

BEACH OF PROMISE.—It is not of ten that man, ground down by years of tyranny, ventures to lift his voice in complaint against his oppressors.—But once in a while he breaks his dumb submission, and a subdued and shrank goes meandering along the aisles of Time. Such a one is echoed from the Boston Globe, wherein a gloomy editor mourns over the inequality of man and woman as shown in cases of breach of promise of marriage. He takes note of the frantic alacrity with which the average jurist soothes the sorrow of an unpropitiated lady with verdict of glittering damages. And then he points out a fondish and unjust distinction in court. Does a mere man, whose timid heart has been persuaded to throw itself at the feet of a coquette only to be cast aside, ever get a thousand dollars, or a hundred dollars, or one dollar even, with which to mend the rents and tatters in the same? Never! The balm of gold is denied him; even the poor consolation of making a graceful and an impressive appearance in court is denied him. The illustrated papers in fact, there is a stony and barbaric air of oppression about this state of things that takes us back to the Dark Ages, and causes the disinterested philosopher to shudder at the wretched, crushed, and helpless condition of man. The Globe man deserves the sympathy of every unfortunate who has felt the penalty of this "Dark Age" statute.

IT DONE SOME GOOD.—The letter of William Walsh, to the President, which we published a few weeks ago in Indian affairs has produced some effect at Washington, as the House Committee on that subject have under consideration a bill which, among other things, provides that all books, records, contracts, bids or proposals for contracts, after the same shall have been duly opened, vouchers, orders, receipts and papers of every description whatsoever that relate directly or indirectly to the payment of any money or other thing of value on government account, in the office of appointing or connected with the official duty or action of any Indian agent or sub-agent, shall be public records, and open to the inspection of any person during all reasonable business hours. This will enable the people to see behind the curtain which hides the management of Indian affairs, and expose wrong-doers and those who would cheat at the same time both the red men and the government.

A BLACK HEMLOCK.—Add now Governor Moses of South Carolina has also set up for a "Christian statesman," and the way he goes to work, it is characterized by a boldness, in the Charleston newspapers that all South Carolina was on a broad grin when it was announced that Moses was to deliver a lecture on religion; but it proved no joke, and the Governor actually appeared before a large audience and delivered a lecture which is described as an able and eloquent defence of Christianity against free thinking. Indeed, the lecture made such an impression that some enthusiastic friends of Moses insisted on having it printed, and not until then was it discovered that the Governor, from force of habit probably, had stolen all the piety he had embodied in this production. Not to put too fine a point upon it, he had palmed off on his unsuspecting audience one of the Rev. Robert Hall's sermons, published in London in 1835, for his own ideas on the subject of religion.

"I WANT SOME TOO."—This is the way the Chicago Post and Mail relates a late Congressional transaction: "A bill having been introduced by a Chicago member of Congress for the establishment of a branch mint in Chicago, of course a St. Louis member has introduced a bill for the establishment of a branch mint in St. Louis. It has been noticed, doubtless, in all regulated families, that whenever one member asks to be helped at the table to a particular article of diet, no matter if it be bran soup, the baby of the household at once breaks in with the shrill demand, "I want some, too! I want some, too!" So with the little St. Louis bill. If Chicago should pass its plate up to old Uncle Jonathan and ask for rat hash, the imitative little St. Louis member would at the end of the table put in his barbaic yawl—"I want some, too! I want some, too!"

OPEN AT THE BUNG.—At present there are employed in the Treasury Department at Washington 2,224 clerks, at an annual expenditure of \$2,923,000. To do the work of the same Department in 1860 only 515 clerks were required, at a cost of \$753,485 per annum. Since there are now more than four times as many as in 1860, one of two things must be true: either four times the amount of work is to be done, or there are about four times too many clerks. Which is it? No doubt there is more work to be done, but can it be in this ratio? Might not at least one million dollars annually be saved in this one item? Then there are other Departments—apply the same rule—"many a mickle make a muckle."

RELIGION BEFORE PLEASURE.—Elder Herring, of Spring Creek, Warren county, writes an account to the Corry Republican of what he deems a most commendable act of the young people of that place. Religious services had been fixed in a hall opposite one in which a dance had long previous been arranged for on the same evening. To the astonishment of the brethren, the young men and women postponed the dance and attended religious services after the close of which the dance went off with great eclat. The Elder was delighted, and winds up his report with the ejaculation: "God bless and multiply such principles."

THE TOOTHPIEK BUSINESS.—Five hundred million is about the number of wooden toothpicks sold by the Boston house which controls the whole business in this country, and the number increases annually each year. A box holding 2,000 sells for 25 cents, while the same quantity of quill picks would cost \$5. More orders for toothpicks come from hotels and restaurants than from all other sources combined. So great has been the popularity of cheap wooden toothpicks in this country, that the experiment of exporting them is soon to be tried.

STEAM ENGINES

CLEARFIELD, PA.

FOR INFLAMMATORY and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Liver, Dropsy of the Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Distinctions.—Persons engaged in Painting and Mineral, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to a form of Rheumatism, known as Gout. It is caused by the accumulation of the Urates in the system, and is attended by the most excruciating and intractable pains.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Itch, Scabies, Pimples, Bores, Ulcers, &c.—Persons afflicted with these diseases, should use Walker's Vegetable Bitters. It is a powerful purgative, and it cleanses the blood, and restores the system to its normal state.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or in the decline of life, these Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood when ever you find the impurities breaking through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is in the blood; and the health of the system will follow.

FOR SKIN DISEASES, ERUPTIONS, TETTER, SALT RHEUM, ITCH, SCABIES, PIMPLES, BORES, ULCERS, &c.—Persons afflicted with these diseases, should use Walker's Vegetable Bitters. It is a powerful purgative, and it cleanses the blood, and restores the system to its normal state.
