OFFICIAL DIRECTORY.

TIME OF BIRDS, QUARTER, ETC., ETC.
The first Monday of October.
Third Monday of March.
First Monday of June.
Fourth Monday of September.

TIME OF BIRDS COMMON PERIOD.
First Monday of November.
Second Monday of November.

**President Judge.—Hon. Charles A. Mayor, of
Lock Haven.**

**Associate Judges.—William C. Foley, Clearfield;
John J. Reed, Curwenville.**

Prothonotary.—John W. Morgan.

District Attorney.—Frank Fielding.

State Auditor.—William H. McPherson.

**County Surveyor.—Samuel F. McChesney, Cur-
wenville.**

County Treasurer.—John D. Thompson, Curwenville;

Clark Brown, Clearfield; Conrad W. Kier, Graham.

County Auditors.—James H. Miller, Lemont City;

Lemont, Pennsylvania.

**Notary Public.—John W. Wright, Wm. Ba-
dolino, John W. Evans, John W. Arnold, Curwenville.**

**J. J. Lingel, Samuel Sayers, George Mills, John-
son Hamilton, Luthersburg.**

**Our Special column is decidedly interesting in
a local point of view, and provides reading for
outliers who want to save money.**

**The first snow of the season—a few
stray flakes—made its appearance on Tuesday
morning.**

**The statement of the County Na-
tional Bank, of this place, is among the new ad-
vertisements in this issue.**

**A TWO-WEEKS TERM.—The court
before noon, last week, entered a two weeks' term
for November, beginning on the second Monday.**

**John Donaline, of this county, made
the first three-hundred shots of one hundred yards,
and carried off the prize at the County Com-
petitive Fair, last week.**

**There are eleven pairs of twins in
Glade township, Warren county. Can any other
township in the State be a pair better than the
other?**

**It is said to be an actual fact that a
Fourth of July committee in Erie has laid out an
expenditure of \$650. Will workers never
cease?**

**Big cabbage heads are becoming a
great deal of attraction by a number of our ex-
changes. We have not heard of any unusually
large ones in this vicinity.**

**A Quaker lady from Philadelphia
on the part of the Clearfield M. E. church
on Monday evening. A large congregation was
present, and everybody was highly pleased with
her visit.**

**The epizootic, which made sad hav-
ing among horses two years ago, is again making
its appearance in some of the surrounding com-
munities, though in a milder form than before. It
yields readily to prompt treatment.**

**As soon as the people get over the
excitement of the election, they begin to day
they look for as a solace—provided the present
officials do not feel too down in the mouth to
write a proclamation appointing it.**

**A down east weather prophet has
put October down for thirty rain storms. If
he had been in this vicinity on last Wednesday
evening, he might have been led to believe that
the entire batch were all coming down at once.**

**OVER—Our three-year term of
court closed on Saturday, about six o'clock. Eleven
days of the term were consumed in the trial of the
miners' riot case, the balance of the time being
consumed in trying the usual commonwealth cases.**

**The State Fair, which was held at
Lancaster city, last week, was a great success.**

The display is said to have been one of the finest

ever made, and the attendance very large. On

**Thursday over twenty-four thousand tickets were
sold.**

**JACOB IRWIN, Sr., of Lawrence town-
ship, died at his residence in that township, on
Monday morning last, aged about 17 years. The
funeral service will be conducted in the West
Clearfield M. E. church, at 10 o'clock on this
(Wednesday) morning.**

**The frisky squirrel is beginning to
feel uncomfortable now, because of the near ap-
proach of the "Clearfield boating tournament." There is not much cause for alarm on the part of
the little animal, as our local Naturalists are
generally very deadly shot.**

**"California Jack," who helped to grub
the County National Bank, in this place, was lately
arrested in Johnstown for going through a jewelry
store, and has been sentenced to two years in
prison by the district court in Johnstown.**

**The SINKY-PINE CASE.—This court
is now the leading case in this country, and
will be decided in the fall.**

**Thirty-nine new freight and passenger
engines are to be delivered to the Pennsylvania
railroad company this month, and the cars
should be in time for the first of January.**

**A large force of mechanics have been employed,
and thirteen hours a day are now worked, instead
of eight and nine, as has been the case during the
past summer.**

**PASSED OVER.—The Board of Par-
sons adjourned on Wednesday last without acting
upon the petition for the pardon of the miners
sent to the president by the miners' committee
on our side.**

That case is held under advisement.

**The next meeting of the board will be held on the
second Tuesday of November.**

**Half a million bushels of potatoes
were raised in McKeesport this year. That kind
of farming pays, and just so soon as our farmers
realize the fact that it pays better to farm than
to lumber, we can record a fast similar to the
above for Clearfield county. Come, gentlemen,
leave your trees alone and pay more attention to
tilting the soil.**

**SINGULAR ACCIDENT.—The MUNICH
Locality says that John Gartner, of Jordan
township, Lycoming county, lost two horses last
week under somewhat peculiar circumstances.**

**Mr. Gartner was plowing on a steep ridge hill,
and below him was a terribly burning log.**

**He had to stop his team and, after pulling them
out of the fire, he went to the top of the hill.**

**He then went to the bottom of the hill, and
when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**

**He then went to the top of the hill again, and
when he reached the top, he found that the team
had bolted.**

**He then went to the bottom of the hill again,
and when he reached the bottom, he found that the
team had bolted.**
