Why is Governor Geary so much more than the publication of these transcripts of the public records? Why did he almost or altogether cease the Auditor-General and State Treasurer for giving me their certificates, which simply certified what was part of their records, and in addition there to, that no demand had been made for commission or per centage on the amounts paid by Gov. Geary into the State Treasury, and that no commission or per centage had been paid?

A Remarkable Confession. The Evans robbery causes the Radical boxes to rattle about Harrisburg. Even the old Radical organs of the Telegraph, one of the State organs of the "grand moral idea" party, made an open confession on the 31st ult. This confession, we will state, was not brought about from the fact that the editor in question prefers truth to error, but because he hates Greeley, and therefore the taxpayers are likely to have the truth related to them.
