Pastor's Bible Class on Saturday at 7½ p. m.

St. Francis' Church—Catholic—Rev. T. J. McMahon.—Mass at 10½ o'clock A. M., on the second and fourth Sundays of each month.

RELIGIOUS.—By divine permission, Rev. Geo. A. Peltz, of Philadelphia, will preach in the Baptist church, on next Sabbath, June 2d, at 11 o'clock A. M., and in the evening. The public are invited to attend.

COURT.—The regular term of our June Court commences on Monday, the 3d, and will continue for two weeks. The first week, we presume, will be principally consumed in trying Commonwealth cases, while the second week will be dedicated to the trial of civil causes.

STILL AROUND.—The Williamsport *Sun* says: The small pox continues to prevail in Nippenose Valley, this county, notwithstanding the most strenuous efforts to check it. At last accounts fourteen or fifteen were down with the disease, and the greatest consternation prevailed.

ENTERPRIZING THIEVES.—According to the papers Philipsburg and Tyrone contain some extraordinary thieves. At the former burg they steal the hinges and latches of the cemetery gates, and at the latter place they steal Bibles. And the parties are really threatened with exposure!

AUDITORS' REPORT.—The annual statement of the Auditors of Osceola borough appears in detail in this issue. Treasurer Lawshe presents a clear record and free of charge. If all the boroughs and townships would only adopt the principle of settling and publishing their accounts, much criticism and personality would be avoided, and the law fulfilled.

A DEPARTURE.—We learn that Mr. A. H. Shaw is negotiating with a number of capitalists from Pottsville for the erection of a fire brick establishment near the turn table, on the railroad. If the parties close the contract, they will give employment to at least one hundred hands. This is the right kind of a departure. Let us have a saw mill or two after the Osceola plan, and a car manufactory, and we will astonish old Rip Van Winkle when he returns in five years after.

A GOOD IDEA.—The Philipsburg *Journal* says: "In the revision of the borough ordinances we hope there may be a section imposing a fine for hitching a horse to a tree planted in the street. Owners of property who have been to the expense and trouble of planting trees, for the purpose not only of beautifying their premises, but the town, should have some protection against the destruction of trees by thoughtless or careless persons who seem to consider them expressly cultivated for hitching posts." This borough is well adapted for an ordinance of a similar character.

BOLD ROBBERY.—Col. E. V. Piollet, of Wyoux station, near Towanda, while on his way home from Harrisburg, on Wednesday of last week, stopped with our late townsman, Dr. G. R. Linderman, at his residence in South Bethlehem, expecting to go home the next day on the Lehigh Valley Railroad. On waking up in the morning, to his utter astonishment he found that he was minus his entire suit of clothes, even to his drawers. Upon his giving the alarm it was found that the Doctor had been relieved of some valuable silverware. The Colonel was truly in a sad predicament; he had to return to bed again until garments large enough to fit him could be procured.—*Carbon Democrat.*

SETTLEMENT OF A PAUPER.—As constant litigation is springing up between boroughs and townships, and much public money spent in ascertaining the settlement of paupers, we deem it but proper to lay the following case before our readers, which we find stated in the Danville *Intelligencer*, as bearing upon one phase of that class of cases:

We last week published among the legal proceedings that took place during Court a case where the overseers of the poor of West Hemlock township had litigation with the overseers of the poor of Madison township, Columbia county, as to the legal settlement of a pauper. The facts of the case, as developed before the Court, were: Jane Flora Zeisloft is an illegitimate child of one Mary ——, who at the time of the said child's birth resided in Madison township, where she had a legal settlement. About three years after the birth of Jane Flora, the mother married one Thomas Shultz, not the father of the said child. After the marriage of Shultz with the mother of Jane Flora, they removed to Derry township, Montour county, where he purchased property, became a freeholder and paid taxes, the child Jane Flora living with them. Subsequently Shultz and his family removed to West Hemlock township, same county, residing there something less than a year, and then in the year 1865 moved to Valley township, in the aforesaid county, became a renter and paid taxes. On the 1st of April following he moved back again to West Hemlock township, purchased a farm and resided upon it until 1868, at which time he died, leaving Mary and four children to survive him; Jane Flora during all this time residing with them. After Thomas Shultz's death, the property left by him was assessed for the subsequent years 1868, 1869 and 1870 as the estate of Thomas Shultz, and although the widow paid the taxes it was paid to the township as due on Thomas Shultz's estate and receipted for in that way.

The child, Jane Flora, becoming a public pauper, two Justices of the Peace, on the 4th of August, 1871, issued an order removing Jane Flora Zeisloft, an illegitimate child, from West Hemlock township, Montour county, to the legal settlement of the mother at the time of birth of said pauper, of Madison township, Columbia county. The overseers of the last named township appealed, and the Court was asked to set aside the order.

The principal question that came before the Court was, whether being an illegitimate child, and never having acquired a settlement of her own, the child Jane Flora shall be deemed to be settled in the place where the mother was legally settled at the time of her birth, or whether her settlement followed the derivative or otherwise acquired settlement of her mother through all their changes.

Judge Rockafeller, in a lengthy opinion, showing much research, sums up thus: "The opinion of the Court therefore is that in Pennsylvania every illegitimate child is to be deemed to be settled where the mother was settled at the time of the birth of such child, and that the settlement of the child does not follow the settlement of the mother in its subsequent changes."

His honor also discussed the question whether the said Mary, the mother of Jane Flora, ever acquired a settlement of herself after her husband's death. He infers not, although if the above opinion is correct, we can't see as that would alter the legal settlement of the child, even if she had.

The motion to set aside the removal was denied and the order affirmed.

We have given the main points of the case as our unlegal mind sifted them out.

We are informed that the case is to be carried up to the Supreme Court on appeal, that learned body having never yet had a case of the kind before it for decision.

CLEARFIELD, WAKE UP!—That our town and vicinity possesses the elements to give employment to thousands of additional mechanics and laborers, all admit, and that our citizens possess the capital to erect saw mills, car shops, planing mills and fire brick establishments, is evident to the most stupid, yet none of these are done, except in the most limited sense. Let our capitalists proceed to erect works of the kind indicated, and our population will double within the next five years. Let us have saw mills, car shops, etc., and less bank stock, and we will do the fair thing for ourselves and the county. Six banks in the county and only one saw mill, is enough to ruin any community. Abolish half the banks, and take the capital and erect car shops, saw mills, etc. The former are an embargo on business and give employment to nobody, while the business indicated would add just as much to the capital in ten years as the banks and add immensely to the general wealth and population of the county. This policy must be adopted, or Clearfield county will be put on a line of decay, unless strangers come in and knock our per cent. dealers in the head and introduce and build up live business establishments.

More than this. The period is not far off when neither rafts nor saw logs can be successfully floated to the lower markets from above Clearfield creek. The timber owners on Clearfield creek, Chest creek and on the head of the river must either slack water these streams to get their timber out, or erect saw mills and planing mills and manufacture it on the ground and transport it by railroad to market. The clearing out of all the small tributaries which feed these streams and the clearing of the land will so diminish the volume of water in them that it will take two years to get either rafts or logs out of them. This is a law of nature, as visible to the naked eye as the falling autumn leaf.

ONE OF MANY.—The Hollidaysburg *Standard* says: "A Tyrone editor is joining all the secret societies in the county. He is determined to have a big funeral."

A gentleman from Bethel Hill, Me., says that Messrs. Allen Bros., proprietors of Phillip Allen's Print Works, R. I., were down to Bryant's Pond recently, trouting, when one of them was attacked with sciatic rheumatism so suddenly that he had to be carried from the pond to his hotel, a bottle of Johnson's Anodyne Liniment was resorted to, and he was out the next day.

How are you to-day? I'm not feeling well, bilious and sick headache, have been looking around for a box of Parson's Purgative, Pills but our traders are all sold out.—*Country Paper.*

COUGHS AND COLDS.

There are few persons who are aware of the importance of attending to a cough or a cold at its first appearance. The thousands who die annually of consumption, were first attacked with a "slight" cough or cold, which they thought would soon "wear" itself off, and therefore neglected to use the proper remedies until they became incurable.

Every day that a cough, cold, or any lung disease is neglected, makes the chances of a cure more uncertain. We would recommend all suffering from any disease of the Lungs whatever, to use HALSEY'S COMPOUND SYRUP OF TAR. It never fails in curing the worst cases of coughs, colds, hoarseness, sore throat, catarrh and asthma. It is an infallible remedy for Whooping Cough; being prescribed by some of the leading physicians in the Northern and Southern States, and being prepared under the immediate supervision of a graduate of the Pennsylvania Medical College.—The proprietors beg leave to inform all that it is no "Quack" preparation, but made strictly in accordance with the advanced principles and theory of medicine. Price 50 cents per bottle.
