The people are at a loss to dytermine whether these interlopers were the forcrummers of the Ka Klux or the Whisky Ring. However, as they passed out eivilly, no person disturbed them, but if they return and make another attack the citizens will defend them relves and their property, because there are no 0. S. troops to be graved up North, as they are all South nominating Grant for 1572. Birds of a feather, you know, will flock together.
