John W. Shugert, Esq., offers to sell a house and lot, in Clearfield.

The Administrator of the estate of James A. Bishel, late of Brady township, offers some valuable real estate at public sale. See advertisement.

Persons holding conversation on the sidewalks should not spread themselves so as to hinder pedestrians from passing. Sidewalks are intended for thoroughfares, not for debating societies.

By reference to our advertising department this week, it will be seen that Mr. Lewis C. Bloom, who is acting agent for the sale of the Eliptic Sewing Machines, gives notice that he is now prepared to supply those in want of a good machine at reasonable rates.

A Select School will be opened in Burnside, Pa., on Monday, the 30th of May, under the instruction of Prof. J. S. Smith. That Mr. S., has taught in several localities in our county, and to the general satisfaction of all, is sufficient evidence of his qualifications for that important trust.

New Marble Works.—Mr. S. A. Gibson, who is about opening up a new marble shop in Clearfield, invites the public to call and see him. He offers to execute all work entrusted to him in a workman-like manner, and guarantees it to render satisfaction. See advertisement.

Resplendent.—The late rains have been productive of great good in this section of the country, not only in extinguishing the fires in the woods, thereby saving a great deal of valuable timber, but to the vegetable kingdom it has had a salutary effect—adding freshness and fragrance to the regal robes of our May Queen, enchanting the loveliness of lawns and gardens, indicating that in the fairy future how full will be banquet of fruit as well as flowers.

The Animals are Coming.—That Menageries and Circusses have commenced their annual peregrinations is fully established from the fact that the "paste wagon" of O'Brien's Grand Caravan and Menagerie of Moral Exhibitions, drawn by four handsome gray steeds, passed through this place on Saturday last—having made the necessary arrangements as will be seen by advertisement and mammoth posters to exhibit at Clearfield on Thursday, the 19th instant. Those who want to see some of Nature's living curiosities, should arrange their business accordingly. If they show but half what their programmes represent, it will be quite a treat.

Traveling Bumbugs.—An exchange remarks that the pleasant weather has put the itinerant nostrum venders on the "move," and every few evenings we may expect to see our public square taken up by a "cure all" blower of some kind. It is somewhat astonishing that people will persist in patronizing these adventurers, when we have reliable drug stores in our midst, where genuine goods can be bought of our own citizens, who pay rent and taxes, and are thereby assisting in building up and advancing the prosperity of the town. Every dollar spent with these peripatetic loafers is just so much money drawn from our midst to the detriment of our storekeepers. We advise our citizens to patronize our own business people, and let these candle-light peddlers "alone very severely."

Important to Buyers.—The undersigned is now in New York and Phil'a. markets, and about the middle of the present month will be in receipt of an entire new stock of summer dress goods, shawls, hosiery, gloves, parasols, fancy goods, &c., and at prices that will compare with any in the State. Before purchasing, call and take a look at the stock.

Wm. Reed,
Market street, Clearfield, Pa. †

The State S. S. Association.—The Annual Convention will be held at Harrisburg, Tuesday, Wednesday and Thursday, June 14, 15 and 16. Geo. H. Stuart, Esq., is expected to preside. Each Sunday school in the State is requested to send two or more delegates. Pastors and Sunday-school workers are also invited to attend and participate. It is requested that the names of those who expect to attend shall be sent to Rev. Thomas H. Robinson D. D., Chairman, or John M. Sayford, Esq., Secretary of the local committee of arrangements at Harrisburg, on or before the 1st of June, so that places of entertainment may be provided.

Secretaries of county organizations are requested to immediately send their address to the State Secretary, Lewis D. Vail, 703 Sansom Street, Philadelphia, so as to receive printed details. Where there is no organization, the Secretary wishes to correspond with some earnest Sunday-school worker, and requests that his or her name be forwarded to him.

Another invoice of fresh and pure drugs have just been unpacked at the Drug Store of A. I. Shaw, in this place. Mr. Shaw returned from the east a few days ago where he selected a very large and excellent stock of drugs, druggist's sundries, stationery of all kinds suitable for the law office, private uses and the school room. The community will do well to call and examine this very excellent stock, and while there a draught of champagne coffee and tea from his Soda Fountain, will greatly exhilarate the body and add to the pleasure of the visit to this really magnificent establishment. †

Great excitement has been caused in Philadelphia by the poisoning of sundry people with cheese. There is much wonder expressed in connection with this event, at the supposed fact that cheese often becomes poisonous from no discoverable cause. The cause is discoverable, however, and has been mentioned. Cheese in a certain stage of decomposition is unfitted for food because its components change their character and form chemical combinations which are opposed to health and life. Cheese kept in a damp and warm place for any length of time forms butynic acid, and if the cheese which poisons families were properly analyzed, this acid would be found to be the chief cause of their sickness.

Oats in an Eggshell.—The Cambria *Freeman* says: "We have in our possession a rather remarkable specimen of hen fruit, which the curious in such matters can see by calling at our office, if they come before the thing "spiles" on our hands. It is an egg containing several grains of oats, some of which are sending forth sprouts. The egg was broken by a lady in Johnstown, who designed to use it for the purpose of clearing her coffee, when the oats was discovered immediately under the shell, and deeming the circumstance a very unusual one, she kindly sent the egg to us for inspection and notice. Can any of our readers explain this curious freak of nature?"

A prominent Radical Congressman, (Covode we presume,) is said to be preparing a bill to strike out the word "white" from the title of the Presidential mansion so as to thoroughly conform to the Fifteenth Amendment.

In Harrisburg they have a "Recruiting" Office. Recruits come in slowly says the *Patriot*, although the national emblem (calculated to inspre patriotism) is flung to the breeze daily.

The Cincinnati *Times* pitches into the widow of the late lamented, in a manner quite unbecoming a "loil" paper. It says: "Widow Lincoln is a pauper," and her case an extraordinary one of pauperism, "as well as a national disgrace. It was understood that her husband was worth $18,000 when he became President, and $75,000 at the time of his death. Besides this, Congress gave his widow a year's salary, $25,000. Here was, therefore, a widow with an estate of $100,000—fully half of it in her own exclusive right—and now a pauper, disgracing the nation to the view of all the world by her beggary." * * * * Her case is evidently a most striking illustration of "dirt got up."

Singular.—Miss Mary Clark, daughter of Michael Clark, of this borough, who has not spoken above a whisper for nearly six years, suddenly recovered her voice the other day. It appears she had a violent spell of coughing, after which, to her great surprise, she found that her voice had been restored. Dr. Strickler had repeatedly encournged her with the assurance that sooner or later she would recover her voice and to her great delight his prediction has proved true. —*Perry County Dem.*

At a country vendue in Somerset county, recently, almost every article sold for its full value; cows, very poor in flesh, brought from thirty-three to sixty-eight dollars per head.—Common sheep, sold for fat stock, brought seven dollars and fifteen cents per head. Out of the four hundred people present, it appeared that one hundred of them had come to buy hogs; and the sheriff was astonished to find that in less than two minutes he had knocked off ordinary pigs of mixed breed, only six months old, and weighing alive one hundred pounds, at twenty dollars and fifty cents a head.

We could never see the use of those things the ladies delight to wear on their heads called waterfalls; but the following shows that they are useful nevertheless. A young lady at Burlington, Iowa, went to church and forgot her waterfall, leaving it in the window, and when she returned she found a little bluebird sitting in it, on two eggs.

The local elections in Illinois this spring show a decided gain for the Democracy, and a corresponding loss to Radicalism.—And this, notwithstanding the Radicals, in most cases, voted all the negroes they could find. In New York the same fact was observable, while the Connecticut election spoke in thunder tones the voice of an outraged and indignant people.

A cotemporary well says: "The ability of nearly every man to pay his debts depends upon his ability to collect debts due him. The individuals of a community are linked together by a chain of debt and credit, and in times of depression the refusal of one person to discharge a single liability often embarrasses a line of a dozen debtors and creditors. Hence the prompt payment of small debts becomes in times like these a public as well as a private duty. The same money which pays one debt in the morning may pay a dozen before night, and twelve men are thus relieved from anxiety and pressure by the action of one."

The Philadelphia *Ledger* says: "Mr. Mackey, the late State Treasurer, surrendered his keys on Monday, and turned over to his successor $1,762,000 in cash. The whole amount was in funds in bank, to the credit of the State, and not a dollar of due bills or checks, or any other class of paper, heretofore covered up at such times under the convenient title of "vault account." When Mr. Mackey took possession of the Treasury he received $211,000 of this "accommodation paper." He now returns a "clean Treasury," and we hope it will be kept so.

Elk county is said to have the largest tannery in the world. It is known as the "Wilcox Tannery," and was built three years ago. The proprietors have 22,000 acres of land on the Clarion river, all heavily covered with hemlock. The bark mills of the concern are in a building 55 by 100 feet, two stories high, and capable of grinding 75 cords of bark per day. These mills are driven by an eighty-horse power engine, and the only fuel used is spent tan. The leaching house is 58 by 210, and two story high. It contains twelve leachers of immense size. The "sweat pit" is 70 by 90, stone. Seven hundred vats are now in use. The company makes nothing but sole leather, and of this produce is one hundred and twenty thousand sides per annum, though when the tannery shall be completed two hundred thousand sides will be turned out, and 14,000 cords of bark used.
