The Republican.

GEORGE B. GOODLANDER, Editor.

CLEARFIELD, PA.

WEDNESDAY MORNING, OCTOBER 26, 1870.

THANKSGIVING.—Grant has issued a Thanksgiving Proclamation, and recommends Thursday, the 24th day of November, next, as the day to be observed. He expects to be home from the race courses by that time.

WANTED! WANTED!!—Somebody to go as Minister Plenipotentiary to England. Salary, $17,000; outfit, $17,000; and infit, ditto. Apply to Useless S. Grant, Long Branch.

N. B.—None need apply but those who have a large personal interest in the Alabama claims. Presents to accompany the proposals.

CLOSE WORK.—The Hon. Rasselas Brown, of Warren, who was the Democratic nominee for Congress in this dsitrict two years ago, was nominated for President Judge in the district composed of Erie, Warren and Elk, previous to the late election, and was defeated in that black district by only 276, by L. D. Wetmore, Radical, of Warren. That was close work for a district which gave Grant 4,200 two years ago. "Things are working"

GOES BACK AGAIN.—Last year Gen. Foster, defeated "Glory to God" Covode for Congress, by 42 majority, but a Radical Congress turned him out and put the latter in. The Democrats re-nominated Foster this year, and he is re-elected by a majority of 725. The scalawag Covode, was afraid to run against him because the old Cadet Seller would been defeated by 2,000. Yet the old villain will occupy Gen. Foster's seat until the 4th of March next.

CONGRESSIONAL VOTE.—The following is the official vote for Congress in this District. It will be noticed that the Scofield mill is pretty near ground out. His majority two years ago was 2,641:

Counties.	Marrin, D.	Scofield, R.
Clearfield	2608	1371
Cameron	399	437
Elk	787	342
Erie	4089	5595
Forest	276	366
Jefferson	1944	1812
McKean	700	832
Warren	1637	2230
Total	12451	13035
Scofield's majority		584
Loss		2099

VOTE FOR ASSEMBLY.—Messrs. Jas. M. M. McCay, of Forest, B. A. Weed, of Elk, and Robert Henderson, of Clearfield, the return Judges of this Assembly District, met in the Court House in this borough, on the 18th, and after summing up the vote in each county, the following was found to be the result:

Counties.	Hall, D.	Lathey, R.
Clearfield	2580	1579
Elk	741	249
Forest	288	221
Total	2609	2036
Hall's majority	1573	

A GOOD LICK.—The defeat of "Vienna" Schenck, in the 3d Ohio district for Congress, is one of the best licks the government robbers got. He stood at the head of the robber ring. As a General in the army he was a miserable failure, and was put into Congress and kept there by the buzzards and vultures who have grown fat off the government and people. Hendand Morton, of Indiana, are the two best samples of the demagogues now living. Search the United States over, and we venture their equals are not to be found in the line of low degrading statesmanship.

BACKS OUT.—Grant has been bumming around for six months, to get some one to go as Minister to England, in the room of the fellow he kicked out. Shortly before the election a western blow gun named Morton, from Indiana, volunteered to go after the election was over in that State. But that it was impossible for him to leave before, because if he left the State the Copperheads would carry it. Well, he stayed at home, and the "Cops" carried the State nevertheless for the Legislature, Senator and all.

Now the skunk turns round and informs Grant that he can't go, because if he goes to England he will have to resign his seat and the Legislature will send a "Copperhead" to the United States Senate. What a fix the "government" and its man Friday are in. Morton and Grant are a pair of jacks, and it is right they should play into each other's hand.

A DEAD FAILURE.—Hon. S. S. Bennett, the loyal member of Congress from the Buffalo district, some time ago sued the editors of the Buffalo *Commercial Advertiser* for libel, and laid his damages at the modest sum of *one hundred thousand dollars*. The case was tried last week, and well tried, but after an absence of about an hour, the jury returned a verdict in favor of the defendants. The libellous matter was alleged to have been contained in an article in the *Commercial* affecting the plaintiff's integrity as a merchant. What a contrast! Instead of pocketing a cool hundred thousand the aggrieved accuser has to pocket the affront and whistle for the damages. The Honorable member will find that suing editors, is not as profitable as voting away the people's lands in Congress, and pocketing the proceeds.

A Contrast.

An examination of the late election returns reveals some strange things. To illustrate a little: In Clarion county the usual majority for the Democrats is from 900 to 1,000. But to make a sure thing of Congressman, all personal ambition and animosities were laid aside, and they went into the canvass vigorously, and the result of this was that they gave Griffith the Democratic candidate 1,544 majority, and thereby sent a Democrat to Congress, from a district that last year gave 1,400 Radical majority.—On the other hand the Democracy of the State have to regret the loss of two districts in Eastern Pennsylvania, which they had reason to believe properly belonged to them. We mean, of course, the Fifth, or Bucks District, and the Twelfth, or Luzerne and Susquehanna District. So, too, the Thirteenth, or the Columbia and Bradford District, could have been saved by the same self-sacrificing energy displayed in the West. These districts have been lost to the Democracy by disaffection in our own ranks and a lack of that unanimity of action and thorough work that has characterized the party in other localities.

This is much to be regretted, and we trust that the lesson taught by the result will be appreciated.

MURDER!—Although Cameron county gave Scofield 27 majority, the whole Democratic ticket was elected by an average majority of 200.

The editor of the *Press* is lampooning his "loil" constituents awfully for having voted the Copperhead ticket. Hear him in his agony:

"Gentlemen Republicans, who gave the county to the Democrats, how do you like it? Do you really rejoice with the Democracy? and do you find the "abode in the Democratic camp" all pleasant? Will you remain in it with no regret? Is it a pleasing sight to witness the good old Republican party betrayed, slaughtered, bleeding? Will not the ghastly wounds haunt you, until you exclaim:

Thou can'st not say I did it; never
Shake thy gory locks at me.

"Betrayed, slaughtered, bleeding," is really good. Had it happened ten years ago, it would have been far better for the country.

JEFFERSON COUNTY.—This county has often done some strange voting. At the last election, Marvin the Democratic candidate for Congress, had 132 majority. Phipps Radical for Assembly, has 92 majority. Jacox received 97 votes, although he had withdrawn. Capt. Means, Democratic candidate for Associate Judge has 641 majority, and Altman Republican candidate for Associate Judge has 250 majority over Gillespie. Hum, the Democratic candidate for Commissioner is elected by 250 majority, and White the Republican candidate for District Attorney has 105 majority. Simpson, Republican, is elected Auditor by 38 majority.

The citizens had an act passed through the legislature last winter, to allow a vote on the liquor question.—The vote stood "for Prohibition" 736; "against Prohibition," 1,536; and 1,384 did not vote at all on the question.

RADICAL RASCALITY.—A number of the excessible "loil" admirers of the "late lamented," soon after his demise, organized themselves into a "Lincoln Monument Association" with a capital of $200,000. These interested parties up to July last, had raised but $22,000, all told. In July last, Congress voted the enormous sum of $100,000 in old cannon and war material. The result of this infamous act on the part of Congress, allows the Monument bummers to rob the fortifications of a large portion of the ordinances, which they sell at a set up sale to each other, for a mere song, and then palm them off on disinterested parties at full value, and credit the Monument fund with the first sale, and their pockets with the second.—Such is the power which propels Radical philanthropy.

AN EARTHQUAKE.—A severe shock of an earthquake was felt throughout the State of New York, and New England, on Thursday, the 20th, between 11 and 12 o'clock. In many localities houses were so visibly shocked to alarm the inmates, who sought refuge in flight. It seems to have been confined to a triangular area bounded on the east by the Atlantic coast, and on the west by lakes Erie and Ontario, and on the south by a line drawn along the parallel of latitude from Cleveland to New York. It was of short duration, and, so far as we have learned, did not result in any loss of life or serious damage to property.

LEFT IN DISGUST.—Gen. J. D. Cox, Secretary of the Interior, has resigned his seat in the Cabinet of Grant. It is said that his removal was brought about by Gen. Cameron, and the "blood letting" Chandler, from Michigan. The former is the most noted corruptionist outside the Penitentiary, and the latter the greatest drunkard outside an Assylum. Their work is, no doubt, for noble purposes, and together with Grant will inaugurate something startling.

A CORRECT MEASURE.—The Pall Mall *Gazette* an English newspaper referring to the appointment of the Hon. O. P. Morton as Minister to the Court of St. James says: "A thoroughly incompetent person is selected to represent the United States in England, and is instructed first to bully and next threaten war. This incompetent person hesitates, probably preferring a domestic skirmish with the democrats to a war with England." The editor of journal in question certainly knows Morton as well as though he resided in Indiana.

"Dead Issues."

While many so-called Democrats are busily and frantically engaged in accepting the XIVth and XVth Amendments, because, as asserted, they are no longer "live issues" of a political canvass, the people of Missouri are beginning to comprehend that the minute the party of the Constitution shall cease to war against the validity of those abominations, the rights of the States and true Republican liberty are gone forever. Commenting upon President-General Grant's interference in Missouri affairs, and the tendency of Radicalism to ride roughshod over every monument of civic freedom, the St. Louis *Republican* says:

"The national Republican party has virtually declared against the right of the people of a State to regulate their domestic affairs in their own way, and assumed for the Federal Government the right to regulate those affairs for them. It declares against all concessions of power to the people that would jeopard the dominant party's tenure of power; it declares that test oaths, disfranchisements, and proscriptions are the proper and healthful agencies of republican government, in peace, as well as in war; and that whatever liberties the people of a State are allowed to possess, they hold simply at the sufferance of the Federal authority. The event is an alarming assertion of the supreme authority of the central government, and of its right to invade the State with its civil agencies, to control elections, and decide domestic questions. Such an issue, so authoritatively made, cannot be confined to our State. It will be made to extend to other States, and will, in the end, become a leading national issue, with the Republican party avowing the extraordinary claim, and the Democracy sternly denying it.

"Every day the South is justified in her struggle for State Rights, and, every day, the war Democracy are being taught the bitter lesson that when they made it possible for the South to be vanquished, they struck a murderous blow at the beautiful system of government framed and transmitted by the Fathers. And what is the reason now that so little enthusiasm is exhibited all over the country, not withstanding most important elections in four great States are close at hand? It is because the cowardly, time-serving Democratic leaders have debauched the people, and striven, in effect, to reconcile them to the belief that the grossest usurpations are not to be questioned any more, and that the most important matter in the universe is for a few office-seekers to retain possession of their flesh-pots. The people will never rally on any such base issues, and they will be as ignominiously led as the French forces have been, so long as men are permitted to head the column who are doing their utmost to save their loyal consciences and fat positions by sharing the crime they committed in 1861 with what they call "dead issues" in 1870. There never was more stupendous folly than to suppose that Democracy can win a victory worth having by stealing the night shirt of Abe Lincoln for an oriflamme. The Radical President and the Radical party mean to destroy the States by centralizing the Government. And foolish Democrats have the hardihood to believe that this despotic undertaking can be defeated by endorsing usurpation and accepting the enemy's platform! Was there ever such madness? Was there ever such stupidity?"—*Augusta (Ga.) Constitutionalist.*

COLUMBIA.—One hundred and sixty-seven nigger votes, formed the reserve of the Radical army in Columbia on Tuesday. On this reserve the Radicals based their hopes for a glorious victory. The Democrats were to be routed horse, foot and dragoon; not a vestige was to remain to show even the wreck of a party, and Tow Hill was to blaze in its glory! But, alas for the emptiness of human calculations, what do we see? A Democratic victory! The last hope of Radicalism is fading away. The staff upon which it leaned has proven to be a broken reed, and it lies upon the earth wallowing in its weakness and nastiness. The people have spoken, and the pepper and salt legions have vanished from sight; fled like affrighted demons from the presence of a superior power. Columbia Borough stands redeemed from its long thraldom, and no effort of Radicalism shall again, forever, bind our people to the wheels of its Juggernaut. Three times three; and again a valley of cheers for the old and tireless Democracy of Columbia.—*Herald.*

BEECHER'S NEW HELL.—Beecher's Plymouth Church, Brooklyn, was crowded on Sunday last to hear the great preacher on the subject of the future punishment of the wicked.—Mr. Beecher's views are set forth pretty plainly in the following paragraph from the New York Sun of Monday last. He says:—

"It was clear from the divine revelations and from the teachings of experience that transgression of law was associated with punishment; that sin and penalty were inseparable. Grossly material images had been used to indicate the sufferings of the wicked in the future state. But hell was not a material flame. A hell could exist in the soul of man, scarring and tormenting it and causing intenser torment to it than actual fire could inflict upon the mere body. These terrible ideas of hell derived from the middle ages were the emanations of filthy and depraved minds, were an indignity to the intelligence of man, and a slander upon God."

The *Patriot* says the colored troops fought nobly in the Sixteenth Congressional district for the radical ticket. Not less than a thousand of them—a whole regiment—voted for John Cessna, and he is still defeated. For every negro "torry" who was marched up to the polls for Cessna, a white republican citizen walked up and voted for Meyers. That's the way it was done.

GIGANTIC PROFITS.—We notice by the report, that the earnings of the Union Pacific Railroad for September amounted to the sum of $728,520.93. While the expenses were only $286,158.08, leaving the net earnings $442,362.85. This is certainly a handsome profit.

Missouri has furnished the latest definition of "disloyalty." It consists in an effort to confer on white men equal political privileges with negroes.

Huntingdon has now a United States Senator, a Congressman and a State Senator. Bully for "ye ancient borough!"

SAMBO.—The Philadelphia *Age* says: Deduct the negro vote from that cast by the white Radicals of Ohio, at the late election, and the Democrats carry the State by ten thousand majority. In this city, the same general fact is apparent. White men deserted the Radicals by the thousands. They would not be put on a level, if not below negroes. But the solid negro vote bridged over the chasm this time, and allow the party in power to rob, plunder and pillage for another year. A mighty change is, however, taking place in the minds of the people.—They now see and understand the real purpose and meaning of negro suffrage. They behold herds of ignorant negroes driven to the polls like cattle, to vote solid for the Radical party. Impartial suffrage is a farce. It has no meaning, as interpreted by the managers of the Radical organization.—The negro has a right to vote for their candidates. He has no right to vote against them. This is the position of the men now ruling the Radical party in all parts of the country, and white citizens are deserting the black standard, and acting with the Democracy. This fact is demonstrated in an unmistakable manner by the recent result in Pennsylvania and Ohio.

A GREAT REPUBLICAN VICTORY.—The Lancaster *Intelligencer* says: Democrats are not disposed to be vindictive. Even in the midst of an election triumph they rejoice with moderation, and mingle feelings of pity for their opponents with the joy of the hour. We are sure there is not a Democrat in Pennsylvania who will envy the Republicans the great victory they claim to have achieved in South Carolina. All four of the Radical candidates for Congress have been elected—*three out of the four are negroes.* That is a fitting result of the policy of the party, a true Radical triumph. Let the cannons be brought out, and the welkin be made to ring with shouts over this magnificent Republican victory. The time is not far distant when the party will be left to depend upon negroes for all its triumphs. White men will not support a policy which degrades their own race and elevates to power representatives of a horde of semi-barbarous Africans.

SLANDERING "THE GOVERNMENT."—At a regular meeting of the Sons of Temperance at the Cooper Institute, New York, last week, Mrs. Dr. Mary E. Walker, attired in her peculiar style of dress, delivered an entertaining and effective temperance speech, in which she alluded to President Grant in terms the reverse of pleasant, giving instances in which he had become so befuddled with intoxicating drinks that he had to be taken home by his friends. Mrs. Dr. Walker added that his intellectual powers had become so torpid that they were not equal to Fish's.

LOOK AFTER THAT NEGRO.—The Philadelphia *Ledger* says, Benjamin S. Turner, the colored Republican candidate for Congress in the Selma District of Alabama, is making a vigorous canvas on the platform of *"universal amnesty, universal suffrage, and universal repudiation of the National debt."* That negro thinks his brethren will gladly vote to repudiate the debt in order that they may be relieved from the little taxes they pay, and we have no doubt he knows his people well. Turner needs looking after by the magnates of his party.

JIST SO.—Hon. H. L. Richmond, in a recent address before the State Convention of the Methodist Episcopal Church, held in Philadelphia, said: "Being a Methodist, it follows as a logical sequence, that I am a Republican!" How follows as a logical sequence? If the Methodist Church is simply looked upon as a recruiting station for party purposes, then the position is correct. But if "my Church is not of the world," then we fail to see why being a Methodist should necessarily make a man a Republican. But perhaps we are of the earth, earthy.

The Republican majority in the Senate of Pennsylvania last session, was *three*—at the next it will only be *one*. In the House of Representatives, the majority was *twenty*—now, if the Radicals have ten or a dozen to spare, they will be lucky. In the face of the infamous Apportionment bill, which now disgraces Pennsylvania, this result is extremely gratifying. If the Democracy fail to capture the Legislature at the next election, it will certainly be their own fault.

The New York *Herald*, speaking of the Democratic triumph in Indiana, says: "Senator Morton, to prevent such a victory to the Democracy came to this city a few weeks since, and succeeded in securing fifteen thousand dollars, the greater part of which was raised in the Custom-house, to be invested in the recent canvass." Money was lavishly used by the Radicals in the late contest. Greenbacks and negroes are the only hope of the party in power.

The Pennsylvania delegation in the present Congress, stands eighteen Republicans to six Democrats. In the next Congress, Pennsylvania will be represented by *thirteen* Republicans, *ten* Democrats and *one* Independent Republican. Yet, the Republican journals are claiming a Republican victory on the 11th instant. Let us have a few more of the same sort.

They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remaining unwell.

$1000 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative efforts.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

BARNABAS ARMSTRONG.
Lumber City, October 19, 1870-3mpd.

WILTBERGER'S FLAVORING EXTRACTS are warranted equal to any made. They are prepared from the fruits, and will be found much better than many of the Extracts that are sold. Ask your Grocer or Druggist for Wiltberger's Extracts. BARLOW'S INDIGO BLUE is, without doubt, the best article in the market for bluing clothes. It will color more water than four times the same weight of indigo, and much more than any other wash blue in the market. The only genuine is that put up at ALFRED WILTBERGER'S DRUG STORE, No. 235 North Second Street, Philadelphia. The labels have both Wiltberger's and Barlow's name on them, all others are counterfeit. For sale by most Grocers and Druggists. WILTBERGER'S INDELIBLE INK will be found on trial to be a superior article. Always on hand and for sale at reasonable prices. Pure Ground Spices, Genuine Medicines, Chamois Skins, Sponges, Tapioca, Pearl, Sago, and all articles in the drug line, at
