Lebanon, Pa. WEDNESDAY, SEPTEMBER 9, 1857. DEMOCRATIC STATE TICKET.

FOR GOVERNOR, WILLIAM F. PACKER, Of Lycoming County.

FOR CANAL COMMISSIONER, NATHAN STRICKLAND, Of Chester County.

FOR SUPREME JUDGE, WILLIAM STRONG, Of Berks County. JAMES THOMPSON, Of Erie County.

When the pot boils over the steam goes first.—This applies to the failure of a number of "banks" and "bankers," in New York city and elsewhere last week.

The following is the ticket nominated by the Democracy of Berks county, on Tuesday last:

Assembly, Edmund L. Smith, Amos Weller, Benj. Mummecher, Prothonotary, David History Register, Tobias Barr; Recorder, Nicholas Heckman; Clerk of Orphans' Court, Ephraim Fritz; Clerk of the Quarter Sessions, Joseph S. Hoyar; County Treasurer, William Rankle; County Commissioner, David L. Weirich; Director of the Poor, Jacob Malberger; County Auditor, Amos K. Stranck.

Our Democratic friends of Lancaster, last week, nominated the following county ticket, viz: Senators, Dr. John R. Raub, Wm. Patton; Assembly, John L. Breuneman, Thos. S. McElrath, James Jones, Samuel Wicks; Sheriff, Jacob Senner; Prothonotary, Dr. A. S. Bare; Register, William Hays; Recorder, Henry Kish; Clerk of Quarter Sessions, Jacob Fols; Clerk of Orphans' Court, Jacob Myers; Treasurer, John L. Lightner; County Commissioner, John Whitehead; Directors, L. Hally, S. J. Morrison; Coroner, Dr. J. B. Freedland; Auditor, Amos Linn.

Amos Clemson, an old man, 72 years of age, the head of a gang of counterfeiters and thieves in the neighborhood of the Gap, Lancaster county, who was convicted in the Lancaster county Court about two weeks ago, and sentenced to two years' imprisonment in the Eastern Penitentiary, committed suicide last week in his cell, by hanging himself.

A strike of the operatives of the Lancaster Cotton Mill No. 3, occurred on Tuesday, in consequence of an attempt of the Board of Directors to reduce their wages 20 per cent. A compromise was then offered by the Directors, upon a reduction of 10 per cent., which some of the operatives accepted, but the majority still hold out.

The Washington States says that at the conclusion of the marriage ceremony of General Walbridge, on Tuesday, President Buchanan was prompt to avail himself of the privilege of kissing the bride, turning to the General, he said, playfully, "You have deserted our ranks!" "How could I help it?" The General promptly responded as he pointed to his bride.

Some years ago the opposition designated the democracy as the "dirty-shirt party," because it was made up principally of Mechanics and laboring men. In Ohio, recently, one of the present Republican candidates for a State Office, said in a speech: "MECHANICS SHOULD WEAR A RED PATCH ON THE SHOULDERS TO DESIGNATE THEM FROM GENTLEMEN."

The "gentleman" who proposes thus to designate mechanics, will be very apt to get himself pitched about the 13th of next October.

Sensible.—The Black Republicans have on several occasions exposed their weakness to such an extent in Philadelphia, as to become general laughing stock for a season. Discretion is the better part of valor, hence we find them resolving at their convention last week, not to nominate local tickets for the city. Sometimes there is a wheel within a wheel, and the Republican wheel is double. Not placing a ticket of their own in the field, will give them a chance of claiming the entire opposition vote in Philadelphia as Republicans. Their game with the Americans is, heads we win, tails you lose!

We find the following going the rounds of the papers: Gerrit Smith, in a recently published letter, says that his expectations in regard to his gifts of land to colored men have not been fully realized. He says: "of the three thousand colored men to fifty have taken and continue to hold possession of their grants. What is worse, half the three thousand, as I judge, have either sold their land, or been so careless as to allow it to be sold for taxes."

What a humiliating confession for a "dyed-in-the-wool" Abolitionist to make that his African pets have turned out so unworshiply! How appropriately he calls them "colored men," for according to his own account, they are colored all through, and the hearts and minds of those he experimented on are as dark as their hides. But this is only another proof of the truth of the well known conclusion that in general, the negro race is unsusceptible of improvement. Speaking of negroes in their native land, a learned English writer says: "From the remotest antiquity down to the present day they have been hewers of wood and drawers of water for others, and made little or no progress; and legitimate inference from this is, that they are incapable of making it." And these are the words of a Black Republican who writes as an equal footing with the whites, and as the mere right to put a vote for as the mere right to the franchise!

William F. Packer the Poor Man's Friend.

It is well known that while Speaker of the House of Representatives, in 1849, General Packer, the Democratic candidate for Governor, contributed very materially by his influence toward the enactment of that now popular measure known as the "Three Hundred Dollars Exemption Act." During the winter of 1855, it will be remembered, a strenuous effort was made by person who fancied themselves aggrieved by the law, to have it repealed. Gen. Packer was then in the Senate, where he at once took lead among those who opposed a repeal. A remonstrance against the law, numerously signed by his own constituents, being forwarded to him to present to that body, he complied with the request accompanying it with the remarks which we print below, and which the Philadelphia Sun, prefaced as philanthropic, just and true. Democrat, &c. We need hardly say that they contributed largely to uphold the unfortunate debtor and his dependant family now enjoy the protection which that humane law affords and a sympathizing public opinion.

Mr. Speaker, I do not sympathize with the prayer of the petition I have just presented. I do not believe that the law of last session will injure the "poor and middle classes" of community. I do not believe that by exempting the last three hundred dollars' worth of property of the poor unfortunate debtor, from levy and sale on execution, and by driving from the door of poverty and distress, the sheriff and constable, urged on by a close-fisted, miserly and heartless creditor, that you would benefit the "poor and middle classes of community" by exposing their last article of household furniture—their last bed—their last stove—or their last cow, to the tender mercy of an avaricious creditor?

If Senators entertain such an opinion, let them comply with the prayers of the petitioners, and vote for the repeal of the law of last session, together with all the exemption laws previously enacted, and they will promote the interests of the poor and middle classes to the heart's content of the rich. Sir, so far from sympathizing with the petitioners, I would extend the exemption law still further. And permit me to say, which I do with all confidence, that the day is not far distant when it will be carried further. The day is dawning when every family will be protected in their little home, in defiance of the bad conduct of an intemperate father or a profligate husband. The day is coming, say it is now here, when it will be conceded that the man with a comfortable, permanent home, will much sooner pay his honest debts than he who is almost distracted with impending troubles, and who is over at the mercy of an execution.

Many of the States of the Union have led the way in this humane reform.—Maine exempts a homestead to the value of \$500, and in the absence of a homestead, personal property to that amount. Vermont exempts a homestead to the value of \$500. Iowa and Minnesota forty acres of land or lot. California exempts 320 acres of land or a lot worth \$2000. Deseret, or what is called Mormon State, it said secures a home to every family. All the States and Territories named have acted on this subject within the past few months. Georgia, Texas, Michigan, Wisconsin and Connecticut, have long since enacted liberal exemption laws. New York, always among the foremost in popular reforms, is also pressing in the annual message of Gov. Fish to the present legislature of that great State, to which I beg leave to call the attention of Senators. On the subject of homestead exemption, the Governor says:

"While it is admittedly a primary duty of the legislature to enact laws for the punishment of vice, it is no less its duty to remove the causes which frequently lead to the commission of crime. The impressions made upon the youthful mind, by the gentle force of parental authority and example, and by the associations of the family circle, are among the most active and enduring of the influences which control the conduct of after life. Much of the vice that we are called upon to deplore, may be traced to the removal of its subject, and from the innocent, but wholesome, association of a home, however humble. The cause of morality, therefore, the dictates of humanity, demands the preservation of the family circle, and the maintenance of the family home, as efficient preventives of vice, and sure and permanent contributors to individual virtue and happiness, and to public prosperity and order."

Such Mr. Speaker, are the views of the Governor of New York. They are the sentiments of a humane and far-seeing statesman—and I honor him for his many independence in giving them the weight and sanction of his official station. Sir, I go with the Governor of the Empire State, I would secure to every family a home and a HEARTH. I would not permit the covetous and hard hearted creditor to drive his unfortunate debtor, naked and penniless out upon the cold charities of an inhospitable world. The laws that authorize such a proceeding should be blotted from the statute books of every State in this Union—they are repugnant to the spirit of the age, and revolting to humanity. Like the laws sanctioning imprisonment for debt they should be repudiated by every philanthropic legislator—they should exist in the history of the past—an obsolete idea.

It has been truly said, Mr. Speaker, that he who sells out the last little property of a wife, and family of small children, of a rash, heedless, or perhaps intemperate husband and father, and afterwards goes home to dine—goes home to FEAST ON HUMAN HEARTS! Sir, money thus obtained has a damning curse upon it! Entertaining these views, Mr. Speaker, I cannot go with those of my constituents who demand the repeal of the law of last session, nor can I believe that any considerable number of them desire it.

SODA WATER! Gallford & Lemberger have now got in full operation their new and splendid Soda Water Fountain, where the public will find soda water of the very best quality equal to any obtained in the cities or elsewhere.

A GREAT TUNNEL.—It is proposed to connect the Atlatro river, near the Isthmus of Darien, with the Pacific Ocean, by means of a cutting, 63 miles long, in which will require to be a tunnel 4 miles in length, 200 feet in breadth, and 90 feet in height above the water.

A joint stock cigar manufacturing company has been organized at West-Field, Conn., with a capital of \$150,000 half of which was immediately pledged—"whereupon," says the Hartford Times, "the price of cabbage leaves immediately advanced." A considerable crop of tobacco, however, is annually raised in Connecticut.

A correspondent of one of the Boston newspapers gives the following extract from a sermon recently delivered by a Professor at Harvard University: "Viewing the subject from the eclectic stand-point of Christian exegetical analysis, and agglutinating the polysynthetic eclectists of homogeneous asceticism, we perceive at once the absolute individuality of this entity; while from that other stand-point of incredulous synthesis, which characterizes the democratic hierarchy of the Jews, we are constantly impressed with the precisely antipathetic quality thereof."

She was Caught.—A fashionable young lady in Syracuse was seen by a clerk in a store in the Franklin buildings, Thursday afternoon, to slip a couple of pairs of gloves in her pocket while the clerk's back was turned—she caught forgetting or not knowing that he could look into a mirror near by and see her movements. Then she took another pair from the clerk, and handed him \$5 to pay for them.—He gave her \$2 change; said he believed that was all right for three pairs, and bowed the thunderstruck young lady out of the store, blushing to the eyes.

Agricultural Note.—Hon. David Taggart is like the tail of a Newfoundland dog—an immense wag. His latest piece of fun is perpetrated upon the candidates for the governorship and their predecessors. In appointing the committees to act at the coming State Agricultural Fair, he has selected as Judges of Hams the following governors, ex-governors, and candidates for the governorship:—James Pollock, Milton; Wm. F. Packer, William-port; David Whitlot, Towanda; Isaac Hartz-burst, Philadelphia; Joseph Ritter, Carlisle; David R. Porter, Harrisburg; Wm. F. Johnston, Pittsburg; Wm. Bigler, Clearfield.

Robbery of the Pennsylvania Railroad Express Burthen Train from Philadelphia.—The Express Burthen train from Philadelphia, on Tuesday last week was robbed of about one thousand dollars worth of dry goods beyond Dillerville. The goods were traced to a house in Lancaster. One, that of Jacob Herzog, gives information that he had purchased them from a German named John Trumpy. Two other persons were suspected of being out in the country selling other portions of the goods.—One of them, Henry Levan, a half brother of Herzog, was arrested, and the officers are now in pursuit of the third person implicated. The robbery was effected by entering the cars immediately after the agent had examined them, and by throwing out the boxes and bundles into the road for accomplices in wagons to pick up.

Herzog Charged with Forgery!—Held In \$1000 to Answer.—Yesterday evening, Jacob Herzog was arrested upon a warrant issued at the instance of a German from Lebanon, named Jacob Leitz, charging him with fraudulently forging a judgment bond for \$196 31.

The facts, as alleged by the prosecution, are substantially these:—On the 5th day of last August, the judgment for the amount above named, in favor of Jacob Herzog, signed by Jacob Leitz and witnessed by Henry Levan (Herzog's step-brother), was recorded in the office at Lancaster, and in the Recorder's office at Lebanon, on the 7th (two days) thereafter. This judgment bond is dated 3d day of Sept. 1856; but Leitz positively denies any forgery. A judgment paper, being in existence previous to the time it was recorded in Lebanon, or of ever having any such transaction with Herzog—in other words, he swears it was a forgery.

It appears that Leitz and Herzog had had business transactions, the former being a peddler, and having purchased goods from the latter, but Leitz does not admit a debt of over \$30 or \$40. At the time the bond purports to have been given, Leitz did not own any property, having only come into the possession of a small property quite recently.—He alleges that the judgment was not heard of until after this fact was known. The presumption is that the bond was drawn since Mr. Leitz came into possession of property—a presumption which Mr. Herzog indignantly repudiates.—He waived a hearing, and entered bail in \$1000 to answer at Court.

BORN TO BE HANGED.—It appears from a report which is in circulation that it is very unpleasant to be born in a certain house in Chester Co., Pa. Since the year 1794 there have been five executions for capital offences in the county. Edward Williams, who was hanged in 1830, and George Pharaoh, who was executed in 1851, were both born in a house which stands about a mile from West Chester. Ingram, who was recently hanged in Illinois for the murder of his wife, also first saw the light in this same unlucky house.

NEW YORK ADVERTISEMENTS.

HEALTH DEPENDS ON PURE BLOOD. Brandreth's Pills purify the Blood! NO DISEASE CAN RESIST THEIR VIGOROUS USE! THIS OPERATION WITH SUCCESSFUL EFFECT IS THE Peculiarity of Brandreth's Pills.—G. O. UR care is subject to a redundancy of vitiated bile, at this season, and it is dangerous to neglect it, but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities, which, when in sufficient quantities, cause so much danger to the body's health. They soon cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart burn, pain in the breast, nervous, sudden faintness and costiveness. In brief, Brandreth's Pills work into the very roots of the disease, cleansing in their passage, removing every unhealthy accumulation till the blood is purified, the whole system renovated, and the functions and duty of life become a pleasure, where before they had been sad and weary burdens. Often when nothing has relieved vomiting of the most serious character, whether from sea-sickness or otherwise, where the retching has been appalling, a single dose of four Brandreth's Pills has cured and the patient has fallen into a sweet sleep, when the mind cannot collect itself, when the memory fails; when it is an effort to fix the attention; when our sleep is broken and our waking hours harassed with forebodings of evil, then Brandreth's Pills should be used. If we are weary of our present mode of living, and of our unimpaired digestion, the bilious affections, jaundice, dropsies, piles, apoplexies and costiveness will suddenly prevent themselves. These Brandreth's Pills will also cure. Use them at once; do not let prejudice prevent the use of this simple but potent remedy.

Brandreth's Theory of Disease.

Never extract blood. Blood is the life. By abstracting it in painful diseases you may occasion the patient's death, but remember, this case is only the reduction of the power to feel. And by thus taking away the ravages of inflammation, a convert what might only have been the sickness of a few days or weeks into a chronic affection of months and years.

Brandreth's Pills accord with Nature!

Nature's remedy is fast. When sudden, acute or chronic diseases occur from any cause, and the patient returns to health, you must use Brandreth's Pills, which will soon restore every organ from morbid pressure, and remove those humors which produce various affections, such as the following:—Gout, Rheumatism, Gravel, Dropsy, Piles, Hemorrhoids, &c. Brandreth's Pills will cure all these affections, and restore the system to its natural state. Brandreth's Pills will cure all these affections, and restore the system to its natural state.
