the official leaders of the Radical party, to defeat our county ticket, can be justified by no code except that adnered to by the common outlaw. To give one of many illustrations in our possession, we produce the following letter, addressed by the Chairman of the Radical party, to a well-known Democrat in the upper end of the county, previous to the late election :

CLERGUITLD, Nov. 7, 1871. CINACUITI, NOW, 7, 1871.

DEAR SIN:—As we are now upon the wee of election; I feel like patting you and all the Republicans of Lumber City and Forgaren township upon their general and would are to you that our men should all go for Wm. C. Folor. Although he is a condition on the Pennseruir licket, he is, in principle, a Hepothican, and as Republicans see are satisfied with him. He and Mehaffey will make good Associates. Phone keep this private. Do not let the Democrate see it or they will all out Yeley and go for Boyaton, rather than wate Foley.

Your Respectfully.

Deception No. 2. The writer was unfriendly to both the candidates and used his official position to defeat one of his party nominees. Fraud No. 3. Fulford did not want to see Mr. Foley elected because he loved him more than Mr. Boynton, but because he hated the former less. Fraud No. 4. What is to be said about an individual who rises to the head of an organization and then sells it out? Fulford is the only living example, and Benedier our country is concerned. But, if the article taken from the Pittsburg Post, and, "in all criminal prosecutions, the and centralization of the government not worth keeping.—Pittsburgh Post.
