Presbyterian Church—Rev. Mr. Heywood—Public Services every Sabbath, morning and even-

ing Col. Tate's Son has not set. It again illuminated our sunsets on Monday as bright as ever. All right! "Miracles will happen to the best regulated families," and printing goes on.

We are informed that a game of Base Ball between the Susquehanna's of Curwensville and the Hibernians of Laurel City, will be played on the grounds of the latter, on Friday afternoon, Sept. 2.

To BE REPAINTED.—The County Commissioners on Thursday last contracted with Henry Bishop for repainting the Court House. The whole exterior is to be painted and the Court room frescoed. This will improve the looks of the building very much as well as to secure it from decay. He leaves a large circle of relatives to mourn his demise.

DEAD.—David McDowell, an active and enterprising citizen of Franklin, Pa., who had the misfortune of receiving serious injury several months ago by his team running off, died on the 21st, from the effects of the injury received that day. He leaves a large circle of relatives to mourn his demise.

WAR MAPS.—The great European war has led to the hasty manufacture of any amount of "war maps." In our opinion, "Lloyd's map of Europe" is the best published. It is on a large scale and cheap. Price 20 cents in sheets, or \$1.25 mounted and varnished—Address E. Lloyd, Box 440 New York.

DEAD.—We are compelled to chronicle this week, the death of Mrs. Peter Lamm, who formerly resided in Deer Creek in this county. The Judge was well known to many of our citizens having acted in the capacity of Associate Judge in 1830-1. He removed to Beverly, New Jersey, in 1857, but lately resided at Newton Hamilton where his death occurred.

THE COUNTY INSTITUTE we learn, will be held in Clearfield, commencing on the 11th of October next. The Home and Foreign aid employed by the ex-Commissioners will certainly make it one of the most profitable Institutes to teachers, you hold. Every teacher should so arrange his home affairs as to be present. They like other people, are judged from the interest they take in their profession.

CONCERT.—Mr. and Mrs. J. P. Barnes, assisted by Mr. and Mrs. H. S. Goldmire, of West Philadelphia, gave a concert in the Court room on Saturday evening last. The programme consisted of Songs, Duets, Quartettes, etc. The performance was very creditable to the parties and pleased the audience very much. By special arrangement they propose to give several concerts during the Fair in October, of which the notice will be given.

A PICNIC for the benefit of St. Bonaventure's Church will take place at Grampian Hills, on Wednesday September 7th, in a beautiful grove on the church farm. The proceeds to be applied to paying off the debt on the church—Refreshments on the ground. Opportunities for amusement given. The use of spurious liquors strictly prohibited, and no disorderly person allowed upon the ground.

M. A. M. WEHRMAN,
Pastor.

CHURCH DEDICATION.—No preventing Providence the M. E. Church, at Galeton, will be dedicated on Sabbath the 15th day of September next. Morning service at 10 o'clock a.m., by Rev. J. R. McMurry, Presiding Elder, Allegheny District, Central Pennsylvania Conference. Immediately after which the ordinary services will be conducted by Rev. McMurry, assisted by Rev. W. H. Dill, Pastor.

PREACHERS.—A people of strict character and upstanding character and all our friends generally are specially invited to attend.

W. H. CARPENTER, Pastor.

TOWNSHIP OFFICERS.—In about six weeks the election will be around. We therefore call the attention of our Democratic friends to the fact, that each township and town will be called upon to elect a full set of officers. Good men should be selected, and the time is ripe at this early season of the year. To those districts whose friends propose to sit up regular meetings and desire tickets printed, they should meet in the name of the candidate as early as the 15th of September, and not later than cont'd week, because they might have the use of writing them out after this later period.

A GOOD MOVE.—We understand that a number of the officers of Lawrence and Boggs townships have largely complained at the Commission's Office, regarding the number of bridges across Clearfield Creek, at Wilson's Ferry. This is the right kind of enterprise, and will be a great accommodation to the public, and particularly to those residing in the neighborhood, and we hope that will be continued in this matter, because a public convenience or improvement need not necessarily be attained at private expense. Mr. Horner, who owns a large tract of land on the creek, has taken the lead in this matter, it is actuated by Mr. U. L. Parks, Wright, Tobe, Irwin, and others whose names we have not learned.

THE COUNTY BRIDGES.—We understand that a number of citizens residing in Pike, Marquette and Clearfield townships, have largely complained at the Commission's Office, against the respective Supervisors in those townships, with reference to the filling at the end of the bridges over Anderson's Creek at Curwensville, and the Chest Creek bridge at Newland, and Glass across the River at Beaufort. The complaint is, that the grade is too steep, that loaded teams run over these bridges with great violence, much to their injury. We learn that the Commissioners have modified the Contracts in these townships to satisfy the Supervisors, and if they fail to propose all up to a decent grade, to return them to Court on the next term. If such is the fact, the officers in question had better be giving the matter some attention.

ENTERPRISE.—We really admire the real and energy displayed by our Catholic friends at Frenchville. About a year ago they commenced the erection of a fine large stone Church building with every prospect of being able to complete it without incurring any debt. But circumstances were such that the members of the congregation and no control, has involved them in debt. The Priest, Rev. Dr. Bergman, went so far as to offer his home to the congregation in order to enable them to pay off the debt. A number of the members, to not be burdened by him, have stabled together and delivered to the Trustees a sum of five black horses. A committee has been raised and have formed a kind of general enterprise. They are issuing price tickets of \$1, and \$1, and when a sufficient number of tickets have been sold to cover the value of the horses, a draw will take place. There is a chance to get a horse for \$1, and for \$5, besides paying off a church debt. Who is so poor as not to be able to invest in a scheme of this kind?

Mr. Hart's advertisement in a farm climate in Union Township, and some lots in Luthersburg, for sale.

The Decatur Coal Company ship 45,000 tons of coal from their mine, during the past year.

The card of Dr. Meuns, formerly of Jefferson County, now located at Luthersburg, will be found in this issue.

It will be seen by an advertisement in this issue that Mrs. Prendergast offers a house and lot for sale in Clearfield.

It will be observed that the Messrs.

Brown have opened a meat and vegetable market in this borough. They are entrepeneur young men and are entitled to a liberal share of public patronage. Hold their armament.

SCUDGE.—We learn that Jacob Zimmerman, a citizen of Brady township, submitted a will on Sunday last, by having himself in his bed. He left the house about 8 o'clock in the morning, and at nine a member of the family went to the house and found him suspended from a joist. No cause is assigned for the facts act. He leaves a wife and several children.

LOOK AT HOME.—Miss Swann's select School for young Ladies and Girls, will open on the 2d Sept., in this place. As it has under her most excellent management become one of the permanent institutions of the place, we scarcely more than mention the fact of its opening. Good Board can be had at \$4 per week for those desiring to attend from a distance. Instructions in painting and drawing are given by an experienced teacher.

CLEARFIELD ACADEMY.—The exercises of this Institution will be resumed on Monday next, Sept. 4th. We are glad to learn that Prof. Harrison has secured a first class teacher in Miss Clark, who cannot return on account of sickness in her family. We understand that Miss Clark is an experienced teacher, ranking among the best in the country. Those wishing to give their children the advantages of a good and accomplished education would do well to send them to the Academy.

NARROW ESCAPE.—Judge Barrett, on Monday evening made very narrow living his life while taking a drive with Mr. King of Brookville, and several lady members of his family in the carriage his horse became unmanageable on the brow of Conestoga Hill, by the jolting of the heavy stage coach of one of his passengers. The frightened man and starting down the hill at full speed, the Judge doing his best to keep them in the road, hoping that he would avoid the rocks on Market street, to turn the team on the Green road and stop them; but throughs making the whole vehicle, lurching and swinging, landed in the ditch. Fortunately no one was seriously injured. The Judge had a sprained thumb and a slight cut on the side of his head, and the horses were slightly dazed, but the carriage was never demolished, and the horses somewhat quiet. It is a miracle that the whole party were safe.

CONNECTION.—On Thursday evening last, four students of Ligonier College were sent to swim in Mill Creek. One of them, John Cunningham, slid off a rock into the water, and not knowing how to swim, soon began to struggle and give vent to his exertions. James Cunningham, his companion, ran to him and started down the hill at full speed, the Judge doing his best to keep them in the road, hoping that he would avoid the rocks on Market street, to turn the team on the Green road and stop them; but throughs making the whole vehicle, lurching and swinging, landed in the ditch.
