Resumption .--- We are pleased to learn that the Lebanon Furnaces near this place will shortly (probably 1st of February) again resume operations. This we consider of equal, if not greater, importance than the resumption of specie payments by the banks. The former will enable hundreds to obtain the necessaries of life, while the latter will make but little difference.

Farmers and others contemplating making sale of Personal Property, &c., will find the Advertiser one of the best, if not the very best, mediums for advertising the same. Its circulation in Lebanon county is as large as that of any other paper published, and its readers comprise all parties and conditions. Persons making sale only wish to inform those in the county or neighborhood, and here is embraced the principal circulation of the Advertiser.

It is full of the tragic and comic, and cannot fail of producing tears and roars of laughter in their turn. As principal of the Myerstown Academy, Mr. S. has proven, beyond a doubt, his competency for the position, and we are glad to learn that it is in a most flourishing condition. We do not doubt but there will be full houses at the exhibitions.

In the cities we learn that there is a two years' stock on hand, so that those having the means and the disposition to pay for it need not suffer tortures for the want of it. We Foster of Pittsburg.
