READ IT.—Do not fail to read the address of the State Committee relating to the SIX MILLION STATE ROBBERY, as well as the report of the Legislative Committee on the same subject.

Read Meek on Boyer this week, as copied from last week's Watchman.

The advice he gives to the Democrats of Centre county can be utilized in Clearfield county.

DEMOCRATS BEWARE!—The enemy is fishing for your money out of the State Treasury and now wants to give a small percentage of it back to you, for your vote so as to continue their robbery for three years more.

Democracy do not split your ticket. Our nominees are far more competent and deserving of your suffrage than those of the enemy.

A MODEL MAN.—Murray, the Radical Chairman, is circulating a private letter, directing all his aids to concentrate their forces on Capt. McLaughlin, the Radical nominee for Treasurer, and to trade off with the other candidates on the ticket for votes for him.

ALL QUIET.—Ten days ago we forwarded several copies of Radical newspapers to the Post Office Department, as samples of fraud. We presume the mail car has been drowned or burned up, as the officials have not acknowledged their receipt.

A MISTAKE.—Last week in calling the reader's attention to our ticket and the nominees, we omitted to mention the name of our nominee for Coroner, Mr. Neff, who resides in Burnside township, and also belongs to a numerous family who has resided for many years in the southern section of the county. He resides long enough in the county to be eligible to the office. That is something his competitor cannot boast of.

DEMOCRATS ATTENTION!—The enemies of free government are busy at work. Everything that MONEY and trickery can accomplish is being done. A portion of the SIX MILLIONS stolen from the State Treasury is now being used in this county to corrupt voters.

Just like all other criminals the Radical leaders are making a huge effort to escape the penalty, which, Tweed like, they will ornament before a year passes around, if the people are opposed to plunder and so express themselves at the ballot box on Tuesday next.

THE LEAGUE FRONT.—The fight which has broken out between the Union League and Pilgrims in Philadelphia, is widening as the election approaches. A League Committee had made a report, favoring the striking off of the names of three of the Radical candidates for lucrative offices, among them Gen. Harry H. Bingham. This move, of course, soon caused a breach in the league ranks, which the League attempted to cure by taking a vote, and consequently held a two days' election last week resulting as follows:

Majority in favor of the committee..... 192

This vote will prove the death of the Pilgrim candidates and a never ending feud within the walls of that palatial establishment. But then it's none of our funeral.

FINANCIAL SLAVERY

No political crime rests so heavily upon a State or Nation, as a debt. Individuals, similarly situated, can appreciate our remarks. The "National blessing," which has been entailed on us by Jay Cooke and his confederates, presses on our business affairs like a night mare.

THE LEGISLATIVE ROBBERY

The Legislature before adjourning last spring appointed a committee of its members to investigate the affairs of the State Treasury and the Auditor General's where the George O. Evans band of plunderers have had their headquarters for ten or twelve years past.

ADDRESS OF THE DEMOCRATIC STATE COMMITTEE

DEMOCRATIC STATE COMMITTEE OF PENNSYLVANIA, PHILADELPHIA, OCTOBER 22, 1874.—The People of Pennsylvania, the bill of government. It is your desire to read the great chapter of your wrongs, set forth in a report of a committee of the House of Representatives, which has been prepared by the hands and the pen of a corrupt ring, fastened upon the public treasury of our State, and is here presented to you.

AN UNWILLING STATE ROBBERY

George O. Evans and Robert W. Mackay, have been credited with being the greatest public robbers that ever infested the State.

WHAT DO THE WORKINGMEN OF PENNSYLVANIA SAY TO PAYING \$589 FOR FURNITURE?

Our Republican Governor, who thought to set an example of equalizing simplicity, must not only sit at a table costing \$100, but must survey himself in a "looking glass" costing \$344, including looking and hanging up.
