

GEORGE B. GODDARD, Editor of The Republican.

WEDNESDAY MORNING, NOV. 15, 1876.

Reader, if you want to know what is going on in the business world, just read our advertising columns.

Has the "total wave" stopped. Who knows?

We like this bit of arithmetic, 1,902. It's so odd.

Played out—"loyalty" and the bloody shirt.

We wonder what the Fort holder up street will get off this week.

GODDARD BACK—Last year mother Centre gave a majority of 1,407, this year she tallies only 819.

"Ever faithful Massachusetts" even the average Radical editor, even if they do lose the President.

PROGRESS—Last year Clinton gave 827 majority, this year 1,140. Keep on and you may come up to Clearfield.

"We hold the Fort"—Journal, November 15th. Well just hold on—don't let it go. It won't hurt you. Please, do not surrender.

The ragged edged party has been badly frightened but we hope the members will all recover their senses in due time.

A MURDER REVISITED—Gov. Bigler was a rebel in 1854 and I know it.—Chas. Howe.

Well, we shall hear from this individual in the future.

A fair count of the votes in Louisiana, Florida and South Carolina, or a Revolution. We prefer the former but we are ready for the latter.

The Democrats of Blair county elect their nominee for Prothonotary—Mr. Stewart, although Hayes carried the county by more than 1,000.

One "Confederate" writes it one thousand nine hundred and two, while another tallies it nineteen hundred and two, and a third tallies 1,902.

Yes—a prominent Radical remarked the other day: "Well, Tilden's income tax, especially his false oath ought to beat him with honest men. That's a little harsh on National Bank officers."

HOLD ON—Some of our zealous young Democrats now mourn because our majority did not reach 2,000. Boys, that's too big a Fort to hold. You could not hold the Confederacy as long as brother Row.

OVER FOR THE PRESENT—The fight on the Assembly question in Elk county, between Dr. Early and Mr. Wimmer resulted in the former's election. The vote stood Early, 977; Wimmer, 901. Tilden's majority in that county was exactly 800.

THE GAINS—The Democrats increased their vote in this county 947 over last year and the Radicals 499. This is certainly gratifying to all parties, and goes to show that we are growing, even more than our neighbors.

ANANIAS OUTDONE—Thibault Wood, editor of the New York Commercial Advertiser, is the oldest and most corrupt lobbyist in the Union. In order to alarm his bigoted readers, the day before the election, he said: "The owner of the Andersonville prison proposes to have the Government pay him rent for that accursed ground." The greatest liar referred to in Divine Revelation, never uttered a more monstrous falsehood than Wood. But then he is just as dead as Ananias.

QUEEN—President Grant told Gov. Curtin, that the count in Florida and Louisiana "must be square," nevertheless sends an army down there to count the ballots. Who in this republic free country ever heard the like! There is a clause in the Constitution of every State in the Union, forbidding armed soldiers to appear about the election polls, yet Grant orders the troops to the polls, and then commands them to count the votes! What next, O, King?

A THUNDERING REBUKE—The Democrats carried South Carolina notwithstanding the fact that the negro city of Charleston gave Hayes a majority of 6,225, and Beaufort county another negro harbor 5,431. In the Democratic counties where the soldiers were posted the negroes voted the Democratic ticket, by the acres. Hereafter the black Klux have succeeded in inflicting Sanbo so that he dared not vote any other ticket but the one furnished him by the carpet-baggers. So much for Grant's bayonet order. It accomplished just the reverse of what was intended.

CHANGE IN ETIQUETTE—We notice by our Radical exchanges that our Congressmen have made a "new name" over his Radical predecessors in this district. As an instance we quote the following from the Bellefonte Republican, the Radical organ of Centre county:

"Our friends are desirous of a new name for our Radical predecessors in this district. As an instance we quote the following from the Bellefonte Republican, the Radical organ of Centre county:

The Seventy-seventh presented a bold front in the recent campaign. They nominated a full county ticket, and when their organ, the "World," went under, or, rather sold out to Hayes & Co., they employed a number of printers and political experts, and established another organ, entitled the Independent, purporting to have been published at Woodland, and circulated it broadcast over the county. In the troubles some nervous people very much, and urged the election of their ticket made up of Messrs. Tate, Antes, Radabaugh and Gordon, two Democrats and two Radicals. For President, Congress and Senator it seems that the organization was allowed to vote as it pleased; but on the county ticket all were commanded to "stick to the ticket." The election returns are before us and it is presumed that the above named gentlemen must necessarily have run far ahead of their ticket. Well, let us see, Tilden 4,220 and Mr. Tate 4,313 votes, just 93 more than the former. Mr. Carlie, Mr. Tate's competitor, has but 120 votes less than Hayes. Again, the Juniors made a square fight on our nominee for Sheriff, Mr. Pentz, denouncing him as only a "backwoods Dutchman" and as being put forth by "the ring." Yet, the returns show that Antes had but 111 votes more than his ticket, half of which was permitted to occur. Bradford, where he resides, while Pentz was only 146 behind Tilden. The balance of their nominees, Radabaugh and Gordon, had about the same increased vote that was cast for Tate and Antes, and when the increase is aggregated, it gives us 840 votes, and when divided by four, makes the average 210 and develops the Junior strength in this county on the 7th of November, 1876. Those Democrats who still adhere to that insignificant organization must be blind indeed if they do not see that the whole movement is in the interest of the Radical party, and aided and abetted by the leaders of that party for the purpose of disorganizing the Democratic party, and the sooner they see it the better it will be for all concerned. There is no use for more than two parties in this county. A third party is only treated as other purchasable commodities are, bought and sold as the greed or caprice of rival candidates may dictate.

THE STRIKE—Time, October 18th, 1876. Place, crossing Street from the Court House to the Mansion House, in company with two old political stagers who were on their way to the Centennial.

"George, tell us candidly, what do you suppose the majority will run up to in this county this fall?" "Not less than 1,800."

"O, don't talk to me of blockheads, like McNally and Murray do when they tell us that Tilden is elected President, but we will have to pay the rebel debt, and pay the slave owners for their slaves. Face a higher estimate upon our intelligence than they do."

"Well, if election day is a day we say that we can carry out our 1 to 1 as I am satisfied that our majority will be that much. And when you get to the city tell Gov. Bigler and Senator Wallace that the boys are hooping the machine up towards 2,000."

"You went some down? No, sir. You are too enthusiastic. We must be off if we nearly train time."

"BUTLER.—It seems that Massachusetts still has a taste for Butlerism. The surroundings of Plymouth Rock, that celebrated Yankee biarsney stone, looks rather blue when viewed with a moral telescope. The hero of Dutch Gap Canal, has been re-elected to Congress, by the men who are laboring to put God in the Constitution! Well, well! When will wonders cease; and men will the halls of Congress be purged of rogues and cheap scoundrels? If the "moral idea" teachers in the latitude of Boston can set our people no better example than this, we hope they will put their boasted light under a bushel, or burn a blue one as their fathers did in 1817, when they wished to inform the British Commander where our soldiers were encamped. However, this and that put together gives us the full status of a Paritan.

"THE POLITICAL TIDE.—The Radicals gained on us in all the boroughs, except Ocoela and Wallaceport, but the Democrats made it up in the townships and sent our majority up to 1,454 to 1,902. Brady rolled up a gain of 106, and some of the smaller townships did even better. Girard, the home of Murray, last year gave us only 6 majority now gives 25, and Goshen doubled up by giving 27 instead of 19, while Covington on the other side went up from 83 to 126, and Karthaus jumped from 45 to 70. The Democrats in Pike township did noble work this year considering that election, Samuel J. Tilden President by a majority of a quarter of a million of the popular vote and by at least thirty-seven majority in the electoral college. An honest return of the votes of South Carolina, Florida and Louisiana, will show that each of those States has voted for Mr. Tilden by decisive majorities, thus raising his vote in the electoral college to 203. It now devolves upon the people to see to it that their sovereign will expressed at the ballot box shall not be frustrated. It might as well be understood first as last that the Democratic party and those who have aided it in the election of Mr. Tilden will not submit to the perpetration of the frauds now contemplated by the knaves who have repeatedly swindled the people of certain southern States in the canvass of election returns. They know their rights and knowing will dare maintain them. Mr. Tilden will be inaugurated President of the United States, peacefully if no fraud be attempted, forcibly if the people are compelled to put down ballot box stuffers and return-forgers by the strong hand. For the present we counsel calmness and moderation. But when the time comes, if it should come, when the rights of the people must be vindicated at any cost, the honest and patriotic men of the country must be ready to do their duty.

WOUND UP.—Nepotism will soon be at an end in this country. European snobs and blooded stock will not "run the machine," exclusively in their own interest. The handsomeness of the Grant-Debauch-Belknap families from the White House, will prove the death knell to nepotism, snobbery, etc., in America, for at least one generation.

Hon. Peter Est, of Columbia county, at one time a prominent politician, died at his home in Scott township, that county, on the morning of the 29th ult., in the 65th year of his age. He was the father of Gen. Wellington H. Est, the Democratic candidate for Surveyor General in this State in 1868.

BRADYON SHERIFF.—PUBL. J. 513. Antes, the other Junior and Radical, 36; majority for Pentz is Brady, 477. We wonder how those "Christian Statesmen," McNally, Murray, Fulford and Gordon rival a race of that kind. Better try Antes on somebody else.

THE DEMOCRATIC WELL.—Last year we polled 3,278 Democratic, and 1,819 Radical votes in this county, making a total of 5,097, and a Democratic majority of 1,454. This year we poll 4,313 votes for Tilden up to 4,220 and 2,318 for Hayes, giving the former the handsome majority of 1,902. How will that do to snicker over?

GOOD TESTIMONY.—Robinson, the Democratic Governor elect of New York, his resident of Elmira, Chemung county, who gives him 1,124 majority. This is over 600 more than the usual majority and it shows how the new Governor is appreciated by his neighbors who know him personally.

POLITICAL REDNESS.—The Radical candidate for Congress in this District, Mr. Lincoln, only received 50 votes in Elk county, the balance, 1,864, having been cast for Mr. Mackey.

203. THE UNION SAVED. TILDEN THE PRESIDENT ELECT. His Majority Three Hundred Thousand.

THE PEOPLE ELECT ANOTHER "CONFEDERATE CONGRESS."

How Stunning the Rebel Yells must be to Loyal Ears.

CARRY THE NEWS TO SIMON, ZAC AND RUTHERFORD.

LET US HAVE PEACE.

"The Old Union Savers" have fought a noble battle, and have routed the enemies of the Union and free Government in every section. Grant and his Sitting Bulls will be unable, in the future, to terrorize over, and rob and plunder the people of the United States in the name of "loyalty," and in the interest of the bond-holder. This modern Belshazzar may not be turned out to eat grass with the ox and the ass, but his end must eventually prove as disastrous. His route from Galena, in 1861, to the 4th of March, 1877, is one that none but demagogues need desire to tread. He that could have had a seat in the hearts and affections of forty millions of free people, had he deposed himself as becomes a hero, will soon be turned into exile, to be preyed upon jointly by aristocrats and snobs, as occasion may require. And this will not last long after his \$50,000 fee stops. The recent "Confederate yell," by which he has been agitated in Philadelphia for the past ten days must be shocking to him, although he heard them on previous occasions. He has our sympathy. The Army and the Union will soon be a man's world and all have been mistaken, and one, Samuel J. Tilden, put in his place who commands the esteem of all classes, and will never disgrace his position nor himself.

A contemporary in alluding to the election, says: "The people have elected Samuel J. Tilden President by a majority of a quarter of a million of the popular vote and by at least thirty-seven majority in the electoral college. An honest return of the votes of South Carolina, Florida and Louisiana, will show that each of those States has voted for Mr. Tilden by decisive majorities, thus raising his vote in the electoral college to 203. President Grant's Proclamation ordering the Army to Louisiana and Florida for the purpose of counting Hayes into the Presidential Chair in the former State four years ago, is the heaviest discount upon civil liberty that has occurred since the war closed. This infamous order will not only be looked upon as a violation of the Constitution, but also as a crime against the people of the Capital at Philadelphia. This royal decree reads as follows:
