Divine services will be held in St. Andrew's Episcopal Church during Passion week, (commencing April 3d,) morning and evening, excepting Saturday, by Rev. Geo. Hall.

Mr. D. R. Fullerton will open on Thursday next, in his new store room on Second street, next door to Masonic building, a fine assortment of Hats, Caps, Boots, Shoes, Carpets, &c. His advertisement will appear next week.

Special attention is invited to advertisement of Amos Hillborn & Co., 44 N. Tenth street, Philadelphia. This is an old and reliable Furniture, Mattress, Feather and Bedding Warehouse. Purchasers can purchase from them with the most implicit confidence.

Mr. R. H. Shaw, the Cigarist, will please accept the thanks of the Printers of this office for a box of fine Cigars, which he deposited on our table a few evenings ago. By the way, Dick keeps the best Cigars and the best Tobacco to be found anywhere, and deserves the liberal patronage he is receiving.

Farms for Sale.—Mr. William McCracken of Ferguson township offers one of the finest and best improved farms for sale in that section of the county. He can be addressed at Lumber City.

Mr. Fleming also advertises a farm for sale.—Read their advertisements.

Furniture for All.—It will be observed by an advertisement in this issue that Daniel Benner is now prepared to supply by steam, all the furniture necessary to furnish a house.—Dan is none of your slow coaches. The era of steam having overtaken him he has fell into rank and is, therefore, progressing with the age and is shelling out furniture by steam. Call and see him.

Dead.—We are compelled to chronicle the death of Daniel Livingston, Esq., Internal Revenue Collector for this Congressional District, which took place at his residence in Curwensville, on Thursday last. He had been failing in health for several years, the fatal destroyer, consumption, having preyed upon him until he was nothing more than a moving skeleton, frightful to look at. His demise causes a vacancy in the Assessorship, the duties of which he so faithfully and honestly discharged. The Government will indeed be fortunate if it again secures so upright an officer.

Supervisors' Orders.—The County Commissioners have prepared a blank form and mailed a copy to each board of township Auditors, which if preserved will enable them to issue orders on the Board in a more uniform manner. Heretofore each township has had a form of its own, yet no two alike and often so informal that the Commissioners scarcely knew what they wanted, and very often had to return them for a more definite expression.

Supervisors are in the habit of making pilgrimages to the County Seat, for the purpose of obtaining their assessed Road order, and of course charge their respective townships from three to five dollars, or perhaps more, for the trip. This expense is altogether unnecessary, and can be avoided by mailing the order they require from Auditors to the County Commissioners, who upon the receipt of such order will draw their order on the County Treasurer, and mail it back to them. In this way one hundred dollars of Road funds can be saved annually and applied to the roads.

The Primary Election.—For those interested in particulars, and Democrats generally, we will state that the Democratic Primary Election comes off this year on the 24 Saturday (10th) of June. An Act of Assembly, passed last winter, having fixed the first Monday as the time for holding our regular term of Court, and the Judges having ordered a two weeks term, the election therefore comes off on the Saturday of the first week of Court, and the return Judges will meet on Monday of the second week. As the election occurs on Court week, it will give candidates a rare chance to electioneer and set things up to suit themselves.

At the rules governing the party require the names of candidates to be announced three weeks previous to the election, all names will be announced through the Republican in due time which are handed in by the 19th day of May, provided the necessary fee accompanies the order.

The Chairman of the County Committee will by the time indicated prepare and have the rules published at length, as well as the names of the Vigilance Committees for each borough and township.

A Mistake.—Constant application is being made to the County Commissioners, by Supervisors and Overseers of the Poor, for copies of the last adjusted assessment. It is no more the duty of the Board to furnish them with that document, than it is to go and make their gardens for them, make their roads, or keep the peace.—The 56th Section of the Act of Assembly approved the 15th day of April, A. D. 1834, (Purdon's Digest, page 843,) makes it the duty of the Assessors to furnish a correct copy for the use of the Supervisors and Overseers of the Poor, and assist them in making out their tax Duplicates. The 40th Section of the Common School law approved the 8th day of May, A. D. 1854, (Purdon's Digest, page 172,) requires the Board, upon the application of the School Directors of any district, to furnish them with a copy of the last adjusted valuation, and this we happen to know will be done by the first or middle of May. As the law here for school purposes is not made until after the first day of June, this will be in ample time. If any of the Assessors have failed to keep a copy of the last adjusted valuation, the best that can be done by such neglect is to wait until the School Directors receive their copy of the assessment from the County Commissioners.

Democratic Meeting.—In pursuance of a published call a Democratic meeting was held in the Court House on Tuesday evening. The call. The object of which was the appointment of Senatorial and Representative Conferees. The meeting being called to order, on motion of Hon. T. J. Boyer, assembled by Frank Fielding, Esq., Dr. J. W. Potter, Thos. H. Forcey and Jno. McAuley, were appointed Senatorial Conferees, to meet like Conferees from other counties in this District, to choose a Senatorial Delegate to the approaching Democratic State Convention, with power to substitute.

D. L. Krebs offered the following, which was adopted:

Resolved, That Jacob A. Faust, Jno. P. Hale and Wm. T. Hamilton, be and are hereby appointed Representative Conferees, to meet like Conferees from other counties in this District, to choose a Representative Delegate to the approaching Democratic State Convention, with power to substitute.

The following resolution, offered by Hon. T. J. Boyer, was adopted:

Resolved, That we recommend to the Conferees the name of Gen. E. Greenfield as a suitable person for Representative Delegate to the State Convention.

On motion of Frank Fielding, Esq., the meeting adjourned.

J. BLAKE WALTERS,
Chairman County Committee.

Mont Rahmon.—It is very gratifying to us to announce the completion of the "low grade railroad" at an early day through the south western portion of our county. This road starts at the Philipsburg and Erie Railroad, at the mouth of Bennett's Branch, and passes up that stream, at a grade of not over 20 feet per mile, to the Summit, near the Benton and Union township line, where a short tunnel connects the waters of the stream in question with those of Sandy Lick Creek; descending this stream westward, at a grade of not over 20 feet per mile until it reaches the Allegheny Valley Railroad at the mouth of Red Bank. The distance between the two points being a little over 100 miles.

This road will pass through Benton, Union and Brady townships, and will add tremendously to the wealth and population of those townships.

The most remarkable feature about the road will be that its ascending and descending grades are two hundred per cent. lower than that of any of the five great lines of railroad that now connect the East and the West. The lowest point in the great Allegheny chain of mountains has been left in this road, which must from this very fact become the great freight line between the East and the West. The lowest grade occurs on the New York Central, and is 22 feet to the mile, away on the Canada border at that; while that on the other extreme occurs on the Baltimore and Ohio Road, beyond Cumberland, mounts up to 326 feet.

Thus hundreds of millions of dollars have been expended in building railroads over high grades to the West, while the honor of constructing a "low grade road" is left to the Allegheny Valley Railroad at this late day.

Since writing the foregoing the annual report of the road in question has come to hand, from which we make the following extract, which shows conclusively that the road will be completed at no distant period. The President of the Allegheny Valley Road, in referring to the Bennett's Branch portion of the line, says:

"Of this road we have eighteen miles graded complete. The bridge and arched culvert and masonry is all complete for a double track. About six miles, or one-third of the eighteen already finished, the road-bed is graded for double, the remainder for single track.

"In June, 1870, a location was made from New Bethlehem to the mouth of the Mahoning, rising a maximum grade of 26 feet per mile, ascending eastwardly. It was found that even with this grade, which the cost of construction and nature of the line was such as to make it unbearable and if adopted we should be compelled to introduce a grade of 52 to 79 feet for about three miles and still have very expensive work, including a tunnel 2,300 feet long, extending between Mahoning and Red Bank.

"Attention was then turned to

THE RED BANK LINE,

and an experimental survey was made from New Bethlehem to the mouth of Red Bank, following by a preliminary location, which proved that a good line with reasonable cost could be had by that route. This requires the building of about six miles more of new road to reach the main line of the Allegheny Valley. It is estimated, however, that it can be constructed for $600,000 less than the other, (such is the difference in the nature of the work,) and what is even more important, no gradient of over sixteen feet per mile is required. The result is that a good line with comparatively light work has been secured from Brookville eighteen miles west of Red Bank, a distance of about ninety-four miles, making the distance from Brookville to the Allegheny river about 112 miles.

"It having been decided late in the fall to change the grade, a location became necessary, which was tedious, owing to the inclement weather. The location is now completed, and the line so determined upon has a maximum ascending grade westward of eighteen and one-half feet per mile from Driftwood to a point five miles east of the Summit, where a grade of thirty-seven feet per mile, for a distance of five miles, is used to reach the Summit. From this point westward, a very favorable line has been secured, with an ascending grade westward, and a maximum of only sixteen feet to the mile eastward, from the mouth of Red Bank to the Summit.

"Your board hope to be able to put under contract early in April the line from the north of Red Bank to the Summit, as well as the tunnel at that point, and all the heavy work eastward."

To Our Patrons.—We have this day sold our entire stock of Hats, Caps, Shoes, Carpets, and Oilcloths, to Mr. D. R. Fullerton, who intends making that branch of business a specialty. Mr. Fullerton intends keeping a first-class line of goods, and persons in need of any thing in his line will do well to call on him at his new store on Second street, next door to Masonic building. Having disposed of the above branch of business, our entire attention will be given to the Dry Goods and Notion business, which will be complete in every respect. Read Bros.

An Important Announcement

AND ARRANGEMENT OF FACTS,

BY S. PORTER SHAW, D. D. S.

Preserve your teeth and you preserve your health. That disease can be partially, if not entirely, prevented, and the general health greatly improved and maintained, by proper Dental treatment, is no longer a mooted question.

Decayed teeth may now, and all should be, secured from further decay and thousands of useful and ornamental teeth saved to the whole organism.

Hence the importance of having these natural and useful organs put in a healthy, preservative, and useful condition.

Putting this question off until the dental operations is so great as to be almost unbearable and then coming to the dentist to have the teeth saved or removed, is certainly a great mistake.

Through invitation and you encourage and develope disease; remove it, and you improve and regain good health.

☞ This is presented to the public with a desire and hope that it may benefit many, by awakening them to the importance of attending to this matter.

Prices, for quality of full set of teeth, much lower than in 1860. Teeth removed without pain, by the use of anæsthetics.

Examinations and consultation free.

A Notorious Fact!

There are more people troubled with Lung Diseases in this town than any other place of its size in the State. One of the great causes of this is, the use of an impure article of Coal, largely mixed with sulphur. Now, why not avoid all this, and procure your fuel, by using only **Humphrey's Celebrated Coal**, free from all impurities. Orders left at the stores of Barnard Mossop and James B. Graham & Sons will receive prompt attention.

THE CLEARFIELD

WOOD-CHOPPERS' AXE!

Manufactured especially for

THE CLEARFIELD TRADE,

FOR SALE BY

H. F. BIGLER & CO.

Lutheraburg Marble Yard!

The subscriber respectfully announces to the community and the public generally that he is now extensively engaged in the manufacture of Monuments, Head and Foot Stones, Stand, Table and Bureau Tops, etc. No higher tribute can be paid to a departed relative or friend than the erection of an enduring slab as a witness to endure remembrance when they have laid him or her.

I have engaged Mr. John W. Gallagher as my agent to sell, and to whom workmanship and style must not fear witness. Orders solicited and promptly filled. Work delivered wherever desired.

How to Save Money.

THE times are hard; you'll like to know How you may save your dollars; The way to do it I will show, If you will read what follows.

A man who lived not far from here, Who worked hard at his trade, Had a household to support That squandered all he made.

I met him once. Says he, "My friend, I look tired bear and rough; I've tried to get myself a suit, But can't save up enough."

Says I, my friend, how much have you? Tell me you where to go To get a suit that's sound and strong: To REIZENSTEIN & Co.

He took what little he had saved, And went to Reizenstein & Brothers', And there he got a handsome suit, For half he paid to others.

Now he is home, he looks as well, And their others is such, That when they take their daily mail, They don't cut half so much.

And now he finds on Saturday night, With all their wants supplied, That he has money left to spend, And some to lay aside.

His good earnest, with cheerful smile, He gladly tells to all, If you'd save money, go and buy Your clothes at—

REIZENSTEIN'S CLOTHING HALL.

Where the cheapest, finest and best Clothing and good Furnishing Goods can be had to suit every taste and in every style apr11,'70
