

GEORGE B. GOODLANDER, EDITOR AND PROPRIETOR.

CLEARFIELD, PA.

WEDNESDAY MORNING, MARCH 25, 1874.

OFFICE REMOVED.

The office of the CLEARFIELD REPUBLICAN will hereafter be in Pio's Opera House, on Market street, between Second and Third.

Nashville, Tenn., was visited by a severe fire on the 18th.

The offices and material of the Beaver Radical, (Senator Rutan's paper), and the Argus, were destroyed by fire on the 20th.

St. George Tucker Campbell, a prominent Philadelphia lawyer, died in that city on the 20th. He was a nephew of vice-President George M. Dallas.

A terrific thunder storm passed over southern Illinois on the 18th, destroying a large amount of property. Cairo, at the mouth of the Ohio river, suffered the most damage.

THEIR FRIENDS.—The death of Chas. Sumner caused much weeping among the sons and daughters of Ham. He was the godfather of the negro race in this country.

MASSACHUSETTS LOYALISTS are working themselves into a fever heat over the election of United States Senator to succeed Sumner.

SCHUBS, THE ORATOR.—The friends of the dead Sumner have selected Hon. Carl Schurz, United States Senator from Missouri, to deliver an oration in Faneuil Hall, Boston, commemorative of the life, character and public services of the deceased Senator.

HARD TO "BUSY."—The government and the Quakers have made huge efforts for over three years to break up the corrupt Indian ring, which annually robs the people of the United States of millions of dollars.

Hon. J. P. Jones, who for many years acted as President Judge of the Berks district, died at London, England, on the 19th. Judge Jones will be remembered as one of the most gifted and genial of men.

CHURCH STREETS.—The highest church steeple in Philadelphia is that on the Presbyterian church, corner of Spruce and Seventeenth streets, which is 245 feet high.

THE UNNATURAL WAR.—For one to go back to 1860 and look at the fact that Lincoln had but 1,867,610 votes, while 2,831,560 were cast against him, it is no wonder that he followed, because the fraud was too apparent.

THE NEW POSTOFFICE.—Philadelphia is to have a new postoffice building erected at the corner of Ninth and Market streets. The jury appointed to view and assess the damages on the property condemned for public use, fix the sum at \$625,348.99.

THE MASSACHUSETTS STATE PRISON has had a \$200,000 fire, and the concern is pretty well used up. Ben Butler will therefore be allowed to remain in Washington at the head of the Radical party until the schism is put in trim again.

THE DEMOCRATS OF ALLEGHENY county want the next Democratic State Convention to meet in Pittsburgh.

NOT QUITE.—A number of our last week's exchanges contained the following: Speaker McCormick, of the House of Representatives, has been appointed Federal District Attorney for the Western District, vacant by the death of Mr. Brown.

Democratic County Convention.

In accordance with the action of the County Committee, the delegates elected in the several boroughs and townships of Clearfield county assembled in the court room, on Tuesday, the 17th inst., at 1 o'clock, for the purpose of changing the time of holding our primary election.

The delegates were called to order by Mr. McCullough, Chairman of the County Committee, who stated that he was ready to receive motions. Mr. Jackson moved that Aaron C. Tate and W. S. Luther act as tellers or secretaries, which was unanimously agreed to.

The boroughs and townships were then called over in alphabetical order, and the delegates present answered to their names and handed in the returns of their election, as follows:

- Bearia—Philip Dett, H. W. Reed, Samuel H. Hindman.
Bradford—Robert McShaffey, J. B. Sunderlin, H. Hindman.
Broad—Jacob Weaver, S. P. Wilson, S. A. Caldwell, W. L. Carley.

There were no delegates present from Bloom, Boggs, Ferguson, Goshen, Huston, Karthaus, Lumber City or Ocoosa. Whether elections were held in those districts we are not informed.

The convention being fully organized, Mr. Breth, of Bell, moved that our primary election be held hereafter on the Saturday previous to September Court.

Mr. Miller, of Chest, moved to amend by striking the second Saturday in August, and Mr. Luther, of Brady, and Mr. McKiernan, of Gulch, also offered amendments, but we failed to hear the time they fixed.

At this point the chair stated that but one of the amendments had been seconded. Mr. Tucker, of Clearfield, then arose and offered the following resolution, which was seconded by quite a number:

Resolved, That the 4th and 17th of our party code be amended so to read: "That the time for holding the Democratic County Convention be held on the 17th of August, at 1 o'clock p. m., and that the primary election, for the election of delegates to said convention, be held the Saturday preceding said Tuesday, at the several election houses in the county, between the hours of 1 o'clock and 7 o'clock p. m."

In accordance with previous notice the Democrats of Clearfield county assembled in the court room on Tuesday evening, the 17th instant. The meeting was called to order by Wm. McCullough, Esq., Chairman of the County Committee, who stated the object of the meeting on this occasion.

Resolved, That Dr. A. D. Bennett, of New Washington, E. S. Shaw, of Clearfield, J. B. Sunderlin, of Ocoosa, be and are hereby appointed Senatorial Conferences to meet at Clearfield on the 20th inst., to receive the returns of the election of delegates to the approaching State Convention, with power of substituting in case of their inability to attend.

After some remarks from the Chairman and the delegate elect the meeting adjourned.

THE NEW POSTOFFICE.—Philadelphia is to have a new postoffice building erected at the corner of Ninth and Market streets. The jury appointed to view and assess the damages on the property condemned for public use, fix the sum at \$625,348.99.

THE MASSACHUSETTS STATE PRISON has had a \$200,000 fire, and the concern is pretty well used up. Ben Butler will therefore be allowed to remain in Washington at the head of the Radical party until the schism is put in trim again.

Compulsory Education.

Last week laid before our readers a supplement to the common school law, now before the Legislature, looking to the Prussian method of education. If this bill becomes a law, poor parents will forfeit the control of their own children.

We call the attention of our readers to the following excellent article upon this subject, which we find in the Harrisburg Patriot, of the 21st, which deserves an attentive perusal by every one who loves free government.

Mr. Gowan, President of the Philadelphia Reading Railroad, maintains that the revenues are sufficient to meet the current expenditures of the government with a handsome balance to spare.

There seems to be an intense desire on the part of philanthropic people to bring to bear the powers of government in nearly every department of human effort.

The old doctrine that the world is governed too much is discarded by these theorists. They think that the world cannot be governed enough. It is for this reason that, like barnacles upon a ship, every year witnesses an extending area of bureaus, commissions and superintendencies fastened upon the public service, to examine into education, agriculture, mechanics, lines, liquor consumption, coal, solar service, freight tariffs and the like.

It has been the entering wedge which we have seen in our own time drag into the widest of our liberties, the rights of a people until even the conscience of the individual has become a matter of state regulation.

But are the premises correct upon which compulsory education is grounded? If it is asserted that vice or crime is in any certain ratio to the ascending or descending scale of intelligence, we deny it.

Resolved, That the 4th and 17th of our party code be amended so to read: "That the time for holding the Democratic County Convention be held on the 17th of August, at 1 o'clock p. m., and that the primary election, for the election of delegates to said convention, be held the Saturday preceding said Tuesday, at the several election houses in the county, between the hours of 1 o'clock and 7 o'clock p. m."

Harrisburg Letter.

Mr. Barron.—A bill providing for the removal of George O. Evans from prison on railroads in this State has been introduced, and as these corporations were opposed to the bill, and were anxious to discuss its merits before the finance committee of the Senate, a hearing was fixed for them on the evening of the 12th instant.

Mr. Mitchell moved to increase the salary of the Governor's messenger from \$900 to \$1,200. Agreed to. Also, to increase the salary of the State Librarian from \$1,200 to \$2,000. Agreed to.

Mr. Christy moved to increase the salary of the Deputy Secretary of the Commonwealth from \$2,250 to \$2,500. Agreed to. Mr. Cross moved to increase the amount hereof appropriated for taking care of the public grounds, which was \$5,000, to \$8,000. Agreed to.

Mr. O'Neil moved to reduce the number of members of the public grounds from four to two. Agreed to.

How easy it is to have salaries increased at Harrisburg! The Carlisle Liberator asks, is it not wonderful that members of the Legislature can have the face to vote away a tax on the people in this way at a time when business all over the country is almost at a standstill, and when ten thousand mechanics and workmen are out of work, and on the verge of starvation? What a commentary is this upon the stereotyped resolution heretofore adopted at all kind State and County conventions in favor of "economy"!

Formerly when such men as Shank, Breen and Evans were Governors, they acted with a Democratic Legislature, and assist them, we had none of this reckless extravagance. Then the Governor's salary was \$5,000. Now \$10,000. Then the Governor's messenger received \$400. Now \$1,200. Then the State Librarian's salary was \$600. Now \$2,000.

Then we had no House messenger, the Deputy Door-keeper or any other office. Now we have a Deputy Door-keeper \$800. Then the Deputy Secretary of the Commonwealth received \$1,200 a year. Now \$2,500. Then we had no pages in either House. Now about 75!

Then the public grounds about \$75. Then the public grounds about \$75.

Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75.

Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75.

Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75.

Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75. Then the public grounds about \$75.

Warning to Public Robbers.

The local of the Harrisburg Patriot of the 23d inst., in alluding to Bill Kemble's "Addition, Division and Silence" subject, says: "The tip waiter on Saturday induced his friends to remove George O. Evans from prison to Philadelphia. Owing to his feeble health he was conveyed to the Pennsylvania railroad depot in a carriage, accompanied by his daughter. The train which bore him to destination was the Pacific express. Unless he should show signs of improvement at his home in a short time Mr. Evans will be taken to one of the milder southern States—probably Florida."

Such is the last account we have of the man who robbed the taxpayers of Pennsylvania of \$200,000. An intelligent, hale, hearty man, tortured to death by a pack of venal political dogs who have used Evans just as the burglar does his "jimmy," for a very hard purpose. Why does Evans not tell what he did with the money he collected and pocketed? If he gambled it away in regular black-leg style, and probably he will never win back a dollar of it, why not let the poor devil alone, and let his broken spirit and deathly appearance stand as a warning to all evil doers in the future. A man tortured to death by his friends is a piece of such refined and unheard of meanness, that ordinary mortals can only contemplate, but never realize, and can only be endured by those versed in "Addition, Division and Silence."

PROFESSIONAL WITNESSES.—There is a class of men at Washington who make a living by acting as witnesses before investigating committees. The pay of such witnesses is \$2.50 a day. These professional witnesses manage to get themselves subpoenaed early and their examination delayed until near the end. As these investigations often run through three months or half a year—these fellows draw a snug sum of money in each case. When called they have no evidence of importance to give, but are paid the same as if they had. This is only one of a thousand petty ways in which the taxpayers of the country are being swindled.

Hon. Henry Wilson, Vice President of the United States, is in Philadelphia, the guest of George W. Childs, of the Ledger.
