In his business and social relations he enjoys the respect and confidence of everybody. He served us in the lower branch of the Legislature last winter with ability and honor to himself and his constituents. Mr. Lawshe commanded great respect in the House, and was appointed upon more important committees than any other new member, although belonging to the minority. His re-election is of course a foregone conclusion, yet it becomes the duty of every Democrat in the county to deposit his ballot in his favor, provided he wants to be represented at Harrisburg by an honest, intelligent Representative, who cannot be handled by Simon Cameron and his corrupt crew. For County Commissioner for three

years, John D. Thompson, of Curwensville, has been put in nomination by the suffrages of the people. We have been personally acquainted with him for twenty-eight years, and know him to be a Democrat by nature and desire. He belongs to the workingmen's association, without being artificially initiated; having pounded away at his anvil for over forty years, and through industry and economy has accumulated a competency for himself and family, as well as a high character for integrity and rare business qualities. He served the people in the capacity of Associate Judge, from 1860 to 1865, in a very creditable manner, and will of course make a far better Commissioner than his competitor, Mr. Leonard.

GILBERT S. Tozen is an old resident of Chest township, a farmer by occupation, and is an old school Democrat. He is our nominee for the vacancy caused by the death of Mr. Buck. wealth can help to make such a man as John F. Hartranft Governor. The damning indictment against him has been proved mainly by his own letters and such unimpeachable witnesses as Yerkes' books of accounts. Let this fact be remembered. The Treasury Ring have been rendered desperate by the directness, positiveness, and cumu-lative force of the evidence against their candidate, and, having no other resource, have fallen to making violent attacks upon the honest and independ ent men who are fearless enough to defend the right against the most corrupt cabal that ever ruled a free and intelligent people. They have gone systematically about the task of desroying the character of those whom troying the character of those whom they could neither terrify nor bribe into either acquiescence or silence, in the expectation of thus making their determined stand against a pack of unconscionable rogues and thieves of no avail. The money of the Commonwealth has been freely used by the scoundrels whom the people have elected to guard the Treasury, for the subsidizing of a youal and truckling. subsidizing of a venal and truckling press and the hire of characteriess stump speakers, who, under a purer regime, would be compelled to gain a livelihood by honest toil. The wretchneaning of the words honor and integrity, are resorting to the most palpable forgeries and slanders, wholly unsubstantiated, not in defence of Hartranft and Allen, since their characters are now utterly indefensible, but in the maligant villification of every man who has been conspicuous for his ex-posure and denunciations of the asposure and denunciations of the au-tounding—let us rather say appalling —iniquities of the Ring of thugs and robbers who are usurping authority in Pennsylvania.
