The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the Jaws of Death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the affliced, who may place themselves under my care, a perfect and most epiedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Serofula and many other diseases, and should be a terrur to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death speedyily and the urrent of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ul

The afflicted are cautioned against the use of Patent
Medicines, for there are so many Engenious snares in the
columns of the public prints to eatch and rob the unwary
sufferers, that millions have their constitutions ruined
by the vile compounds of quack doctors, or the equally
poisonous nostrums vended as "Patent Medicines." I
have carefully analyzed many of the so-called Patent
Medicines, and find that hearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which, instead of
curing the disease, disables the system for life.

Three-fourths of the patent nostrums now in use are
put up by unprincipled and ignorant persons who do not
understand even the alphabet of the Materia Medica,
and are equally as destitute of any knowledge of the buman system, having one object only in view, and that to
make money regardless of consequences.

These symptoms if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and EPILEPTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—INSANITY AND CONSUNITION? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertion. In Lunstic Asylums the most melancholy exhibition appears. The Countenance is actually sodden and quilt destitute—neither Mirth or Grief ever visits it; should a sound of the voice occur, it is rarely articulate.

"With world measures wan despair Low sullen sounds his grief beguited."
