- Wo MAN.

  While Adam slept, God from him took A bone; and, as an omen He made it like a scraph look, And thus created woman. He took this bone not from his pate, To show her power ample; Nor from his feet, to designate That he on her might trample; But 'reach his arm, to clearly show He always should protect her; And near his heart, to let him know, How much he should respect her. He took this bone, crooked enough, Most crooked of the human, To show him how much crooked stuff He'd always find in woman.

ALASKA FASHIONS .- Now that Al aska with all its treasures is ours, the fashions followed by the female natives ought to be of interest to our ladies According to a British Columbia pa per, our sisters at Sitka wear a body dress of equal proportion of furs and dirt, arranged to suit the taste of weares. The marieb ladies all wear laces; let the love of admiration be-come the controlling passion; and by and by all the tenderness of that young creature passes away; her thoughts concentrate upon herselfwhat figure she is cutting, who he admirers are, what conquests she can make; and by and by the youthful, beautiful modesty is gone, and the way is open for vice that in the be-ginning would not have been dreamed ginning would not have been dreamed of, or if thought of, put away as utterly impossible.

One of the great causes of this is, the use of an impure article of Coal, largely mixed with sulphur. ANNOUNCEMENT

TRAT OF THE GREAT REDUCTION OF PRICES

BY S. PORTER SHAW, D. D. S.

IMPORTANT TRUTHS:
Having succeeded in getting a lighter tariff on material, hence the low and moderate charge for partial and full sets of Teeth. I use the best manufacture of teeth and other material. All operations registered and warranted to give service and satisfaction.

Friends, reflect that my charges for the insertion of artificial and the saving of the natural teeth are now the most reasonable in Pennsylvania. Preserve your teeth and you preserve your health. Putting of the natural teeth in a healthy, prescrutive and useful condition is made a specialty. Dissusses and malformations common to the mouth, law and associate parts, are treated and corrected with fair success. Examinations and consultations reker.

with fair success. Examinations and corrected with fair success. Examinations and consultations where.

It would be well for patients from a distance to let me know by mail a few days before coming to the office.

It is very important that children between the ages of six and twelve years should have their teeth examined.

Aniesthetics are administered and Teeth removed without pain.

Dispositions and character are judged by all the world by the expressions of the face, hence how very disastrous may it therefore he for persons to indulge an expression of distorted features, even apart from a hygicale view. Now, to enjoy natural (not artificial) comforts and pleasures, respect and obey natural simplicities and instinct.

S. PORTER SHAW, D. D. S.

Office in New Masonic Building, Second street, Clearfield, Pa.

DENTAL CARD.

Dn. A. M. HILLS Would say to his patients and the pub-lic generally, that, having dissolved partnership with Dr. Shaw, he is now doing the entire work of his office himself, so that patients need not fear being put under the bands of any other operator. Clearfield, March 20, 1872-1f.

J. M. STEWART, D. D. S., Office over Irwin's Drug Store, CURWENSVILLE, PA. All dental operations, either in the mechanical or operative branch, promptly attended to and satisfaction guaranteed. Special attention paid to the treatment of diseases of the natural teeth, gums and mouth. Irregularity of the teeth successfully corrected. Teeth extraored without pain by the use of Ether, and artificial teeth inserted of the best material and warranted to reader satisfaction.

A Move in Curwensville!

J. R. IRWIN, Druggist, CURWENSVILLE, PA.

AS removed his Drug Sture to his new rooms, three doors west of his old stand, and takes this opportunity of thanking his old customers for their liberal patronage, and hopes by close attention, combined with a select stock of goods, to merit its continuance on the part of all his old customers, and secure that of many new ones.
