Our *Special* column is decidedly interesting to a local point of view, and profitable reading to outsiders who want to save money.

W. R. Johns, formerly of the Emlenton *Messenger*, has assumed the editorial management of the Clarion *Republican*.

The State Senator to be elected this fall in the district composed of the counties of Blair and Cambria will serve only one year.

The *Reveille* man says that "one of our burnt out citizens insinuates that charity, at the present time, covereth a multitude of sinners—in Osceola."

The attention of our readers is directed to the new column advertisement of William Reed, in this issue. Read it, for it contains matters of importance to you.

Messrs. Kratzer & Lytle have just returned from the city with a full stock of goods at "panic prices." Carpeting of all shades and qualities. Call and examine.

A brick residence, belonging to Mrs. Fenstemaker, was totally destroyed by fire, at Clarion, on Monday morning, the 14th inst., together with $700 in money.

The several congregations of Blairsville contributed to the relief of the Osceola sufferers, as follows: Presbyterian, $56.80; United Presbyterian, $27.03; Catholic, $20.80; Total, $83.86.

A NEW STOCK.—Mr. Ed. W. Graham has just received a full supply of new goods, groceries, etc., which he is selling off "dog cheap." Call and see for yourselves.

Wm. M. Philips, residing at Brookville, has tendered his resignation as Assistant Superintendent of the Low Grade Division, A. V. R. R., to take effect on the 1st of July next.

The congregation of the Second Presbyterian Church, in Altoona, has increased the salary of its pastor, Rev. W. J. Chichester, from $2,000 to $2,400, with house rent free. This is the right kind of promotion.

The Tyrone *Democrat* says that a large amount of coal is now being shipped from the Clearfield coal fields. For the past week or more the average number of cars taken over the mountain reached almost four hundred daily.

THE FOURTH!—What about the Fourth of July? It is true that the Fourth falls on Sunday, but then it is the ninety-ninth year of American Independence and Saturday night be made available, if a little of the fire of '76 can be kindled.

BRIDGES.—The Board of County Commissioners of Jefferson county, ask for proposals for building three bridges, viz: One over Sandy Lick creek at Reynoldsville, one over Mill creek at Port Barnett, and one over Cathers' run, in Barnett township. Builders will do well to make a note of this fact.

BROWN TO THE FRONT AGAIN.—We have received the initial numbers of Col. Brown's new paper, the *Industrial Advocate*, published at Bellefonte. It has five wide columns, is neatly printed and is got up in the Colonel's usual vigorous style. As the name indicates, it is published in the interest of the working classes.

A. B. Shaw, Esq., advertises a public sale of valuable personal property, in another column of this issue, to take place at his residence in Shawsville, this county, on Saturday, the 3d day of July. Those persons who wish to get a bargain in house furnishing goods and farming implements should attend this sale.

Tyrone offers a prize of one hundred dollars to the steam fire-engine that will throw water the farthest at that place on the coming 3d day of July. Twenty-five dollars will be paid to the steamer throwing the second farthest stream. Huntingdon, Altoona, Hollidaysburg, Johnstown, Bellefonte and Lock Haven, are invited to participate in the contest. So says the Altoona *Sun*.

Sheriff McPherson, accompanied by A. J. Jackson as deputy, took Ralph W. Parks, John J. Maloney, Thomas Birdsall and John B. Joyce, four of the miners convicted by our Court and sentenced to one year in the Western Penitentiary, to Allegheny City, on Thursday last, and safely lodged them in the above named reformatory institution.

A HEALTHY CONDITION.—Elsewhere in this paper will be found a statement of the Bloom township School fund. The School District is in excellent condition these "piping times." It has $572.46 in the hands of collectors, and $3b.87 of cash in the Treasury, and the Board has announced the fact that having sufficient funds on hand to run the Schools of that district for another year, no duplicate of taxes will be issued this year. Happy Bloomites!

ANOTHER LAWYER.—Mr. William C. Arnold, of Curwensville, who sometime ago abandoned the banking business for Blackstone, was admitted to the Bar on Saturday last, and sworn in as an attorney to practice in the several Courts of this county. We learn that he underwent a very critical examination, but came out with a unanimous endorsement. Mr. Arnold possesses all the elements—education and energy—to make a number one lawyer.

GO AHEAD.—The editors of the Tyrone *Herald* have evidently been taking lessons from the Philipsburg *Journal*, as the following indicates:

"Hentzleis is happy. The last Clearfield County Court granted that town just eighteen licenses. There were thirty-eight applicants."

You are not so far off, that you should not know better. Get as near the truth as possible in these local affairs, anyhow.

THAT BIBLE.—We published an item week before last, taken from the Centre Hall *Reporter*, about the finding of a leaf from a family bible near Linden Hall, Centre county, supposed to have been blown from Osceola during the fire. The *Reveille* of last week says: "In confirmation of this fact, we now state that Mr. Rosevere, living in the upper part of town, owned a large bible, which was thrown out of the house with a lot of other goods. Mr. John Estep discovered the pile of stuff to be on fire, and seeing the book burning, kicked it out of the flames, but the binding gave way and the leaves were scattered in every direction by the wind. One or two leaves yet remaining, show that the book was printed with two columns to the page, and two references columns in the center of each page."

MISREPRESENTATION.—Through some unfair means, unknown to us, it has been promulgated among the miners of this region, that Senator Wallace used his influence with the State authorities and the general Government, to have the military brought here to suppress the strike during our recent mining troubles. The subject, in one sense, is of scarcely sufficient importance to merit our attention, as any one acquainted with Mr. Wallace, either personally or by reputation, need not be told that the accusation is not only without foundation, but that the reverse is true; yet, when we consider that many of the miners are almost entire strangers among us, and that, as a class, they generally take for granted as true, whatever may be currently reported, we feel justified in stating the real facts in the case, as ascertained from a reliable and authentic source.

As counsel for the operators, Mr. Wallace, from the beginning of the trouble, strongly advised against the use of troops, and his influence and counsel prevailing, entirely prevented a resort to any other than strictly legitimate measures, based on the law of the land.

As counsel for the Sheriff, he advised him to perform his duty as an officer, and not to ask for troops until the very last extremity.

These are the facts of the case, and being fully substantial, they prove the utter falsity of a charge made, perhaps, for political effect, without the slightest foundation in truth.

With a strict regard for right and justice among all parties, we can confidently assure the miners of this region, that there is just as much truth in this unjust imputation against our honorable Senator, as there was in the charge published in some of the city papers imputing to the miners the crime of setting fire to the town of Osceola.—*Osceola Reveille.*

AT AN END.—A three weeks term of Court closed on Saturday evening, the longest legal siege we ever encountered in this county. We understand that the blessing is to be continued at the September term. The regular term begins on the fourth Monday, but we are to have one week beginning on the third Monday for the trial of civil causes, and another week commencing on the first Monday of October.

Well, all we have to say is that it will take some cash to keep up these repeated three weeks terms, and there must be some timber and coal sold pretty soon to pay for the wear and tear of our legal machinery, or we may be compelled to imitate some of our neighboring counties and issue county orders to jurors and witnesses, who can submit to a 20 per cent. shave. Friends, these are "piping times," and everybody should move cautiously, or it will not be long until we will fail to make "both ends meet."

This is privately: If there is no change in financial affairs within the next six months, universal bankruptcy must set in. The general Government, States, counties, municipalities, and individuals, will be reduced to a common level—none able to pay their debts. This may be unpalatable to some, but be careful that we do not render it into a stubborn fact.

MORE STATIONS.—We dislike to meddle with other people's business, but as railroading pertains more to public than private affairs, we take the liberty of calling the attention of the managers of the Tyrone & Clearfield Railroad to the fact that their plan of accommodating the public along the line of their road, between this place and Curwensville, is very peculiar and unsatisfactory to the public. It was supposed that the Summer schedule would bring with it some change, and that two or three passenger stations would be established between the two places. There should be one at South Clearfield, another at the river passenger bridge, and a third at the railroad bridge, at Judge Read's. Because this has not been done, great complaint is made by the residents along that portion of the road. Why it was not done, we cannot comprehend. Will the officers indicated please give the public a little information on this point? Is there any change contemplated?

A BIG SNAKE.—A friend in Curtin township, writing from Howard, who signs himself "J. A. D.," sends us the following account of a young lady's adventure with a big snake: On a very warm day, recently, Miss Lizzie DeHass was playing the piano, with all the doors and windows in the house open. After indulging herself with a few favorite airs, she happened to cast her eyes toward the door which led into the hall, when she was horrified to behold a treacherous black snake, with head erect, deliberately surveying the surroundings and apparently delighted with the situation. As his snakeship had not observed the rules that govern good society by rending in his card or ringing the bell, the young lady, notwithstanding the implied compliment to her music, concluded that it would be best to have as impolite a visitor expelled. Rising to scream, she calmly and with great presence of mind, called Mr. Gruff to her assistance, and together they laid Mr. Snake out stiff and cold. When measured for his coffin the reptile stretched out seven feet two inches and a half.—*Bellefonte Watchman.*

A TEST CASE.—The "ups" and "downs" in this world are numerous. The last case brought to our notice is that of Dr. Kline, of Osceola. The *Reveille*, in alluding to him, says:

"Dr. D. D. Kline, who is nearly ninety-five years of age, lost a comfortable home and all his personal property. It is, indeed, a sad thought, to realize that the earnings and savings of a lifetime extended to ninety-five years, should be swept away with scarcely a moment's warning. The doctor's loss is estimated at $6,000, and was insured for $1,000. With this sum and whatever he may derive from the practice of his profession, he has determined to commence anew the battle of life."

Young man, how do you feel after that? The thirty-year-old who has been overtaken with a similar calamity, and whines and complains, had better imitate the doctor. Young man, go to work!

LISTEN!—This is the way the Osceola *Reveille* puts it:

"It is the purpose of Liveright Brothers & Co. to erect on their corner, a three-story brick building, 50x75 feet. Adjoining this, Lloyd, Caldwell & Co. will put up a large brick banking house, and in a short time, Hartman & Fries will build an extensive brick store house on the ruins of their hardware store."

Those persons who have been so anxious to see that desolate spot, and have not had time to view it, had better go soon, if they do not want to be cheated; because the town will soon be rebuilt and so disguised by improvements that they will not know the place.

ALMOST A FIRE.—We learn that on last Saturday afternoon, a fire broke out in the back yard between the stores of A. I. Shaw and Richard Mossop, which but for its timely discovery would have caused a heavy loss in property. How it originated is not definitely known, but it is supposed somebody threw a lighted cigar from one of the store windows into the yard, the fire from which communicated to some combustible matter therein, and when discovered had got quite a start on one of the buildings. It was discovered by young Mossop, and promptly extinguished.

For five nights in succession, Tremaine's Sun Picture Tour from New York to Europe and the Holy Land has exhibited in Pie's Opera House to admiring and appreciative audiences. These pictures are really works of art, and being photographed on the spot from the original, cannot fail of being faithful representations. The final exhibition will be given this (Wednesday) evening, and we advise all who have not seen them to do so, assuring them that the sight will amply repay them.

STILL ON THE INCREASE.—Notwithstanding the "strike" and the general depression in business, our coal interests, according to a tabular statement found elsewhere, increased over 100 per cent. for the week ending on the 12th of June, over the same week in 1874, when the shipments were only *eleven thousand tons* to twenty-*three thousand tons* in 1875. If the operators and miners behave themselves during the present year, the same week in 1876 will show 300 per cent. gain over 1875.

THE DOWN GRADE.—The Williamsport *Gazette and Bulletin* says: "The report for the month of May shows that the shipments of lumber from Williamsport reached a total of 21,453,708 feet, an increase of 368,708 feet over the shipments of April. The trade is not encouraging by any means. For the same period last year—five months—the total amount sent to market reached 110,483,047 feet. This year the footings only aggregate 71,480,258, a decline of 39,004,889 feet.

LOOK HERE!—Reader, there is another new wrinkle in the Postoffice Department, which has for several years part undergone about as many changes as the moon. The next change will be this: On and after July 1st, 1875, fees on domestic money orders not exceeding $15, 10 cents; over $15 and not exceeding $30, 15 cents; over $30 and not exceeding $40, 20 cents; over $40 and not exceeding $50, 25 cents.

LEGAL GIANTS.—Our Court room was the theatre for a display of rare legal ability last week, between United States Senator Wallace and Congressman Jenks, of the Indiana, Jefferson and Clarion district, who were pitted against each other on a land trial. As lawyers they have few equals, even outside of the "solid cast section," as our portion of the State is called by the refined eastern portion.

RUNAWAY.—As Mr. Wm. S. Ogden, of Lawrence township, was returning home from Clearfield, yesterday noon, his horse got frightened near the east end of the lower bridge and became unmanageable, throwing Mr. Ogden out of the buggy and dragging him quite a distance by the lines before he could get extricated. The horse with the buggy attached ran up the west side of the river and stopped near the end of the old bridge, after coming in contact with Judge Shaw's fence. Mr. O. received slight bruises and cuts about the face, otherwise little damage was done.

READY FOR WORK.—By reference to a card in this issue it will seen that our newly admitted Attorney has opened an office in Curwensville, for the transaction of business in his line, where he will, no doubt, be glad to see any in need of his services.

Of Trunks, valises, and umbrellas we have a splendid line, just opened.

It is easy to say that all these goods are sold low, but the skeptical are requested to call, and I will convince them of the truth of the assertion.

We shall take special pains to accommodate all classes of customers, but the farmer especially. We will take in exchange for goods wheat, rye, oats, corn and other grain, potatoes, butter and eggs; so none need complain they cannot buy goods for want of something to buy with.

To say that I feel thankful to the public for their large patronage extended in the short time I have been in the business, does not express my feelings. I am truly grateful for their custom. My sales having already more than trebled, I shall try to deal in such a way in the future, as to continue to merit the liberal patronage of the people.

Remember the place. Flegal's old stand. The old sign is still up, but it will shortly be replaced with a new one.

Your most obedient servant,
PETER McGEORGE.

CAUTION.

We have for the last three years been vending our sample bottles of ROSCHEE'S GERMAN SYRUP for coughs, colds, consumption, and all diseases of the throat and lungs. We now find other parties advertising sample bottles in the same way. All we have seen of these little sample bottles contain ether or chloroform, intended only to dry up a cough for a day or two. Be careful to call for ROSCHEE'S GERMAN SYRUP, which contains no ether, chloroform or opium, but the secret of its success is in a German extract of the active principles of Gum Arabic, and physicians buy our medicines and use it in their practice successfully. TO THE FARMERS
—OF—
CLEARFIELD COUNTY.

No more excuses for not buying a Mowing Machine on account of no rain.
M. G. BROWN & BRO.
Have just ordered a car load of machines.

Farmers, push your business. It is the only business in which there has not been a penetration of prices and scarcity of money. Counties that depend on farming are full of money. Lancaster City Banks refuse money on deposit, as farmers have filled their coffers.

Business is reviving in the east. Give heed to farming. Do not let us send out of our county for produce any more. Cease to lumber until merchants are compelled to come here to buy your timber, then you are sure of a fair price.

Remember that BROWN & BRO. are selling The WOOD and the BUCKEYE MOWERS and REAPERS.

COATES' OHIO LOCK-LEVER HAY RAKE, and others.

Five different kinds of HAY FORKS.

Ellis & Hoffman's ONE-HORSE THRESHING MACHINES.

BUCKEYE GRAIN DRILLS,

CIDER MILLS, WIND MILLS, CUTTING BOXES,

and anything else in the line wanted by farmers. They will sell for cash on easy terms, or exchange for trade.

Call on M. G. BROWN & BRO., Market street, Clearfield, Pa., adjoining Mossop's store.

ESTABLISHED 1837.

BAILEY'S
PURE RYE WHISKY.

We again call your attention to the above celebrated brand of goods, and we do so with the conviction that there is a great want existing among a vast number of persons who are compelled to use, medicinally or otherwise, a pure whisky.

To supply this want we offer **Bailey's Pure Rye,** an article which has been before the public for a number of years, its reputation standing high as a thoroughly reliable stimulant among medical men. As an evidence, quite a number of our eminent physicians prescribe it to the exclusion of all others.

Being made on the best known scientific principles, from the choicest grain, and by practical distillers, it retains a delightful flavor, and, greatly improved by age, makes it largely sought after by first-class hotels and druggists.

Should you desire to give this whisky a trial, and are in doubt as to whether your hotel or druggist keep it, (not having one of our signs displayed,) write to us and we shall be most happy to direct you to the persons who handle our goods in your neighborhood.

We are also sole proprietors and manufacturers of the well-known DR. STOVER'S TONIC HERB BITTERS, which has been successfully used for over thirty years as a Blood Purifier, anti-Dyspeptic and Tonic.

NOTICE TO TRESPASSERS.—

I hereby give notice to all persons that I am determined to prosecute all who commit any depredations or trespass on my premises, either by traveling across my grain fields and meadows or turning out of cattle into my woods. If continued I will proceed against all such violators according to law. Those who persist in these offenses may expect to be dealt with as rigorously as the law will permit.
