NEW YORK ADVERTISEMENTS. HEALTH DEPENDS ON PURE BLOOD. Brandreth's Pills purify the Blood: NO DISEASE CAN RESIST THEIR JUDICIOUS USE!

Mild operation with successful effect are the peculiarity of Brandreth's Pills. Ga Our race are subject to a redundancy of vitiated bile, at this season, and it is as dangerous as it is prevalent, but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities, which, when in suffi cient quantities, cause so much danger to the body's health. They soon cure liver complaint, dyspepsia, loss of appelite, pain in the head, heart burn, pain in the Brandreth's Pills work their way to the very roots of the disease, cleansing in their passage, removing every unhealthy accumulation till the blood is purified, the whole system renovated, and the functions and duty of life become a pleasure, where before they had been sad and weary burdens. Often when nothing has relieved and weary burdens. Often when nothing has relieved will be done in the same excellent style which has rouniting of the most serious character, whether from made his work and name so well known to the When the mind cannot collect itself; when the memory fails: when it is an effort to fix the attention : when our sleep is broken and our waking hours harassed with forebodings of evil, then Brandreth's Pills should be used. If these warnings remain unheeded, rheumatism, consumption, disease of the heart, bilious affections, jaundice, dropsies, piles, appoplexies and costiveness will suddealy present themselves. These Brandreth's Pills would have prevented, but nevertheless these they will also cure. Use them at once; do not let prejudice prevent the use

Brandreth's Theory of Disease. Never extract blood. Blood is the life. By abstracting it in painful diseases you may occasion the patient ease, but remember, this case is only the reduction or ease, but remember, this case is only the remetation or view; Melentor Remember, 2 miles from raimyra; lessening the power to feel. Brandreth's Pills accord with Nature! Nature's remedy in fact. such terrible suffering.

JAMES F. MAXWELL. MANUFACTURER OF Improved Fire and Water Proof COMPOSITION ROOFING,

HARRISBURG, PA.,

RESPECTFULLY inform the citizens of Harrisburg, Reading, Laneaster, Lebanon, and their vicinities, that we are prepared to put on roofs on most liberal terms, and at the shortest paties.

We respectfully call the attention of porsons about to build, to our invaluable method of rooting, now much used throughout the principal cities of the United States and their vicinities. This mode of roofing having all the combined requisites of cheapness, Durability, and Security against Fire and Water, and dispensing with high gable walls; the roofs require an inclination of not more than three-quarters (3) of an inch to the foot, and in many cases saving the entire cost of rafters-the

many cases saving the entire cost of rafters—the ceiling joist being used.

The gutters are made of the same material, without any extra charges; consequently, our roofs are put up at almost half the cost of either Tin, State, or Shingles. The material being of an imperishable nature, it surpasses all others in Durability;—besides, in case of any casualty, it is the most ceilly received of any the root age. is the most easily repaired of any other roof now in use. Yet, the best proof we can offer as to its being both fire and water proof, are our many re-ferences, to any one of whom we are at liberty to refer

ferences, to any one of whom we are at liberty to refer.

N. B.—But let it be distinctly understood, (since we manufacture our own composition, and do the work in person,) that we warrant all our work proof against both Fire and Water; if they prove contrary, we will most willingly abide the results.

The unaterials being mostly non-conductors of heat, no roof is so cool in summer, or so warm in winter. Those wishing to use our roof should give the rafters a pitch of about one inch to the foot.

THE GLOW WORM TRIMS HER SILVER LAMP. A SONG.

The glow-worm trims her silver lamp, And feeds its fairy spark,
To guide her love through the damp And dreary forest dark.
And when the dew is on the leaf,
She smiles, unfil behold,
The tears of Even's silent grief
Are turned to beads of gold.

So shines my love, when sorrow's night So shines my love, when sorrow's
Descends in storm and wrath,
And from her eyes a gentle light
Illuminates all my path.
And in the wilderness of gloom,
All darksome, and forlorn,
Her light brings roses into bloom
As sunshine in the morn.

My love! my starry glow-worm, bright, I bless thy quiet ray,
There is no loveliness, or night,
Whilst thou dost cheer the way.
And through the dark, that friendly beam,
When sunshine friends depart, Still on my pathway there shall gleam. That love-light from thy heart!

"THE OLD, OLD STORY."

Summer moonbeams softly playing, Light the woods of Castle Keep; And there I see a maiden straying, Where the darkest shadows creen She is listening—meekly, purely, To the wooer at her side; "Tis the "old, old story," surely,
Running on like time and tide,
Maiden fair, oh! have a care;

He is courtly, she is simple;
Lordly doublet speaks his lot;
She is wearing hood and wimple—
His the castle, hers the cot.
Sweeter far she deems his whisper
Than the night bird's dulcet thrill;
She is smiling—he heaviling— She is smiling—he beguiling— 'Tis "the old, old story still. Maiden fair, oh! have a care; Vows are many—truth is rare

The autumn sun is quickly going
Bebind the woods of Castle Keep;
The air is chill the night wind blowing,
And there I see a maiden weep.
Her checks are white—her brow is aching— The "old, old story" sad and brief; Of heart betrayed, and left, nigh breaking, In mute despair and lonely grief.
Maiden's fair, oh! have a care;
Vows are many—truth is rare.

AN INDIAN ADVENTURE.—The folowing incident was narrated to Lieutenant Beckwith, of the Pacific Railroad Expedition, by a Delaware Indian guide as they were traversing a mountain pass which was marked by numerous gullies and ravines:

"He was traversing this pass at midnight, accompanied by his squaw only, THANKFUL for past favors, the undersigned a sound (which he imitated) so slight as respectfully informs the public, that he continues his manufactory in East Hanover, Lebanon ear, as an arrow carried in the hand, striking once only with a slight tick, against a bow. Stumping Correspondence. General Packer to the Democratic Central Committee.

WILLIAMSPORT, July 18, 1857. Hon. C. R. Buckalew, Chairman of State Committee:

Dear Sir :- I have received the enclosed letter from one of the opposing candidates for the Gubernatorial office, and inasmuch as it proposes a plan for the conduct of the campaign which has never before been practised in Pennsylvania, and as the success of other candidates, besides myself, is involved in the election, I have thought it my duty to submit the communication to the judgment of the State Committee representing the Democratic party. If it is thought to be a proper mode of conducting the canvass, I shall cheerfully accede to the proposition.

Respectfully yours,
WM. F. PACKER. Reply of the Chairman of the Central Committee. PHILADELPHIA, July 25, 1857.

HON. WM. F. PACKER: Dear Sir :- I have laid before the State Committee the letter signed D. Wilmot, dated the 14th instant, and am authorized to say to you that in the opinion of the Committee you ought not to accede to the proposition it contains. The reasons for this opinion I will pro-
