Lebanon, Pa. WEDNESDAY, AUGUST 19, 1857. DEMOCRATIC STATE TICKET.

FOR GOVERNOR, WILLIAM F. PACKER, Of Lycoming County. FOR CANAL COMMISSIONER, ALMROD STRICKLAND, Of Chester County.

FOR SUPREME JUDGES, WILLIAM STRONG, Of Berks County. JAMES THOMPSON, Of Erie County.

Late accounts from Mexico state that President Santa Anna has died.

Mrs. Cunningham, the bogus-husband's mother, has been removed from her residence to prison, in New York.

Good Credit.—The loan of \$30,000 advertised by the Maine State Treasurer has been taken up at an average of more than 2 1/2 per cent. premium.

JAMES B. CLAY, son of Henry Clay, has been elected to Congress by the Democrats of the Ashland District, Kentucky.

The Black Republican presses are greatly annoyed that Mr. Hazlehurst is stamping the State.

The reported story, that some in Oregon are in favor of making it a slave State, would be a sufficient absurdity, if it was not notorious that the Wilmot Proviso was extended over that Territory by the Oregon treaty of 1846, which President Polk signed under protest.

During Mr. Buchanan's ten days' sojourn at the Bedford Spa he was not once approached for office or patronage.

The Meeting at Harrisburg, on Monday evening of last week, which was addressed by Mr. Hazlehurst, the Know Nothing candidate for Governor, is said to have been very large, and composed of gentlemen holding all shades of political opinions.

A book costing more than thirty millions of dollars was recently presented to a New York library. It was a Pitt's English Atlas, printed in 1838, or 174 years ago.

A number of counterfeit \$5 bills on the York Bank, Pennsylvania, are in circulation at Harrisburg, and will doubtless soon find their way down here.

Hon. FREDERICK P. STANTON, Secretary of Kansas, had been offered the post of Superintendent of Indian Affairs for that Territory.

The citizens of Pennsylvania will be called upon at the next October election to vote in reference to some very important amendments to the Constitution of the State.

McKim, the murderer of Norcross, is to be hung at Hollidaysburg on Friday of this week.

Senator John B. Rutherford, Assembly W. A. Trenchard, Mark D. White, Sheriff, Clerk, Recorder, John S. Lynch, Treasurer, Aug. Shamo; Commissioners, Robert McClure, John H. Mauer; Director, John Rader; Auditor, J. D. Boynton.

A New Kind of Communism Wine.—Mushroom catsup was by mistake administered at the Sacrament, instead of the customary wine, at a village near Sherburne, Canada, a few days since.

The Courier and Mr. Wilmot in 1851!

Great stress is now laid by the opposition press upon Mr. Wilmot's oratorical ability; how his eloquence would charm and sway the people to vote the Black Republican ticket if they only could hear him.

From the Courier, Aug. 29, 1851. "BIGGER AND WILMOT.—Wilmot, the notorious author of the Wilmot Proviso, has taken the stump for Bigler. He and Bigler, in conjunction, addressed a meeting at Towanda, on the 18th inst., when they took occasion to soft-solder each other in the most approved modern manner."

According to this, Wilmot's oratory could not have been very effective in the North.

To show how "Wilmot catches at whatever seems to be the popular tendency," &c., we quote—

"Their Cultures, their Footes, &c. in the South, were going all wrong for Bigler, who, when Bigler, the Butlers, the Wilmotors, and other of their Northern leaders, were pursuing a counter policy in the North. We do not pretend to say that either party of them were actuated by any regard for principle, but it was a plot by which they thought to obtain and perpetuate power. They did it from mercenary motives, and they reaped a bitter reward. For the Locofores to deny these facts, is an insult to the common intellect. We all remember that the Van Burons, the Wilmotors, and others of that kind, were the leaders in the Free Soil movement. For their conduct, when we believed them to be honest in it, we honored them; for their apostasy now, and their denunciations of every body who believes as they did, as a traitorous, every DEMOCRAT must deem them unworthy. They catch at whatever seems to be the popular tendency of things, that they may ride into power on the popular breeze, and enjoy the spoils of office, regardless of all prior professions or actual acts. Out on such modern Judases, who would sell their principles, their country and themselves, for a mess of pottage, that they may revel in emoluments and gratings, serving up to the people the honest tax-payers of the country. But their sins have found them out, and they can never again enjoy the honors which they have so often DECEIVED and BETRAYED!"

"The Courier was right. Wilmot was 'found out' by the Democracy also, lost its and the 'people's confidence.' It remained for the Black Republicans to support a man who has 'so often deceived and betrayed' the people.

We did think it an honor to shake hands with Wilmot before he had 'deceived and betrayed' the people, and proven himself a 'modern Judas,' but if it was no honor to our humble self, how great is the honor to the Black Republicans to have this same man now as their candidate for Governor. THEY MUST BE EASILY HONORED!"

"Our Loco neighbor states that he attended the Convention at Harrisburg last week, and had the superior distinction of shaking hands with David Wilmot, author of the Wilmot Proviso, and some other Locoos, upon which he remarks, 'it was an honor we shall remember with pleasure the rest of our days. Our neighbor must be easily honored.'"

To show that the Free-trader Wilmot is an abolitionist we quote—

"They (the Democrats) are lustily shouting abolitionism, to direct attention from their own abolitionism. Some of our friends in the former State are in the habit of shaking hands with David Wilmot, author of the Wilmot Proviso, and some other Locoos, upon which he remarks, 'it was an honor we shall remember with pleasure the rest of our days. Our neighbor must be easily honored.'"

"The election of 1851 resulted in the triumph of the Democracy. The Courier thought it a shame that 'decent' people should vote the same way as did Wilmot, and gives them a dig as did

"The fact is, we have been defeated by Intense Unionism in Pennsylvania and intense Free Soilism in some of our friends in the former State could not possibly vote for Mr. Johnson because he was in favor of the right to discuss a change of one of the Compromise measures, and to want and vote with a party of those candidates was David Wilmot—Wilmot—and thus secured Col. Bigler's triumph."

"The Courier held a particular aversion to Wilmot, considering him an 'abolitionist, free-trader, secessionist, special privilege, plundering Locofoce!'"

"One of the opposition parties in Dauphin county (the Black Republican), has nominated the following County Ticket—

Senator, John B. Rutherford; Assembly, W. A. Trenchard, Mark D. White, Sheriff, Clerk, Recorder, John S. Lynch, Treasurer, Aug. Shamo; Commissioners, Robert McClure, John H. Mauer; Director, John Rader; Auditor, J. D. Boynton.

Gen. Packer Speaking to the People.

We perceive that some of our contemporaries are exercised because General W. F. Packer, under the instructions of the Democratic State Committee, has conceived it to be his duty to decline the invitation of Hon. David Wilmot, the Republican candidate for Governor, to a public discussion. Some ridiculous contrasts have been drawn in consequence of General Packer's declination. The mere fact that the Democratic candidate for Governor has not deemed it proper to meet his Republican opponent in joint discussion has suggested to certain objectors the example set by Governor Bigler in his memorable canvass of '51 and '54, and that of Governor Wise, of Virginia, in 1855, and if these objectors will look carefully at the instances they have cited, they will find that in no case has the proposition for a joint discussion been agreed upon by opposing candidates.

Gov. Bigler canvassed the State of Pennsylvania alone as did his opponent, Gov. Johnston. Mr. Wise canvassed the State of Virginia alone, as did his opponent, Mr. Flournoy. In 1855 the advocates of Republicanism took one range of counties, and the advocates of Democracy another. But this is not all. Wherever opposing candidates travel and speak together, which is customary in some of the Southern States, personal collisions are almost certain to follow. In the very late contest in Tennessee, and in several of the districts of Kentucky, the most unhappy conflicts ensued on account of these joint meetings. General Packer, advised by the Democratic State Central Committee, has declined meeting an adversary beaten beforehand. This is all he has done. Mr. Wilmot sought a joint meeting, with nothing to lose by it. He placed all his hopes upon the hazard of the die, and if defeated in the end, would not be more politically ruined than he was at the beginning. The Democratic candidate does not decline meeting the people face to face, everywhere and always. He simply abstains from giving to his opponent an opportunity, which, while it could not serve any great public purpose, or advance any great public good, might still further irritate the minds of the people on a question which, in the opinion of all honest men, was happily put at rest by the result of the late Presidential election.

We have already announced that General Packer will appear before the people of the different counties of the State between now and the election, and will give all his opponents an opportunity of hearing what he has to say.—Press.

A Curiosity.—Mr. Garret C. Wack, of this Borough, informed us the other day, that he had at his residence, an apple, in a tolerable good state of preservation, now nearly two years old. This is a remarkably long time for an apple to keep, and is considerable of a curiosity. There are 253 churches in Philadelphia.

BULL'S RECTO NISTURA. FOR PILES, TETTER, RINGWORM AND FOR THE SCALD HEAD, AND ALL THE AFFECTIONS OF THE SKIN. This is a most valuable medicine, and is prepared from the most pure and best ingredients.

THE SHIPPING OF THE CABLE FOR THE ATLANTIC SUBMARINE TELEGRAPH HAS BEEN COMPLETED AT THE LATEST ACCOUNTS FROM ENGLAND, AND THE LAYING FOR IT WAS COMMENCED SOON. An alteration in the arrangements for laying the cable has been determined upon, and the plan now is, instead of commencing in mid ocean, to submerge the whole cable in a continuous line from Valentia Bay, Ireland, to Newfoundland. The Niagara will lay the first half from Ireland to the middle of the Atlantic. The end will then be joined to the other half on board the Agememnon, which takes it to the coast of Newfoundland.

HIGH SALARIES.—The New York Evening Mirror contradicts the assertion of a contemporary, that the sum of \$25,000 per annum, said to be the salary of the new President of the New York and Erie Railroad Company is "more, probably, than is paid to any functionary in this country." The Mirror says, "The head man in Stuart's sugar refining business received, for several years, a salary of \$30,000; but he resigned his place for more profitable employment."

A man named Janeway was frightened to death, at Indianapolis, on Monday last, through fear that he would be run over by a train of cars on the Terre Haute Railroad. He was in a buggy, and was about crossing the railroad, when the train came up, and his horse stopped so near the track, that the driver became so terror-stricken as to cause his death. So the physicians' said who examined him.

SARATOGA MORALS.—The Board of Trustees of the town of Saratoga, N. Y., has passed a law imposing a fine of \$10, upon any person who shall "use any obscene or vulgar language, which language so used shall offend decency and tend to a corruption of morals."

At St. Paul's, Minnesota, board is \$14 per week; washing \$1.25 and \$1.75 per dozen.
