IMPORTANT TRUTUS

IMPORTANT TRUTIES:

Having successived in getting a lighter tariff or material, hence the fore and successive charge for partial and full sats of Teath. I use the best manufacture of teeth and other material. An operations registered and surranted to give on vice and satisfaction.

Friends, reflect that my charges for the name time of artificial and the saving of the natural teeth are now the most reasonable in Pennsylvania. Preserve your testle and you preserve your lessle.

Putting of the natural teeth in a healthy, pesservative and uncful condition is mode a specialty. Diseases and maiformations common to the ment, law and associate parts, are treated and corrected with fair success. Examinations and considerables.

with fair squeeze. Examinations and consultations THER.

It would be well for patients from a distance to tet me know by mail a few days before coming to the office.

It is very important that children between the ages of six and twelve years should have their teeth examined.

Amesterica are administered and Treth removed without pain.

Dispositions and character are judged by all the world by the expressions of the face, hance how very dimetrous may it therefore be for persons to indulge an expression of distorted features, even spart from a bygionic view. Now, in cally natural (not artificial) conforts and pleasure, respect and obey natural simplicities and instinct.
