MESSAS. EDITORS:—Permit me to lay before your readors a brief description of the great advantages and material resources that presented themselves to my observation in the State of Arabansas, Arbough which State of tarvolugh which State of tarvolugh which State of tarvolugh with State of the Capital with the cold-blooded selfishness of tarvolugh with State of the Capital with the cold-blooded selfishness of the Potomac, and with the cold-blooded selfishness of tarvolugh with State of the Capital with State of tarvolugh with State of month of the year. I find, after a careful investigation, that blighting droughts and grasshopper plagues are unknown within the State. With ordinary industry and care, anyone, no matter how poor, can make a comfortable living in Arkansas. Lands no matter how poor, can make a comis now over 20,000. Its railroad facili- gentleman deserves the contempt and fortable living in Arkaneas. Lands are cheap and better for their class than in any other State in the Union, the Indian Territory and Northern than in any other State in the Union, the Indian Territory and Northern than in any other State in the Union, the Indian Territory and Northern than Ind

fection. To make particular mention:

eity a very beautiful and picturesque to affect reverence for the memory of this weak and spiritless wretch. While ing. Ac., done on their natice and at reasonable rates. Also, agent for the noted for their fine truits of all kinds, and apples are a never-failing crop. and, in all my experience, I have never men as Matthews, Ewing, and Bland. Singer Sewing Machine. This is a natural peach country found people more cordial.

They grow large, are well flavored, and need no special care. Figs do well here, and are raised as large as they among the wenders of the Continent. to the memory of one who was a perdo in Louisiana. Plums, pears, quinces They are situated about 75 miles south-sonification of all that the West regards and cherries all thrive and do well. east of Little Rock, and 449 miles south as bateful and revolting.

peas, beets, beans, onions, cucumbers, discharge over 700,000 gallons of water show any gratitude for his alleged pubradishes, and every variety is produced daily, sufficient in quantity to accombine abundance. Two crops of the above modate, with delightful bathing, 12,000 it seemed as if Washington, on securin abundance. Two crops of the above can be raised annually. In this climate both fruit trees and vines produce abundantly and ripen the fruit in the greatest perfection. It might seem incredible to our northern friends, yet I am informed by all citizens that the fruit crop of Arkansas has not been a failure but once in thirty years. I find that all kinds of fruit and vegetables mature and are ready for market between the free free from all noxious gases. It is a seemed as if Washington, on securing the independence of this country, had conferred upon us a substantial benefit, but the Eastern States can no longer boast of their independence. Washington released us from the rule of Great Britain, but the final result has been our subjection to the rule of the West. Already, western repuditations and over their same and over their same

Arkansas, I find, has more navigable The great mineral resources are of LET'S HAVE THE ORIGINAL

cheaper than beef in the market of Little Bock, and bear stake is by no means uncommon.

Arkansas, I find, has more navigable streams than any State in the Union. St. Frances river rises in solutions are recommended to the state and are navigable the entire distance through its limits; Onachita river rises in Polk county, and is navigable at least 250 miles. Shilling river, eappying into the Salitice and recomplying into the Cartier of the State and are navigable to London and Cartier of the State and are navigable to London and Cartier of the State and are navigable to London and Cartier of the State and the navigable at least 250 miles. Shilling river, eappying into the Salitice are corner of the State. This is will be seen that of the seventy, four countries in this State, nearly every one states of the State, and the series of the State of the State are though the disting, with the State are though the disting, with their branches, a navigable lightery within the State or over 3,000 miles.

I find the agricultural advantages of Arhannas are greatly enhanced by the London State are the lowest. The state of the Cartier of the Cartier of the State or over 3,000 miles, and the state of the Cartier of the Cartier of the State of the Cartier of the Cartier of the State of the Cartier of the Cartier of the State of the State of the Cartier of the State of the State of the Cartier of the Cartier of the State of the State of the State of the Cartier of the State of the State of the State of the Cartier of the State of the State of the Cartier of the State of the

through the State, the latter coming crimes. George Washington was a in at the northeastern and going out loathsome capitalist, who never so far at the southwestern corners of the as is known, did a day's work in his State. The 1ron Mountain Railroad Company has on sale 2,000,000 acres of land on the line of their road, ranging in price from \$2.50 to \$19 per acre. Colone? Themse Language State Rock.

This beautiful little city, the Capital, sion on the banks of the Potomac, and in most localities in the State a soil is located near the centre of the State, had the effrontery to pretend that he unsurpassed in fertility, and a climate on the southeast bank of the Arkansas had a right to his home merely because unequaled in mildness. Outdoor work river, about 300 miles above its mouth. he had paid for it. can be performed during every it is built upon a bed of rocks, and is "Furthermore, this Father of our month of the year. I find, after a elevated some forty or fifty feet above. Country was a gentleman, and a man of the country was a gentleman, and a man of the country was a gentleman.

and no farmer there need be without a Texas. A marked advancement is be- advocate of honesty. During his entire The man who knows himself will endeavor to perform his part in every rank and station of life in which Providence has placed him. Hence, every one seeking a new home will promote his best interests and welfare by carefully looking into the natural advantages of climate, soil, and general mate and academies are flourishing and the newspapers are suice and selected in improvements, and the public life he never improved a single opportunity for cheating his creditors, and he never once proposed to cheat the creditors of the nation. These charges are made deliberately and with a full sense of their enormity. If Washington's admirers—of whomit is understance and content in the newspapers are suice and content in the newspapers are suice and the public life he never improved a single opportunity for cheating his creditors, and he never once proposed to cheat the creditors of the nation. These charges are made deliberately and with a full sense of their enormity. If Washington's admirers—of whomit is understance and the never once proposed to cheat the creditors of the nation. These charges are made deliberately and with a full sense of their enormity. If Washington's admirers—of whomit is understanced in the power and the never and the never improved a single opportunity for cheating his creditors, and he never once proposed to cheat the creditors of the nation. These charges are made deliberately and with a full sense of their enormity. If washington is a subject to the stranger of the never once proposed to cheat the creditors of the nation. These charges are made deliberately and with a full sense of their enormity. If washington is a subject to the nation of the nation tages of climate, soil, and general mate and the newspapers are spicy and corial resources of the locality where he concludes to cast his lot in life.

In the first place, fruit is grown in concludes and carries and states and sta In the first place, fruit is grown in grounds and gardens, and the profusion terprising freemen whose representa-great variety and in the greatest per-of shade trees and shrubbery, give the it is as impudent as it is silly to ask the

Vegetables of nearly every variety west of St. Louis. I counted fifty-eight "If the West has a right to despise grow here to perfection. Cabbage, springs, ranging in temperature from the character of Washington, we of the potatoes (sweet and Irish), turnips, 93 to 150 degrees (Fabrenheit). They East have, in our turn, no reason to holding in solution, or frequency find that all kinds of fruit and vegetables mature and are ready for market from six to eight weeks earlier than in the latitude of St. Lonis.

Stock-raising, owing to the climate, unfailing water and wide grass range, possesses sperior advantages, and is a branch of industry which has already become an extensive interest. The native grasses of Arkansas include thirty-five varieties and all grow luxuritantly. In most portions of the State cattle, horses, sheep and mules thrive and keep fat the entire year without food or care from the owner.

I can invite the ambitions hunter to Arkansas, to enjoy the excitement of the sum of the properties of the properties of the believed that the properties of the believed that the properties of the water, especially in the treatment of chronic blood diseases, are unequaled. Being located between two mountains. Hot Springs resembles an oil townone principal street being the avenue through the narrow pass between the mountains. A large number of visitors arrive daily, who are kindly treated and well-cared for, and the number is constantly increasing.

Timber in the forests of Arkansas has a wealth unknown elsewhere. There are no less than eighteen species

Arkansas, to enjoy the excitement of the properties of the water, especially in the treatment of chronic blood diseases, are unequaled. Being located between two mountains, the plantation whip, the Western demands of western repudiations, and western statesmen threaten to ask with measures in comparison with which the Silver Bill is a matter of all which the Silver Bill is a matter of all the forence of the subment of the plantation whip, the Western demands of western repudiations, and the must now and the properties of the which the Silver Bill is a matter of all the consequence. In Congress, where the Solution which the Silver Bill is a matter of all the solution whip, the Western sheep the plantation whip, the Western team of the plantation whip, the Western sheep the plantation whip, t

I can invite the ambitions hunter to Arkansas, to enjoy the excitement of hunting deer, which are aboundant in many parts of the State; or, if he would prefer bears and panthers, the western portion of the State will turnish ample opportunity. I found that game was very plenty, and had some experience among the bear, deer, and panther, in the Ozark mountains. A party of us were out two days, and killed five bears, seven deer, one wild cat, and had game enough to make as much as four horses could haul a distance of twenty-five miles—to Hot Springs. I would like to give the incidents of this hunt more fully, but space will not permit. In season, venison is cheaper than beef in the market of Little Rock, and bear steak is by no means uncommon.

Arkansas, I find, has more navigable.
