Yesterday—election day—passed off quietly. The new liquor law, prohibiting the selling of intoxicating liquors until after the closing of the polls, was in force, and proved itself to be a movement in the right direction.

Mr. Stewart Read, of Lawrence township, sent us half a bushel of the finest apples we have specimened this year yet. Unfortunately for the hungry "Devils," however, they are winter apples, and a little too hard to be palatable just yet.

Heavy for Sweet.—A correspondent informs us that Henry Soxman, residing near Luthersburg, succeeded in raising a fine crop of sweet potatoes this season, some of which weighed three pounds. Why send to New Jersey and Delaware if such can be produced at home.

Promoted.—Gravenstine Kintzig, teller in the First National Bank of Lock Haven, has been promoted to the position of Cashier of that Bank, made vacant by the death of Mr. Abraham Grafius, and D. H. Moore Fredericks has been appointed to the position made vacant by Mr. K.'s promotion.

A Large Yield.—This year, as everybody knows, has been a bountiful one to the agriculturist, in everything except the potato crop, which is far short of last year and the potatoes much smaller. Yet there are exceptions. Mr. Robert Flegal, of Goshen township, exhibited to us a sample of Chili potatoes, grown by him this summer, many weighing as much as a pound and a half and some over two pounds. And the yield on a little over half an acre of ground was 112 bushels. This we think is an exception this year.

Sudden Death.—Abraham Grafius, Esq., Cashier of the First National Bank, died suddenly, last Thursday morning, at about five o'clock, at his residence, in this city. Mr. Grafius, we are informed, retired last evening in his usual health. This morning, about twenty minutes before his death, he awoke Mrs. Grafius, and being in a speechless condition, placed a hand on his head, indicating the seat of his suffering. The household was immediately aroused, but before the son-in-law, Dr. Watson, whose residence is adjoining, could reach his bedside, Mr. Grafius had expired. The form of the disease is supposed to have been appoplexy.—*Clinton Democrat.*

Fruit Stealing.—The *Mountain Sentinel* justly says: There is no greater nuisance to owners of fruit than that which they suffer from the depredations of young men and boys, who prowl around, making it their business to hunt through the orchards of their neighbors, and who carry off and destroy the produce with as much impunity as though they were the owners of it. If there is one thing more annoying than another is having your premises invaded and your best varieties of fruit stolen, just at the time you are watching its development and the ripening process. It is an injury you do not care to forgive. Those who are guilty of fruit stealing may regard it lightly, but it is time they were made to understand that it is just as much of a wrong as housebreaking or pocket picking, and that they are as much amenable to the law as the horse thief or highwayman.

The Park Races.—The second annual meeting of the Clearfield Park Association came off on Thursday, Friday and Saturday of last week. The weather was fine and the attendance was large, and everything went off in an agreeable manner. In all about thirty horses were entered for the different purses, half of which were owned in the county.

The following is a brief statement of the result of the races:

1st race No. 1—open to all—was won by gray mare Polly, owned by James Clark, Williamsport. Time, 2:43½.

2d race No. 2—for 2:45 horses—was won by bay mare Rosey, owned by N. G. Edelblute, Brookville. Time, 2:49½.

3d race No. 3—for 3 minute horses—was won by ——. Time, 2:56½.

4th race No. 4—for trotting stallions owned in the county—was won by gray stallion, Penfield Boy, owned by H. Woodward, Penfield. Time, 2:49½.

5th race No. 5—colt race—was won by gray stallion Gray Dick, owned by Philip G. Blanchard, Penfield. Time, 5:56½.

6th race No. 6—for 3:15 horses in county—was won by roan stallion, Charley, owned by Alex. Penfield. Time, 3:2½.

7th race No. 7—running race—was won by bay mare, None Such, owned by Thomas Turley, Williamsport. Time, 2.15.

8th race No. 8—running race—was won by None Such. Time, half mile, 56 seconds.

The Fall Meeting of the Association has been a great success, and we may look for future years to increase in interest. Under the present management the Association has become a permanent institution, and no doubt the standard of speed in this county will advance materially in consequence of its influence.

Sabbath Schools in Clearfield Co.—Up to the present time 13 townships have been canvassed and complete statistics of all the Sabbath schools collected, exhibiting the following results: In these 13 townships there are 49 schools, having a total membership of 3,153. Scholars, 770; scholars who are church members, 770. Of the 49 schools 27 are union, 22 denominational; 6 are continued throughout the year, are open a part of the year, averaging six months. 41 of the 49 have no uniform lesson. The six new schools opened in these townships all in successful operation at the present time, is a proof of progress we would point to with a proof of attendance of adult scholars. The number 770 adults indicates a decided gain in the attendance of parents and older persons. A further proof of progress is seen in the fact that there are 49 schools are regularly connected with a church; and a third proof is a marked interest in the observance of the Lord's day in the schools are properly sustained. Some improvements might be made, among which we suggest that instead of adhering to the old plan of giving a different lesson to each separate school, a "more excellent way" of having a uniform lesson for all should be more generally adopted. We trust to the continuance of schools during the winter months, while it is desirable in summer better, the close, there are others among the schools are suspended in the winter which should be kept the year round. In obedience to the injunction, "Add to knowledge temperance," Bible schools should constantly impress upon their members the duty of leading a temperate life. There is great need of a more direct effort to gather in large numbers of old and young who are yet outside of the school. A report covering the whole field will be ready in a few weeks.

Many valuable horses die from the effects of colic. The best thing to do in a case of this kind is to pour a bottle of Johnson's Anodyne Liniment into a long necked junk bottle, and half pint of molasses and water, then pour the whole down the horse's throat. In ten minutes the horse will begin to eat.

Parson's Purgative Pills will gently relieve, if not entirely cure, dyspepsia, when everything else fails. They have been tried in some desperate cases, and have given more relief than any other medicine.

"Lay down the Shovel and the Hoe."

HACKMAN'S CORN PLANTER.

This ingenious machine, for which a patent has just been issued, it is confidently believed will supersede all others in use or offered to the public. It is constructed so that it furrows, plants and sows at a time, at equal distances apart, both ways, dropping four, five or six grains in each hill, as the worker may determine before commencing, covering the corn when dropped, smoothing down its own furrow and leaving the ground in better condition than before planting.

It is in itself a complete *self working machine*, requiring no hired assistance and doing the work better and with greater regularity and precision than it could possibly be done by hand, at less than one-tenth the labor.

Anybody that can drive, with this Planter can go into a field prepared for corn and furrow, drop and cover ten to fifteen acres daily, its capacity being limited only by the distance a team can be steadily driven. It is so constructed that when not planting or in turning at the end of the furrow, by a mere touch it is raised off the ground, throwout of gear and moved backward or forward, where you may want it, without dropping the corn or touching the earth.

Practically it ignores men, hoes and plows in corn planting, and makes that which has heretofore been hard labor a mere pastime for a boy, or about healthy exercise for a lazy man.

Inspection of the Planter constructed by the patentee cordially solicited, and county, State or individual rights for sale, at low rates, to expedite its introduction.

DR. BOYER'S PURE WEST BRANCH BITTERS.

A safe, pure, pleasant and health-giving Tonic—strictly vegetable, and manufactured from the most pure and choice materials—is not a spirit drink nor substitute for whisky, but a scientific compound, for the protection of the system and the cure of disease, made from chemically pure spirits, entirely free from fusil oil or other irritating properties, and will not disagree or offend the most delicate stomach. A long private experience has attested its

Superiority over all Ordinary Remedies.

No Bitters at present offered to the public contains so much medicinal virtue, and yet so safe and pleasant to take. Its use is to cure disease, and it will not create an appetite for spirituous liquors, but will cure the effects of dissipation.
