Organization or Disorganization.

In our paper of this week will be found two documents of importance to the Democracy of Clearfield county. One is a call for a Democratic Convention, issued outside of the organization, accompanied by the proceedings of a meeting, held at Curwensville, in pursuance of that call, at which meeting resolutions have been passed and a call for a Primary Election of Delegates and a County Convention to nominate a ticket is made. The other document is a letter from a number of Democrats, to the Chairman of the County Committee, asking him to call together his Committee to take into consideration the propriety of a change of the system of nominating candidates, and this letter is acquiesced in by the Chairman making the call desired and a meeting of the Committee appointed to be held on September 9th, 1873.

We thus have a distinct issue made between action within the organization and palpable and avowed disorganization. Those who have attended and are acting with the Curwensville meeting seem to forget that the Democratic party has a recognized system of discipline and action; they have attempted to correct their grievances, if such they have, by striking a blow at their party and giving aid and comfort to the Republicans. Those who sign the letter to the Chairman, recognize a system of organization, claim that wrongs exist and ask that those wrongs be corrected within, not outside of that organization. The grievances, detailed in the resolutions of the Curwensville meeting, may or may not exist; if they do, they are a repetition of what has occurred at every Primary Election for years, and they can and should be corrected by the Democracy themselves, without the aid of Mr. Fulford or Curwensville Republicans. It seems to be admitted on both sides that the system of nominating votes amendment or change, and it is the plain duty of every one who loves his party or seeks its purity to aid in making that amendment or change; but it is equally his duty to not in doing so within the organization and not outside of it. Here is the line of distinction which we call the attention of all right minded Democrats.

The question is simply one of organization or disorganization. Will you aid the Republicans or sustain your own friends? For those who are in this movement for personal ends, whose motto is "rule or ruin," we have no tolerance. They know better and they have, by falsehood and double-dealing, deluded honest men to their own undoing. Their only Gammon wiles and bold assertions are powerless in the light of right and truth. We have had this game attempted before and it has found merited failure as it certainly will now. To combine with Republicans and out the ticket may be all very well to those who have again and again been defeated at the polls, but to those who love their party and its principles, who seek no office and have no personal ends to attain, the plain path of action within the organization and the support of the ticket seems to be the right one. If, in this Primary Election, wrongs have been perpetrated, it is but fair to ask have not all been guilty of the same wrong in a greater or less degree? It is just, too, to remember that every system of nominating becomes, in a period of years, subject to abuse, and its amendment or correction becomes a necessity, whilst to Democrats it is conclusive to say that the wrongs complained of may be righted in the Convention of Return Judges or within the pale of party organization. The gentlemen who engineer the Curwensville movement are not suited with action within the party. They have been disappointed in a pet candidate, and they have attempted to break up the Democratic organization to attain their own ends. Have they ever sought the County Committee or its power

and action? Have the defeated candidates appealed from the decree of the Return Judges, declaring who were nominated, to the recognized tribunals of the party? Why is the Republican Convention postponed, and a ticket to be formed for them and the Curwensville meeting? Why is it understood that a full Democratic ticket is to be put in the field and Republicans are to have no part or lot in it? How patient and long-suffering our Republican brethren are, that they can bide their time and meekly vote for the Democratic ticket that the Curwensville meeting dictates. Why is this Democratic meeting held at Curwensville? It is idle to pursue this subject further. The wrongs, if wrongs there be, can be and are to be corrected within the Democratic organization and not outside of it. The remedy for the shortcomings that have been universally prevalent in the administrations of the Crawford County System is not to be found in cutting the regular ticket and sustaining Republican and bolting combinations, but it is to be found in the purification of our own household under the control and direction of our recognized tribunals and in the support of the regular ticket, which is binding upon all, because it has been so declared by the only power Democrats can recognize. The whole issue presented is that of organization or of disorganization, of aid to Republicans or support to your own household.

The State Convention.

This body met at Wilkes-Barre on Wednesday, the 27th of August, and nominated JAMES R. LUDLOW, of Philadelphia, for Supreme Judge, and FRANK M. HUTCHINSON, of Pittsburgh, for State Treasurer. They were both nominated on the second ballot. Mr. Ludlow is one of the Common Pleas Judges in Philadelphia and Mr. Hutchinson is the Treasurer of the Pittsburgh, Fort Wayne and Chicago Railroad.

The nominations are politic and the very best that could have been made. As evidence of this we quote from Forney's Press, the very highest radical authority in the State. In alluding to the nominees the editor says:

"The nominees of the convention no allegation can be made, except that they are Democrats who have followed the fortunes of their party through all its tortuous windings and participated in all its crimes. For Supreme Judge James R. Ludlow, Judge of the Court of Common Pleas of Philadelphia county, was nominated. The convention could not have chosen a gentleman of greater abilities for the kind of the ticket, or one who commands in a higher degree the respect of his fellow-citizens of both parties. For many years he has been an ornament to the bench and a credit to the city—a judge upright and impartial who has never allowed political bias to warp his decisions, and as an advocate and author and orator. Mr. Frank M. Hutchinson, of Allegheny, a business man of high character, was nominated for the State Treasurer."

Our townsman, Judge Barrett, received 11 votes on the first ballot for Supreme Judge, and our Philadelphia neighbor, Ex-Sheriff Perkes, received 33 votes in the first ballot for State Treasurer. A. W. Lee was our Representative Delegate, and James P. Hale, of Osceola, was our Senatorial Delegate.

The proceedings of the Convention were eminently proper and the resolutions adopted excellent. The Delegates discharged their whole duty except in one particular. Sam. Joseph should have been expelled. It is true he kept his seat by one vote, and he may prove a warning to him never to show his face in a Democratic convention again.

We are pleased at the treatment the Congressional back-packer received. At least half a dozen of those fellows had themselves manufactured into delegates and hovered around the Convention for the purpose of over-awing the body, but they were hissed, kicked out and condemned in a very decided manner. The Convention was evidently not a machine moved and controlled by one man, like the late Radical Convention, but each member declared his independence, asserted his manhood, demanded his rights and denounced wrong everywhere. It was a real Democratic body. We will publish the proceedings in full next week.

The Call.

The circular addressed by a number of Democrats to the Chairman of the County Committee, and found elsewhere, although only in circulation for about one day, contains over 120 signatures. We would like to publish all the names, but that is impossible. We however give the names of some of the citizens whose residence is in the vicinity of the Lava Beds, to show that all are not Modocs who reside in the disaffected districts. We have no doubt but that within three days 2500 Democrats would sign the call, were it necessary, for the overthrow of the real "ring" or "clique" employed by the Radicals. If there is a "ring" or "clique" in this borough it does not exhibit with the enemy.

We have called the attention of frequently on our trips to Clearfield, and upon inquiring for the editor, have been invariably informed that he was at the Court House, in the Commissioners' office, and we have heard it intimated that it would be much better for all taxpayers and the Democratic party particularly, if when the editors of the Curwensville Bulletin, attending to his own business—Resolute.

That we should be put out of the Commissioner's office, is the opinion of every Radical politician, and a few have been mainly enough to tell us so. But then they feel the same way toward Mr. Tate, Mr. Pin, Mr. Lee, Mr. Wilson, and in fact every Democratic officer about the Court House. We are therefore in good company, anyhow. Again, when we are found gadding or loafing around over the county, it will be time enough for the "independent" tribunal to reproach us for not attending to our own business. And more, some men had better pay taxes before they begin to grumble.

LAYMAN, MACDUFF.—We have drawn the fire of the "independent" organs, and they are failing us most handsomely. Well, while they are abusing us they will let our nominees alone.

The Reformers' (1) Meeting.

A few persons, ever since our Primary Election, have done their very best to raise a disturbance in our party organization, just because "their man" was not nominated. After a two month's tramp over the county by about a dozen of these would-be reformers, soliciting signatures to a printed petition found below, Capt. Jack and his band of Modocs, to the number of from thirty to forty, met in the public School House, in Curwensville, on Thursday, the 28th of August, for the purpose of rectifying all party wrongs in this county. Like the old Jews, they want somebody stoned to death, for doing just what they have probably often done themselves. These men esteem it a crime for a Republican to vote at our Primary Election, yet it is notorious that these same individuals have entered into a bargain and sale with a portion of the Republican leaders to carry their point, and are holding daily caucuses with them. If these men are honest in their movement, they are wonderfully impolitic at all events; because, who ever heard of reforming a party by going outside of that organization and coquetting with its enemies? This alone is enough to shake the confidence of thoughtful men who love and revere the principles of the Democratic party.

These reformers say that "they will not submit to a clique in the borough of Clearfield and the wire-workers in their employ." We know nothing of the "ring," although we have resided here for fourteen years. But, suppose we concede that there is a "clique" here, how much better is the one at New Washington, for it is said there is one doing business there? To this we presume there will be little objection so long as it does not enter into partnership with the Radicals for the purpose of defeating our nominees.

The nominations are politic and the very best that could have been made. As evidence of this we quote from Forney's Press, the very highest radical authority in the State. In alluding to the nominees the editor says:

County Committee Meeting.

TO THE DEMOCRATIC COUNTY COMMITTEE OF CLEARFIELD COUNTY, GENTLEMEN:—I have received the following communication:

To the Chairman of the Democratic County Committee of Clearfield County:

SIR:—We address you in the interests of harmony in the organization of which you are the official head. We observe with regret that some gentlemen, whose honesty of purpose and party fealty we cannot question, are restless at the results of the late Primary Election, and that the leaders of the Republican party are combining to bring disorganization to the Democracy and defeat to its ticket. We fear no danger from such an alliance. It has been tried before and resulted in failure. Whilst many of us have not obtained the candidates of our choice we are satisfied with the ticket presented and will support it, yet we feel that the present system of nominating candidates has outgrown its usefulness in this county and has come to be a source of contention to the smaller districts and to the county at large. Its faults and weaknesses have become apparent to all well-wishers of the Democratic party, and we think it time that the organization, as such, should, through its County Committee, take into consideration the propriety of a change of system. We believe that the remedy for the ills that have been developed is to be found in sustaining the Democratic ticket and correcting the faults and weaknesses of the system by the action of the organization itself, and is not to be found in cutting the ticket or combining with the Republicans outside of the organization. For these reasons we ask that you will call together the Democratic County Committee, to take such action as their judgment and experience may advise.

Respectfully yours,
CLEARFIELD BOROUGH.

Jas. T. Leonard, William Porter, R. V. Wilson, Israel Test, J. F. Weaver, Cyrenia Howe, Wm. A. Wallace, W. M. McCullough, W. W. Betts, William Bigler, J. Blake Walters, I. G. Barger, T. J. McCullough, Lever Fliegel.

BELL TOWNSHIP.

LUMBER CITY.

J. A. McDevitt, Levi Jordan, Joseph Cultriv, W. W. Kelly, George Spade, John Stearns, J. D. Guppy, J. D. Hepburn, James L. Curry.

And recognizing those gentlemen as Democrats of good standing in the organization, I cheerfully acquiesce in their request, and do hereby call a meeting of the Democratic County Committee, to be held at my office, in Clearfield, on TUESDAY, the 9th of SEPTEMBER, 1873, at 2 o'clock P. M., of said day, to take into consideration the propriety of holding a convention at September Court, for the purpose of amending or changing the system of nominating candidates. Notice of the meeting is sent by mail to each member of the committee.

D. L. KREBS,
Chairman.

MUST BE SHORT.—The editor of the Revelle, although he sticks very close to his business, seems to be short of copy, from the fact that he has taken to discussing private business and publishing extracts from private letters with him in that line, although we have lots of such letters on hand. Besides, we prefer not to discuss private affairs in our columns, but would rather fill the space in our humble way, from now until October, in defending the Democratic party and its candidates against the assaults of its enemies. We believe that is our duty, and we will discharge it as best we can, if we are scolded by the Modocs.

WELL ANSWERED.—Some Chester County loyalists have taken a note to the editor of the West Chester Register, the organ of Chester county Radicalism, inquiring: "Who is Gordon?" The editor answers his interrogator thus: "A humble exponent of Blackstone, residing at the Capital of Jefferson county." That should certainly be very satisfactory to any not overly captious.
