

Dentistry.
ANNOUNCEMENT
OF THE GREAT
REDUCTION OF PRICES!
BY S. PORTER SHAW, D.D.S.
IMPORTANT TRUTHS:
Having succeeded in getting a higher tariff on material, hence the low and moderate charge for partial and full sets of Teeth. I use the best material of teeth and other material. All operations registered and warranted to give service and satisfaction.
Friends, reflect that my charges for the insertion of artificial and the saving of the natural teeth are now the most reasonable in Pennsylvania. Preserve your teeth and you preserve your health. Putting of the natural teeth in a healthy, restorative and useful condition is made a specialty. Diseases and malformations common to the mouth, jaw and associated parts are treated and corrected with fair success. Examinations and consultations free.
It would be difficult for a patient to come to let me know by mail a few days before coming to the office.
It is very important that children between the ages of six and twelve years should have their teeth examined.
Anesthetics are administered and Teeth removed without pain.
Dispositions and character are judged by all the world by the expression of the face, hence very disquieting may it therefore be for persons to indulge an expression of distorted features, even apart from a hygienic view. Now, to enjoy natural (not artificial) comfort and pleasure, respect and obey natural simplicity and instinct. S. PORTER SHAW, D.D.S.
Office in New Masonic Building, Second street, Clearfield, Pa. may14/73

DENTAL CARD.
Dr. A. M. HILLS
Would say to his patients and the public generally, that, having dissolved partnership with Dr. Shaw, he is now doing the entire work of his office himself, so that patients need not fear being put under the hands of any other operator. Clearfield, March 20, 1873-jd20mch73

J. M. STEWART, D. D. S.,
Office over Irwin's Drug Store,
CURWENSVILLE, PA.
All dental operations, either in the mechanical or operative branch, promptly attended to and satisfaction guaranteed. Special attention paid to the treatment of diseases of the natural teeth, gums and mouth. Irregularities of the teeth successfully corrected. Teeth extracted without pain by the use of Ether, and artificial teeth inserted in the best material and warranted to render satisfaction. april27/73
