

GEORGE B. GOODLANDER, EDITOR AND PROPRIETOR.

CLEARFIELD, PA. WEDNESDAY MORNING, OCTOBER 4, 1871.

Democratic State Ticket. FOR AUDITOR GENERAL, GEN. WM. McCANDLESS, OF PHILADELPHIA.

FOR SURVEYOR GENERAL, CAPT. JAMES H. COOPER, OF LAWRENCE COUNTY.

Democratic District Ticket. SENATOR: WILLIAM A. WALLACE, of Clearfield.

Democratic County Ticket. ASSEMBLY: JOHN LAWRENCE, of Clearfield.

ASSOCIATE JUDGES: WILLIAM C. FOLEY, of Clearfield. JOHN J. READ, of Lawrence.

PROTHONOTARY: AARON C. TATE, of Clearfield. REGISTER & RECORDER: ASHURV W. LEE, of Clearfield.

TREASURER: SAMUEL P. WILSON, of Bradford. COMMISSIONER: F. P. COUTRIET, of Karthaus.

AUDITOR: REUBEN McPHERSON, of Clearfield. COUNTY SURVEYOR: S. F. McCLOSKEY, of Curwensville.

LEHIGH.—This county promises to go 500 better than ever before. In fact nearly every body is going to vote the Democratic ticket up there.

A Good Place.—"The government" was rusticated at Chicago on Sunday last, and from thence pointed eastwardly. Its destination is not known. Probably, Washington.

ON A VISIT.—Four of Grant's Cabinet Ministers were on a visit to Washington on Friday last. One, Belknap, actually remained at the Capital over Sunday.

TEARS OUT.—Let no man in Clearfield county who calls himself a Democrat fail to go to the polls on Tuesday next and deposit his vote for the whole Democratic ticket.

GO!—Every Democrat who remains at home, and fails to poll his vote for the Democratic nominees on Tuesday next, contributes to the re-nomination of Grant and his plundering present taking crew.

SELBERG.—"The government" has been huxtering through Ohio, Indiana and Illinois for two weeks past, and is likely to get back to its winter residence at Washington, where the old fogey Presidents used to stay the whole year round. The great smoker has indeed taken a new departure.

GOOD BYE, DOCTOR.—We notice among the names of the Radical nominees of Elk county, that of Dr. C. R. Early for county treasurer. This is just where the Doctor has been drifting ever since Sam got hold of him in 1854. Like Forney, he is going to die in the last ditch. The best of friends must part. Good bye, Doctor.

SEVEN THOUSAND.—The strife in the Radical ranks in old Berks seems to be irreconcilable, and our friends really claim 7,000 majority. The feud is very bitter between the Post Masters, Assessors and Collectors of the U. S. Revenue. The "bread and butter brigade" is in open rebellion to "the government."

THREE STAR SET.—The defeat of the hero of Fort Fisher—Butler—who canvassed Massachusetts for Governor as the Grant candidate, is an evidence that State than the Best and "the Government" combined. No delegates from the Plymouth Rock State for Grant. Yet we want to see the great present-taker nominated.

TRUTHFUL OLIVE.—Olive Logan says that in Europe the woman suffrage movement is generally classed with Mormonism, Oneida communism and freemasonry, which shows that the people of Europe are good at classifying. And the American who does not take a similar view of this method of social debauchery is either a fool or a knave.

GO TO THE ELECTION.—Democrats go to the election on Tuesday next, and assist in overthrowing the Radical hosts on that day. Because, if you stay at home, you will only reflect on yourself after the election is over, and will be reprimanded by your more enthusiastic neighbor who has discharged his full duty to his country, himself and his party.

ON PARADE.—It is reported that Geo. O. Evans, Gov. Geary's \$300,000 State robber, can be seen any fine day in Broadway, New York, with a number of other loyal, wealthy and fashionable gentlemen, who rusticate in that thoroughfare. Where are the detectives and the State authorities who are hunting him? Why don't they gobble him up?

LATER.—Evans has been arrested by New York officers, and his loyal Pennsylvania friends have sent out a habeas corpus for the purpose of releasing him.

Democratic Meeting.

In accordance with previous notice, a large number of Democrats assembled in the Court room on Tuesday evening, for the purpose of listening to wholesome truths.

The meeting being called to order by J. B. Walters, Esq., Chairman of the County Committee, on motion of John A. L. Flegal, Wm. M. McCullough, Esq., was called to the chair, and, on motion of Clark Brown, Major V. B. Holt, Gen. W. R. Hartshorn, Lorenz Hertline, J. W. Shugart, J. W. Potter, Isaac Caldwell, John D. Miller, and Samuel Jenkins, were elected Vice Presidents, and H. W. Smith, W. W. Worrall, and S. A. Caldwell, Secretaries.

The meeting being organized, the Chairman proceeded to state the object thereof, and in a very excellent manner fired some red hot shot into the enemy's camp.

At the conclusion of Mr. McCullough's remarks, he introduced to the audience our nominee for Auditor General, General William McCandless, who at once went to work, and in a speech of about an hour and a half, overturned and laid bare all the Radical robberies and rhapsodies of the day. At the conclusion of his speech, Senator Wallace was called out, and, although somewhat weak and exhausted from incessant labor in speaking and traveling, gave the old enemy many hard thrusts, and proved conclusively that the Democrats could only be defeated this fall through one contingency—by not going to the polls on election day. A general turnout, and he guarantees the State by 15,000 majority for the Democratic State ticket on the 10th of October. At the conclusion of Mr. Wallace's speech the meeting adjourned.

LAW AND ORDER.—It appears from the published proceedings of the New York Radical State Convention, which assembled at Syracuse on Thursday last, that it was nothing more or less than a legal mob, made up on the vicious side of Custom House officers, Assessors, Collectors, Post Masters and Detectives, all of whom were for Grant & Co. of course, while the minority, headed by Greeley, Fenton & Co., hailed from the people. The Convention became so tumultuous on several occasions that the police had to be summoned to quell the riotous, and this too in an assemblage composed of gentlemen "controlled by grand moral ideas." While Grant's office-holders have forced an expression in favor of his re-nomination, they at the same time have split the Radical party in New York from one end of the State to the other, and makes it sure for the Democracy by 50,000 majority.

THE RADICAL MEETING.—The men "controlled by grand moral ideas," as is their annual custom, had a meeting in the Court House on Wednesday night of Court week. It was the slimest affair we ever beheld on a similar occasion.

Chairman Fulford led off on local affairs—assessments, new prison and high taxes. For ignorance, falsehood, and downright stupidity, he certainly succeeded beyond any one we ever listened to, in the shape of a front-seat professor of religion. If he lies as professedly in church affairs, it is a wonder that the fate of Annanias was not befall him. As a falsifier, Fulford is a success.

TRY YOUR TEST.—The Radical southsayers allege that certain New York politicians are thieves, because they were once poor and are now very rich. Are these loyal wise men willing to have the same rule applied to President Grant, and thousands of other brethren of their persuasion whom we could name, who were as poor as Lazarus before the war, and are now rich, and yet had no capital invested anywhere, unless we except loyalty? If the Tammany leaders are thieves, because they were once poor but are now rich, how is it with "the government" which has become so immensely rich within two years?

VOTING AND TAXES.—The laws in relation to voting and the payment of taxes remain unchanged. If the voter is between twenty one and twenty-two years of age, and has resided in the borough or township where he offers to vote ten days before the election, he can vote without paying a tax. But if he is over twenty-two, he cannot vote until he pays either a county or State tax which has been assessed within two years, and not later than the 30th day of September last.

RADICAL CANDIDATES.—The following are the names of the Radical candidates for county officers, none of whom are as well qualified as those presented by the Democracy. How foolish, therefore, for any one claiming to be a Democrat to vote for any follower of the great Present faker: Assembly—Wm. G. Watts, of Osnoda. Prothonotary—David S. Mendenhall, of Clearfield. Register & Recorder—A. W. Grady, of Clearfield. Treasurer—John McLaughlin, of Clearfield. Commissioner—J. Mitchell Kent, of Lawrence. Auditor—Edward J. McGarvey, of Karthaus.

ALL RIGHT.—Grant has not only endorsed the conduct of his relations, —Casey and Gen. Longstreet—at New Orleans, in calling out the troops and bayoneting out of the Radical convention all opposed to them, but he has actually removed upward of twenty thousands who complained of the outrage. That's right; prick them again, they are none of our family. We hope "the government will make itself felt," and thereby put a quietus upon growlers.

The East Pennsylvania Synod of the Evangelical Lutheran Church, recently in session, passed a set of very strong resolutions denouncing William Wallace in unmeasured terms.

Mrs. McFarland Richardson has opened a store in Chicago.

Election Returns for 1870.

Below will be found the vote of Clearfield county for Congress and Assembly in 1870. This will enable those in the habit of figuring up majorities to arrive at the official figures.

Table with columns for CONGRESS and ASSEMBLY, and rows for various districts and candidates.

HEAVY WORK.—Fulford, Murray and Gordon are on a foraging tour through the upper end of the county. They will occasionally deliver themselves of some loyal, superfluous gas, provided a crowd of ten or a dozen green ones can be found to listen to them. John, the Fulford, will get off some "sledge hammer" falsehoods, an article of which he is an excellent conner, although a first class church member.

HATCHED AT LAST.—After many sittings the Radicals have at last succeeded in hatching a Senatorial candidate in opposition to Mr. Wallace.

GENERAL Jesse L. Merrell, lately of the State of Maine, but now of Look Haven, has had the empty compliment conferred on him of running for Senator in the district by the Radical weathercocks. That the Democrats will give him "Jesse" on Tuesday next there is no doubt.

QUACKERY.—The New York World calls Victoria Woodhull the Queen of Quacks, and Theodore Tilton her prime minister. The Tribune calls her the visible essence of the defunct Demosthenes. No two greater Quacks are to be found, and we hope Vic and Theodore will continue their cooling until some family arrangement is perfected, because it would be a pity to ruin two families by separating these celebrated Quacks.

THE ROAD TO VICTORY.—This is no time for dissensions among Democrats. The Democrat who would throw a pebble in the way of triumph is recreant to his high trust and deserves to be punished. Every Democrat in the land, in a crisis like the present, should sink his animosities, yield his individual preferences, and conform to the ways of the party, by sustaining its nominees. Let us have harmony everywhere in our organization and victory is insured.

HOW THE PEOPLE'S MONEY IS SQUANDERED.—One hundred thousand dollars have thus far been expended upon the humping Ku Klux Investigating Committee, gotten up in order to aid the Radical party, in a political sense. And they have not produced a particle of proof to substantiate the stories circulated by the Radical press in relation to Ku Klux outrages in the South. One fact, however, they have developed, which is the invariable attendant upon Radical rule, and that is that the carpet-bag governments of the reconstructed States have incurred debts to the amount of \$220,000,000, for which there is nothing to show. The whole sum has gone into the hands of venal officers and legislators, and rapacious speculators, by a system of bold corruption and swindling, the like of which has never been seen. These figures, it should be understood, are furnished by the carpet-bag officials themselves, in response to a request from the Committee for information as to the financial condition of the Southern States.

INDEPENDENCE.—After robbing generations yet unborn of their acres, and creating a landed aristocracy more formidable than any which the world has ever witnessed since the feudal ages, the radical politicians ask for the support of the laboring poor of the United States. The poor man who can forgive the Radical party, for all the wrongs they have inflicted on him, and his, has reached that condition of abjectness and humility, that he is ready to return thanks for being wronged and to ask pardon for being in the right.

A PRETTY GOOD SON.—Ex-Governor Hamilton, of Texas, says he never saw any members of the present State government steal anything, but "when we see a poor, miserable cuss, who never had \$100 in his life, come to Austin, borrow money to pay his expenses, and presently find him losing \$1,000 a night at faro, driving around in a fancy team, making liquor bills and all sorts of bills, and buying a buggy and a horse to go home in, we know he is a thief as well as if we had seen him steal."

UNITED STATES COURT.—The next regular session of the Circuit and District Court of the United States for the Western District of Pennsylvania, will be held in the city of Pittsburgh, commencing upon the third Monday and 10th day of October. Justices McCandless and McKennan, presiding.

The Radical party in Congress have squandered more than two hundred millions of acres of the heritage of the people on railroad monopolies, and yet they boast of their sympathy for the laboring masses of the country.

The whole Democratic ticket if you are opposed to granting an extension of power to the infamous Cameron ring.

President Grant is said to smoke only ten cigars a day now, by the advice of his physician, instead of thirty-five, as was his former custom.

Wisconsin girls hire out to gather apples, and climb the trees as well as a man, and much more gracefully.

Republican Blessings.

The Republican party has been in power ten years, and these are the results:

It established negro suffrage! It disfranchised thousands of white citizens!

It usurped the Federal Constitution. It usurped the sovereignty of the States!

It ignored the Courts of Justice! It established civil war in certain parts of the United States!

It created military departments out of States! It created military commissions to try civil cases!

It suspended the habeas corpus in time of profound peace! It denied to white citizens the trial by jury five years after the war ended!

It encouraged the negroes in idleness! It gave over two hundred millions of acres of the public lands within the last two years to corporations of rich capitalists!

It disregarded solemn obligations! It broke every pledge it ever made to the people!

It squandered the public treasury! It refused to prosecute the thieves of public moneys!

It attempted to corrupt the ballot-box! It appointed spies in every community!

Nor is this all. The Radical leaders have been guilty of the most heinous crimes of the times for which they would have been hung had they committed them ten years earlier. But those in power at this time being as deeply implicated in rascality and villainy as those who are arraigned before them for trial are afraid to prosecute the violators of the law, for fear of being exposed themselves. Democrats can you or will you give your votes to such a man in position and power? We hope not.—Maryland Free Press.

THE POLITICAL VAGABOND.—Wm H. Seward, who was far more instrumental than any other man, living or dead, in producing the rebellion, and who so freely imprisoned men of the highest character, in defiance of law and in violation of his own oath, on the general charge of lacking in patriotism, for which he never possessed the least iota himself, it is said is about returning to the country which he betrayed and deluged in blood. Ever since he left office he has been traveling in foreign countries, seeking excitement and notoriety, probably in a vain effort to shake off the natural suggestions of a troubled conscience. For him there is no peace on earth, and his prospects beyond are probably still gloomy. We being to take off, and through the earth was practiced by his master, with motives only more malignant because he was the impersonation of the infernal. We don't exactly see how Seward can hope further to assist his friend in "devoicing" whatever is good on earth. He is justly abandoned and hated as savagely by the men who were his tools in the Pierce and Buchanan administration, who felt his treason and his tyranny. There is a sort of derisive justice in the fact that he is impotent now.—Columbian.

A GOOD POLITICAL DOCUMENT.—The National Democratic Committee has issued a brief but important statement of Government expenditures under Grant's Administration, as compared with Democratic Administrations. The Lincoln Administration is omitted in the comparisons, because it had the expenses of the war. The cost per capita, exclusive of interest on the public debt, according to the Pierce Administration, was \$1.50; according to Buchanan's \$2.10; and according to Grant's \$4.70, including the principal and interest on the public debt.—The amount per head in a population of forty millions is under Grant ten dollars and twenty eight cents. The figures further show that Grant spends per year \$100,795,355, exclusive of principal and interest on the public debt, being more than Polk, Van Buren, Pierce and Buchanan spent in four years. The total amount of taxes collected for the last fiscal year is placed at \$411,255,000. These tables are all compiled from official reports submitted to and printed by Congress.—Eric Observer.

THE DEMOCRATS.—The Philadelphia Age says: Ex-Governor Pollock, in a recent speech, said he was not a Democrat, "because that political organization seemed to order that no man should worship God according to the dictates of his own conscience." Ex-Governor Pollock belonged to the secret order of Know-Nothings. He was elected Governor by that pro-slavery body, and acted with them in all things. As a member of that order, he took a solemn oath to oppose at the ballot box all men who worship God according to the dictates of their own consciences, if they find the truth in the Catholic Church. He is still bound by that oath, willingly we suppose, and yet he talks about the religious proscription of the Democratic party. Such an attitude is at once childish and impudent.

REFORMERS.—Twenty millions of dollars is a small sum of money in Uncle Samuel's pocket, so the Collectors of Internal Revenue concluded that, inasmuch as he would not miss it, they would appropriate it to their own use. This is the mode of proceeding of each other in sums ranging from ten thousands to half a million dollars each.—Secretary Boutwell, to show his appreciation of their zeal, made out a list of them, with the amount assigned to each and sent it to Congress with his compliments. The exact footing of this little steal is \$20,700,938.31. Some cross-grained Democrats suggested the propriety of arresting the defrauders and making them disgorge. The proposition was received with horror. The money of reformers must not be interfered with.—Pittsburgh Post.

ANOTHER STEAL.—We have another case of robbing the treasury that has come to light within a few days. This time it is the Postmaster of Atlanta, Georgia, who cribbed \$30,000 that belonged to the tax payers. He was a "reconstructed" rebel, who put on the livery of loyalty to serve the Radicals and the devil.

YESTERDAY afternoon the special train East, bringing the delegates to the General Railway Ticket Agents' Convention, made the fastest time ever known on the Pennsylvania Railroad. From Harrisburg the schedule distance 107 miles, the time was made in two hours and thirty-four minutes—or somewhat less than a minute and a half to the mile. So smooth and easy was the running that perhaps few of the passengers, except those of them who were professional railway men, knew that anything extraordinary was being done. This remarkable speed was made by Engineer Samuel Dean, and under the eye of General Superintendent Cassatt and Division Superintendent Lockard, who both were on the train.

BUTLER was defeated in his aspirations for the Massachusetts Governor. In the election Convention he lost to Wednesday, by a majority of 643 to 264. The struggle was long and bitter, and the wonderful effrontery of the Essex demagogue kept up the spirit of his partisans to the moment of the ballot. Butler cut humble pie after the result was announced, and flickered out completely.

DEMOCRATS, be on your guard on election day. Listen to no Syren songs! Trust no man who dares not tickets! Read your ticket from top to bottom, to make sure that it is all right, before you deposit it in the ballot box! Vote the whole Democratic ticket, without a scratch or a blur.

Three men who robbed the Merchants Bank in New York, on Thursday night, were arrested on Saturday at Livonia. The stolen property—\$8,000 in bonds and \$2,500 in money—was recovered.

Another "New Departure."

The Philadelphia Age says the Pittsburgh Post advocates, with its usual ability, an amendment to the Constitution of the United States, which shall repeal the requirement of birth for the Presidential office. Certainly, none of the notices that prompted that provision exist now. The framers of the Constitution had in view the evils that had attended elective monarchy in Poland. Foreign princes were the competitors, and their intrigues and contests did much for the destruction of that happy kingdom. It was thought not improbable that England, France, and Spain all then holding large possessions and powerful influence in America, might furnish candidates for the chief office in the United States. This danger, if it really existed, has entirely vanished. In General Jackson's time, we remember, it was alleged that he had been born before his parents left Ireland, but the latter opinion is that he was born in North or South Carolina. It really ought to make no difference which of these three places he was born in; yet had it been in the old country, he would have been ineligible to the Presidency. Such a discrimination is unnecessary now in the Constitution, and when it is next "amended," we certainly shall be glad to see the change made which the Post proposes.

MOVING.—It appears Grant & Co. are moving for some of the rebel scabs who have some how or other found their way into several departments of the Government. The Washington Patriot says: "The government" has done it at last. An ex-rebel soldier, one of Longstreet's men, we believe, has had his official rank taken off, and is no longer a clerk in the Interior Department. The subject was considered in Cabinet, and finally referred to Attorney General Ackerman, who decided that an ex-Federal soldier was incompetent to hold an official position under the Constitution as amended. In his own case, having been a member of the Georgia Home Guards, and an officer of "Toombs' Regiment," he is excepted from the prohibition, for the reason that neither he nor Toombs ever expected to do any fighting. Longstreet's case has not yet been reached."

HOW THEY DO IT.—The Radical leaders everywhere boast of what great things they have done in paying off \$230,000,000 of the National debt.—But they fail to tell the people that they have taken nearly \$250,000,000 of their money to do this with; yet such is the fact—\$25,000,000 or \$50,000,000 have been paid as a loan to our bond holders for the privilege of redeeming \$230,000,000 of bonds, which were not due for ten or a dozen years to come. The whole scheme was only another trick by which to still further favor the wealthy nabobs of the country, at the expense of the laboring and producing classes. Such is the respect the Radical leaders have for the hard working, poor men of the country, and yet they have the audacious hardihood to attempt to continue them in power and place; but will they do so?

ANOTHER SWINDLE.—There is no end to the swindlers at Washington and elsewhere since the Radicals came into power. One of the greatest of these is the Public Land Swindle. Between the 4th of March, 1850, and July, 1871, General Grant approved 100,000 parcels of land, which were to be paid by a Radical Congress, giving away 157,000,000 ACRES of the public land—enough to make seven States as large as Pennsylvania. This land was intended to be held and sold to poor men and their sons for homesteads, at \$1.25 per acre, but instead, a Radical Congress and President have given it away to great corporations who charge three to four dollars an acre for it. The Democratic party is opposed to this land swindle, and if it gets power it will put a stop to it. Unless stopped shortly there will not be an acre left to sell to poor men.

GOVERNMENT FINANCES.—Another sensation has been aroused by a recent exposure, by one of the New York World's Washington correspondents, of the real condition of the national finances. He shows that the boasted reduction of the public debt is in great doubt, and proves it by showing up the conflicting statements of Treasury officials. He also furnishes plain evidence of penuliation and fraud going on in nearly every branch of the Department, and concludes that the people are becoming bankrupt through pro-slavery misadministration. The fact is the people will only learn the real truth in regard to the condition of the public finances when the Democratic party shall get into power. At present each one of Grant's officers helps to conceal the truth, and make up a false show of prosperity, in order to re-elect Grant and keep themselves in office.
