DENTAL CARD. DR. A. M. HILLS

DR. A. M. HILLIS Would say to his patients and the r-lis generally, that, having dissolved partner with Dr. Shaw, he is now doing the entire r with Dr. Shaw, he is now doing the entire rewith Dr. Shaw, he is now doing the entire of fair affice himself, so that patients need usi-being put under the hands of any other oper Having obtained a reduction of the patent plate material. I am enabled to put my tred-cheaper than formerly. I also have Dr. S-patent process for working rabber plates. A make a much lighter, more clastic and st-plate for the same amount of material, and infase the plate on both sides, rendering it more easily hept elean. Special attention puts preservation of the material, and infase the plate of the material attention the preservation of the material attention puts end of the same and attention puts more easily hept elean. Special attention puts more easily hept elean. Special attention puts end of the same and attention puts more easily hept elean to be an attention puts the preservation of the material to the same more. The bourt from a bitance should me a few days is forchand of their inten-come. Always at heme, unless other pol-pears in both the county papers. The
