Not so Lovely.—The Senate having rejected "boss" Sheppard, as one of Grant's District of Columbia Commissioners, the other two—Cattell and Blow.—who were confirmed, refused to accept the appointment. The Commission is therefore "blowed up."—The affairs at the National Capital have been so corruptly managed, that but few men who possess either self respect or the necessary qualifications to administer public affairs, will permit themselves to be made the "scape goat" for the Cookes, Sheppard & Co. and their corrupt confederates. Therefore Grant must look around for some cheap mercenary material for the commission business.

GRANT LIKE.—The Baltimore Grant in his lot the time of holding the primary elsetion.

GRANT TIMES.—Every body feels the good times promised us by the leaders of the Radical party, two years ago, on adopt his suggestions in regard to the finances. He was quite right. He is opposed, he says, to inflation and theory as specile payments. The bill passed by Congress on Saturaday inflates the currency and protracts indefinitely the time for returning to specile payments. As Congress does not agree with him in his views, and as he cannot agree with those of Congress, he came to the conclusion to approve of what he disapproves, and so signed the bill.

The New York Nation very portimently observes that the "memorah-dum" of President Grant is a deganged to George S. Boutwell in 1869.

The inflationists were exhiberant on Saturday, and boasted that if vectoed they could pass it by a two-thirds vote; but the President promptly signed it, and thus ended all speculation on the subject.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California the medicinal properties of which are extracted therefrom without the mee of Alcohol.
