A Thrilling Incident.

Returning from a visit in New Oreans, we were fortunate enough to secure passengers. Among the ladies, one especially interested us. She was the widow of a wealthy planter, and had only one child to her farther's house. Her devotion to the child was very touching and the eyes of her old black nurse her mistress "not to love that boy too much, or the Lord would take him away for her."

We passed through the canal of Louisville, and stopped for a few moments at the wharf, when the nurse, wishing to see the city, walked out on the guard, at the back of the boat, where, by a sudden effort, the child sprang from her arms into the terrible current that sweeps towards the falls, and disappeared immediately. The confusion which ensued, attracted the attention of a gentleman who was sitting in the fore part of the boat quietly reading. Rising hastily, he asked for some article the child had worn. The nurse handed him a tiny apron she had torn off in her efforts to retain the baby in her arms. Turning on both sides. to a splended Newfoundland dog that was eagerly watching his countenance, he pointed first to the apron, and then to the spot where the child had gone under. In an instant the noble dog leaped into the rushing water, and also disappeared. By this time the excitement was intense, and some persons on shore, supposing that the dog was lost as well

as the child, they procured a boat and started off to search for the body. Just at this moment the dog was seen far away with something in his mouth .it was evident his strength was failing fast, and more than one breast gave a

A Touching Incident of

Fraternal Love. We have never read a more touchingly beautiful incident than the following, which occurred a short time since in one of the French courts. The natural nobility of the brother, and the affectionate faith of the sister, are examples worthy to be followed by the unfortunate youth of our own, or any other country, as an evidence that, however dark the day, an honest heart and a firm duced to four, who were all together resolve will overcome the greatest ob. clothes dealer. the crowd, and stood before the judge. "Who are you?" said he. "James Rome, the brother of this

"Thirteen." "And what do you want?" "I come to claim my Lucille." "But have you the means of provid-

"Well, let us see, my boy," said the

"About a fortnight ago, sir," exclaimed the boy, "my poor mother died of a bad cough, for it was very cold at home.
