HANCOCK IN CALIFORNIA.

GENERAL ROBERTSON AND THE CENTRAL LEGION OF CALIFORNIA. The Hancock Legion, of which General Robertson is the leader, is rapidly augmenting its ranks.

ABRAHAM LINCOLN'S OPINION ON HANCOCK. A correspondent of the Lancaster Intelligencer gives the following anecdote, as told him by Mr. James McLaughlin, a prominent Republican of Baltimore.

HE BACKS OFF. The Harrisburg Patriot says: Hon. Francis W. Hughes, the real leader of the Hancock party in this State, has written a letter advising against a fusion with the Republicans on Congressmen in the Schuylkill district.

TORN BY HYENAS. A TERRIBLE ACCIDENT TO A CIRCUS PERFORMER. WINCHESTER, VA., Aug. 16.—As the street parade of Goup's circus, which was to show here to-night, was being prepared for the start, a terrible accident happened.

SENATOR DAVIS FOR HANCOCK. The approval of the choice of the Democracy in selecting Gen. Hancock as its standard bearer, by such eminent independent Republicans as Senator David Davis, of Illinois, is worthy of special notice.

THE PHILADELPHIA RECORD.

The Philadelphia Record in alluding to what is being reported by the Turks and the Grecians says: "Those chronic anarchists, the Albanians, or some of them at least, are now reported to have agreed upon a revolt against the Sultan."

DEAD ON HIS ENGINE.—On Saturday evening an engine on the Chicago and North Western Railway, named Emmannuel Curran, died on his engine between Peoria and Galesburg.

A VERY GOOD TEXT.—The Springfield Republican (Ind.) says: "The Republican party in this State has brought to the front a lot of Republican bidders and political bankrupts who made themselves conspicuous as the fashion of such men."

NEW DEPARTURE.—The New York Sun has the information that secret societies, called "The 309," after the number of members, are being organized for Grant at the Chicago Convention.

WELL PUT.—The Radical circles headed by the distinguished commission which has been "swinging around the circle," is styled by the Valley Spirit "The wonderful Garfield-Immoral aggression," and thinks that it contains "more enormities under one tent and more moral ugliness under one suit of clothes than ever before dreamed of by any man in the show business."

NOT OUR FAULT.—The Radical friends here in mind what is said of Garfield's criminal acts in the DeGolyer and Credit Mobilier cases is not an invention of the Democratic party. It is wholly a Republican invention, and it thinks that it contains the people it has been returned "a true bill."

THE noted story teller, General Kilpatrick, is telling the Republicans of the country that he has never had the greatest blunder this year at Cincinnati by the nomination of Hancock. It may be so, but it looks as if it required a great many orators in Maine to explain the fact to voters.

A couple of red-nosed old toppers were complimenting each other on their temperance, when one asked the other: "Have you ever seen me with more than I could carry?" "No; but I have seen you when I thought you had better have gone twice after it!" was the reply.

SMART OF COBURN.—A little fellow, on going for the first time through the pews where very high was asked on coming out what he did in the church, when he replied: "I went into a cupboard and took a seat on the shelf." "That boy is too smart for anything."

The Democracy of Indiana are making a more vigorous campaign than has ever been witnessed in any State. They feel entirely confident of success, but mean to "make assurance doubly sure" and have resolved on "putting in good work and a great deal of it all along the line."

No Democrat should forget that with scarcely a single exception the man of the Returning Board in Louisiana and Florida who assisted in the work of cheating Mr. Tilden out of the Presidency was rewarded with office by a Republican administration.

"John, how are you coming on with your washing?" "Splendid! I bathed three times a day." "How do you like it?" "The doctor says I must take a toddy after each bath to restore the circulation—that's how I like it!"

Another bad story in Garfield's campaign is the John Charles Fremont is taking an active interest in it. John Charles never associated himself with any enterprise yet that he didn't prove his Jonah.—Boston Post.

SEA-SOBER.—Propriety! Light-minded young thing!—Surely, Aunt Margaret, you're not going to wear spectacles in the water?—Ant M.—Indeed, no!—I don't wear 'em in the water, but I do wear 'em in the sea.—

Not in a mother, not in a wive, not in a twin brother, not in a son, can men have such confidence in a friend united by conformity of disposition.
