. It will in all probability lay him up for several months.

RECORDS' OFFICE.—Below will be found the number of Deeds entered for record in this office for the week ending Monday, February 21st, 1878, together with the names of the grantors and grantees, where situated, and the consideration:

Book of Samuel W. J. A. Pearson, for one acre in Heston township; \$100.

Book of Lazarus Armstrong to Harvey Patterson, for 126 acres in Lawrence township; \$4,000.

Book of Henry Doss to John H. Hunter, for 143 acres in Jordan township; \$1,200.

Book of Dr. Daniel Hoot to Bribble, Wood and McLean, for 240 acres in Woodward Tp.; \$30,000.

A MATCH STICK MANUFACTORY.—The Bellocette Watchman says: A new branch of industry has sprung up at Gilliland town, in Snowshoe, this county, this consists of a match stick factory, where are made the sticks or splints from which matches are prepared. The business is carried on by Horsthal & Co., who already employ about 30 persons, mostly females. They make thirty-five thousand of these sticks or splints per minute, and use six thousand feet of lumber per day. After they get fairly started, we are informed they expect to ship three carloads of sticks per week.

Here is a business that looks as though it might develop into some thing extensive and we sincerely trust it will abundantly reward the enterprise manifested in its inauguration.

EVIDENTLY "UNDER A CLOUD."—Some of the Bellocette editors a few weeks ago discovered "a mammoth cave" near that place. We suspected that there was more solid than substance about the matter although it was furiously and fearfully described. The Bellocette Republican of last week, says:

"We advise Editors outside of Bellocette, not to place too much reliance on the stories published about the discovery of a wonderful mammoth cave near this place. The aforesaid cave is not being large enough for a cheap boy of five years of age, to crawl into to get out from its mouth. In fact, it is nothing but a vacancy in the rocks, which is often found where limestone abounds. Those who first made the 'wonderful' discovery, and afterwards published it, are in the habit of seeing many things not visible by any other mortal."

SHOWED.—Gov. Geary has signed the Death Warrants of Bolander and Von Bollenberg, the murderers of Dr. Beightal family, near Huntingdon. They are to be hung at that place on the 21st of March, next.

THE WAR ON WHITE MEN.—The Radical party has always had two aims: to make citizens of negroes, and to take away and destroy the citizenship of white men. The latter is the aim of the disfranchisement and exclusion of the whites of the South; and all the machinery of the test oaths and pardons work to this end. A new bill, just reported by the Judiciary Committee, begins a new proscription of the European white man. It violates the pledged faith of the government by rendering null and inoperative the declarations of intention hitherto made under the laws of the United States. New declarations will have to be made to count from the date. The proceeding is protracted, and confined entirely to the Federal Courts, which are few and far between, and this alone will be a serious obstruction to naturalization by the expense and attendant on going to the Court with the witnesses whose testimony is required. The bill is a piece of political villany to which the Democratic press and Democratic members will do full justice. That it will pass both Houses of Congress we should think incredible, if we had not seen so many acts passed by the Radical majority in defiance of justice and decency.—Age.

THE GEORGIA SENATORS.—Chief Justice Brown and Associate Justice Warner, both appointed under Radical rule by that prince of Radicals, Foster Biddget, have declared that under the Reconstruction acts of Congress, Messrs. Hill and Miller were duly and legally elected to represent Georgia in the United States Senate. The Governor elected by negro vote certified to that fact, and the United States District Attorney holds the same opinion. Ex-Governor Joe Brown, rendered his opinion after Mr. Hill had been elected over him. Yet, with all this on the record, and stating them in the face, a Radical committee of the United States Senate decide that Mr. Hill and Mr. Miller are entitled to their seats. There was a time in this country when Senators of the United States regarded their oaths and were controlled by a sense of honor, but that was before the Radical party obtained control.

A LOYAL SENATOR.—The York Gazette says: "If the character of Senator Pomeroy, of Kansas, as pictured in the Leaveworth Times, an 'awful Radical journal,' be correct, it is no wonder the people exclaim, God save the Republic! The Senator in question is accused of selling his vote on the impeachment, is called 'miscreant,' 'wretch,' 'scoundrel,' is said to own Kickapoo lands, Potawatomi lands, a slice in all the railroads, steamship lines, cables, and to be the very prince of jobbers and dealers in legislation. This is a family quarrel, in which we have no desire to meddle, only remarking that this is the class of men Radicalism raised to power and keeps there in the face of their own confession that they are wholly unworthy to hold the smallest part of power or responsibility."

WEATHERCOCK STATESMANSHIP.—Congress has a new way of manipulating and fixing the Supreme Court of the United States to suit itself. When Lincoln was President and had the appointing of Judges, it made a law to increase their number, and when Andrew Johnson became President, it made another providing that no more Judges should be appointed after an incumbent died. Now again, when Grant is in office, we find another attempt made to increase the number of Judges, that certain parties of the loyal persuasion may get places in hand.

The most natural thing in the world for a Republican to do when a member of his party dares to speak out against dishonesty and corruption, is to charge that member with going over to the Democracy. They seem to consider it utterly impossible for a man to oppose corruption and maintain his position in the Republican party. Witness what such papers as the Pittsburgh Gazette say of such men as Geary, Lowry, Billington, and all others in that party who oppose corruption.

INTERFERED WITH.—A stranger visited the midday prayer meetings at the church, corner of Fulton and Wilham streets yesterday, was assaulted and put out of the church by the sexton. The stranger persisted in praying aloud, and the sexton, who was dissatisfied in the rules, "Be not wroth in well doing" is the Scriptural injunction the stranger was trying to fulfill, but he did not calculate on wrestling with the Lord and the sexton too.—N. Y. Herald of the 19th.

REFUSES A PRESENT.—The first present Mr. Grant has declined arrived Friday by express from Cleveland. This was a dog directed to the President. The express-carrier on him was \$10. Mr. Grant refused him at that price, saying there was no use for dogs at the Executive Mansion, whereupon the express agent retired muttering, and still keeps as a memento the dog offering which has been turned away from the White House since the 4th of March.

THE NATIONAL WARDS.—A meeting of Radicals is called in Washington to take into consideration the "political condition of the colored people of the South." It is not about time that something should be done for the moral condition of these people? It is deplorably low according to reports from all quarters. But if the Radicals can get the votes of the negroes, they are not who gets their bodies or souls either.

"LOIT" TOO.—A clerk in the Interior Department at Washington swore that Whittemore, a reverend member of Congress from South Carolina, offered to appoint him to the Naval Academy for a thousand dollars. This is the man who preached to the negroes against the sin of living in an unmarried condition, and then joined them for one dollar per pair. He is "stoolie" loit" of course.

An exchange says: Grant has declared he will appoint no man to the Supreme Court Bench who is not committed to the availing of all reasonableness. Those who first made the "wonderful" discovery, and afterwards published it, are in the habit of seeing many things not visible by any other mortal."

THE BARFORD POST suggests that if the radicals do not obtain a sufficient number of military districts to carry the Fifteenth Amendment, that the thing be run through a few Women's Rights Conventions, to complete it.
