> Democratic County Ticket. DR. T. J. BOYER,

The Hon. William A. Wallace, of Pennsylvania, having recently been chosen Vice President of the Teans Pacific Railroad, our citizens will no doubt be interested in a more particular introduction. The writer has enjoyed the personal acquaintance of Mr. Wallace for nearly trenty years, and having been raised in an adjoining county, is fully acquainted with his history.

Mr. Wallace is now about forty-five years of age, having been born and brought up in the geographical center of the Keystone State, under the vigorous influences of the pure atmosphers and romantic mountain scenery of that beautiful region. As his name would indicate, he is of Scotch diescent, and powerses many of the marked characteristics of that people.

His home is in Clearfield county, the home also of ox Governor William Bigler, with whom he har always been on the most intimate terms, both socially and politically.

By his own energies Mr. Wallace had, many years age, while yet in early manhood, carved his way to the head of the bar in his native State, and has long enjoyed a large and lacrative practice. For six years he was a member of the State Senate, where he exerted a controlling influence, and heing elected Speaker of that bady, presided over its deliberations with unusual ability and universal satisfaction.

By nature and education, Mr. Wallace is a W. ROSS MCPHERSON

over its deliberations with unusual ability and universal satisfaction.

By nature and education, Mr. Wallace is a Democrat of the olden school, and has always been active and carnest in contending for a strict construction of the Federal Constitution and the severeignty of the States over their local and domestic afairs. During all the contests of the active period through which he has lived, he has never sweered nor wavered, and the masses of the Democratic party in his native State look to him in confidence as their able, faithful and incorruptible lender. For a number of years he was University of the Democratic party, and did all that could be done in the face of power, money and corruption to redeem the old commonwealth from Radical misrale. Dear Nor. Your explanation and refeasit to publish Dr. Boyer's letter at this time is perfectly satisfactory to us. We did not think of the effect it might have on the coming primary election and the feelings of rival candidates. We only saw in it a sermon, based on sound Democratic doctrine, and we full as though our friends all over the county should have the opportunity of reading it. That was our only motive. We respectfully requestly out to publish the letter soon after the primary election is over. Traly your friends,
