LETTER FROM LANCASTER. City Affairs—Wheatland and its Owner—Installation Ceremony—Death of Mrs. Stam-

baugh, &c. LANCASTER, Jan. 30, 1858. Mr. BRESLIN-Dear Sir :- Our noted City has again relasped into a state of quiescence, save the little excitement created among politicians concerning the city election on Tuesday next. Mr. Zimmerman, our present worthy and efficient M .yor, as you no doubt are aware, again received the nomination of the Democratic party, and it appears the citizens, not the Ropublican party, al items of intelligence from the Utah army. have cooked up an Independent ticket by placing Hon. Thomas H. Burrowes at its head. This will be a still more lame attempt than last year, when he was run with the addition of an American candidate, and both were defeated by old combined vote polled for both the opposition canditates. This will be the case again this year, when Democratic principles will once more be triumphant in the home of "Pennsylvania's Favorita Son." Col Cyrus Carmany will be a candidate for City Treasurer before the incoming city councils. Henry C. Wentz, Esq., and several

others are also out for the same office. In passing out the Marietta turnpike, on a that reigns about Wheatland, the country residence of President Buchanan. All looks dull and silent. One year ago it was all bustle and animation, being the eve of the honorable gentleman's departure to take charge of the governmental affairs of this great Confederation. Then politicians, of all grades, floeded the now quiet and lonely to state their claims for such and such an officefor this and for that friend. Every tree, almost, in the beautiful lawn before the mansion, had a horse attached to it, and there was a constant cold and windy morning of the 2nd of March arrived, and the sound of martial music waked the citizons to bid Mr. Buchanan farewell. The military and a long procession of citizens escorted him from his home, and smid loud and tremendous applause, the special train with the hon red statesman, moved on towards Washington City. Since then Wheatland is deserted. Mr. Buchanan has been home once-last fall-since he took the reins of government, and indeed, he looked remarkably well, much better than a short time before his first departure. May the noble chieftain, after the duties of Chief Magistrate are performed, live many a year to come in our midst, and may all endearer to live as he has, a life of mroality, sobrioty and honesty, and higher honors will await us all. Rev. Mr. Daniel Steck, pastor elect of St. John's

Lutheran Congregation was installed on Tuesday last by Rev. Mr. Ehrhart assisted by Rev. Mr. Kretel, who preached a powerful sermon from 1st Cor. 4 chap. and first and second verses, to the pastor and people. A number of other olergymen from this city were present. Reverend Mesars. Wedekind, Hay and Crumbaugh were appointed on the committee with Rev. Ehrhart, t were all prevented from attending ; but withal it was an impressive scene. The choir connected with this church, which is noted for its striking musical execution, opened the services with one of Taylor's beautiful anthom; which was well performed throughout.

Many of your Annville subscribers, no doubt. recoilect the "old school marm," Mrs. Stambaugh. She has at last gone from our midst to a better and loyelier home in heaven. She died at the residence of her son Col. Saml. Stambaugh, on Wednesday, the 27 inst., in the 90th year of her age. Well do we know the time, years agone, when she used to exhibit to us the Indian curiosities collected by her son, the Colonel, who was one of the most successful Indian Agents this government ever had. Peace to her ashes.

It appears that some folks have been foolish enough to put in circulation petitions for the passage of a special act to make the execution o Anderson and Richards, the murderers, public .-This is an outrage on the intelligence of the Community, and would be a shameful disgrace to the gentlemen representatives in the Legislature, to give it the least countenance. It is hoped no such act will pass to place special odium on our already too much stigmatised City. The last public execution in this place, (Sheaffer's) twenty five years ago, resulted in the killing of a man in a drunken fray on their way home from the execution. I understand the sheriff is already troubled with numerous applicants to witness execution of the two negroes, which may not take place in six

Yesterday morning the whether was colder and changeable; a perceptible snow was falling, and I perceived every flake that fell form a perfect miniature star, which phenomenon I never noticed before. Yours &c.

LANCASTER.

For the Advertiser. TOWN GOSSIP.

Ma. EDITOR :- Looking over last week's Advertier I perceive that the "Local Reporter" is receiving thrusts from the right and left flank, viz from the Lancaster correspondent for not swallowing his remarks, and from "Sis" because he spoke rather plainly a few weeks since on the subject of "town gossip." In regard to the first I leave the correspondent and "Reporter" make the best job of a bad case, but considering the latter a "free fight," I desire to zay a few words on this interesting subject, not because I consider the "Local" incompetent to take his own part, but merely for opinion's sake. Whatever "Sis's" opinions are in regard to the matter, I consider it good policy to hear as little as possible to the prejudice of others; to believe nothing of such import till I am necessarily forced to it; never to drink the spirit of ill reports; always to moderate, as far as I can, the unkindness which is expressed towards others; and always to believe that, if the other side were heard, a very different account would be given of the matter. These are rules that are laid down as a guide, and they certainly are not, if followed as prolific of avil results as some of those laid down by "Sis." "Our own acts alone can injure our character." Indeed "Sis" I think if you had examined that preposition thoroughly, it would not have appeared in your communication. The slanderer has the power, to surround his victim with appearances that can be construed to indicate his guilt, and how many innocent persons have been ruined? How many hearts desolated, hearths thoughtless, heartless babbling of "gossipers?"-Gossipers usually speak what they have heard, not what they have seen, and consequently do not tell what they know to be "truth," but what they have heard to be such, prompted solely by their love of scandal and not from "good motives."-The scandal-monger has no good motives; besides a person who speaks from "good motives," does not run about tettling to every one, as does the gossiper. "Surely I will not fold my arms and close my lips, when I see one bent on mischief." Then "Sis" taking you at your word, we can ask you to check the gossiper at every opportunity, for certainly such a one is "bent on mischief," "Nay I consider it an imperative and high moral duty

p declare openly what men and women are, and

what they are aiming at in many supposable casof one's action? And by what authority do you show the privilege of being a judge of their actions There can be found many topics to discuss in "priable," to the insidious inuendoes and perverted conclusions of the scandal monger. Yours. &c.

PHILANTHROPIC.

Later from Utah-Colonel Johnson's Design t Attack the Mormons. St. Louis, January 30 .- The Independence cor

respondent of the Republican gives some addition Captain Marcy, who had been despatched New Mexico for salt, was expected back by the middle of April.

As soon as he arrives and the transportation has been effected, Col. Johnson intends making an "white hat" by a handsome majority over the effort to enter Salt Lake city. Colonel Johnson's impression, from the demonstrations made by the Valley troops, was that a fight would result.

The Lecompton Constitution arrival at Washington—Result of the late Election. Washington, Jan. 13 .- Mr. Clarkson, charged with the delivery of the Lecompton Constitution arrived here last night, and immediately placed it in the hands of the President. Mr. Calhoun is pleasure jaunt during the delightful weather of expected in a few days. Mr. Clarkson says that, flast week, I could not help but notice the quiet | the vote of Delaware Crossing precinct had been returned to the commissioners for Leavenworth county, and was in his possession at the time when the returns were opened and counted in the presence of the Speaker of the House, the President of the Senate, and Governor, and that it amounts to something over three hundred votes. This gives the Democrats a majority in Leavenworth county rooms, anxious to obtain a friendly greeting and and, consequently a majority in both branches of a social chat with the noble statesman, in order the Legislature. Gen. Calhoun is expected to

reach hear in a few days. The Union is informed that the free-State vote, said to have been rejected by Calhoun because returned to Governor Donver, was the vote on travel in and out from Lancaster. Finally the | the Constitution alone, and not for State officers, and therefore rejected.

> Death from Snakeaphobia .- The Trampa Peninsula, (Fla.,) of the 19th, says that Mrs. Scaly, of that vicinity, died under the following extraordinary circumstances. About two weeks previous to her death, a small Garter snake made its way through the floor of the residence, and wrapped itself round the ankle of the unfortunate woman who was frightened into spasms. For two weeks she was confined to her bed, in a state of insensibility, and her actions partook of the snake nature -twisting her body into all kinds of shapes, sticking her head up in a snake-like manner, &c. At the expiration of this period, death intervened and relieved the sufferer from earthly troubles.

The King of Delhi's Mode of Execution. -The following has been communicated to the Poona Observer: Itappears from a journal of a European traveller that a new and fearful mode of exeecution had been adopted by the King of Delhi. The instrument and process are described. A box each side of which is fifteen feet square, is con structed of timber eighteen inches thick, dovetailed together, and braced with iron rods. The outside of the bottom of the box is covered with a plate of beaten iron, one inch in thickness. The interior is filled with perfect cubes of granite, weighing in the aggregate several thousand tons. A machine is erected after the manner of an ordinary pile-driver, but of course on an enormous scale, and of tremendous strength. The mass is raised by powerful machinery cast in Brimingham or the express purpose, though it is to be mesum. ed that the machinist by whom it was furnished had no idea of the borrid purpose for which it was intended. The human victim is placed upon a block of granite, of a corresponding surface, buried in the earth immediately beneath the enormous mass, and covered with a plate of iron. At a signal given by the vicramadack the executioner touches a spring, the mass falls, and the victim crushed at once, is suddenly annihilated, and spread out like a sheet of pasteboard! The huge weight being again raised, the flattened body is withdraw nand dried in the sun. When completely propared it is hung over the wall of a public building, there to serve as a warning to the multitude.

A SHORT SERMON AND A GOOD ONE .- The Rev. Dr. D .---, of Philadelphia, is noted for brief sententious says, in the pulpit and out of it. As he was coming down Chestnut street the other day; a gentleman asked him, "Sir, can you tell me how to find the Sheriff's office?" "Yes, sir," was the reply; every time you earn five dollars spend ten!" Saying this, the Doctor walked on, leaving his questioner gaping upon the sidewalk. He was a stranger who had come to town on business, and asked for information but the more he pondered the more he was convinced his unknown informer had answered him wisely .- N. Y. Observer.

It is stated that a son of the original Joe Smith, the prophet, founder of Mormonism, now resides at Nauvoo. He is about twenty-four years of age. A correspondent of the St. Louis Republican is very positive that Joseph intends to assume the leadership of the church next spring, and, as a method of solving the Mormon problem, suggests that our Government should encourage the people of Utah in acknowledging him, and thus rid themselves of the traiterous Brig-

QUIETLY DONE .- A correspondent of the New York Post, states that on Teusday afternoon, a young lady, residing at the P-e H-e, Brooklyn, walked off to her sweetheart, and said she must be married that afternoon. He did not refuse; the wedding came off, in New York, immediately after, and that evening she politely informed her "parent," by letter, that she was Mrs .---. This last marriage in haste will be a subject of conversation on the Heights until the next one comes

THE MODERN GIANTS .- Byrne, the famous Irish giant, who died in London some years since measured eight feet two inches. Cornelius Magrath, who died in the year 1790, measured seven feet eight inches. Edward Malone, another Irishman, was seven feet eight inches, and was nearly equal in stature and size to Daniel Cardenus a Swedish giant. Dr. Cheseldon, the famous anatomist, speaks of a skeleton discovered in a Roman camp, near St. Albans; England, which he judged to have the more sight feet four inch. Goliath, of Gath, according to Bishop Cumberland, rendered uncongenial, and homes destroyed by the was eleven feet high, and Maxamilius, the Emperor, was nine feet high.

The cavalry stables of the Emperor of Russia are the wonder and astonishment of all who have obtained admission to them. The enclosure of stone walls and from frames covers an area of ten miles in langth by five in width. The stalls are twelve feet square each, while in the centre of this vast building is an arena where an army of five thousand head of the finest horses in the world are broken, trained and excercised daily by another army of the most skillful trainers, jockies, &c., in the Emperor's dominions. Great Crowds——Low Prices.

O NE morning, last week, as a friend and myself, were leisurely walking out Market street, and on arriving near the corner of Guilford street, our attention was attracted to a large crowd of Ladies—and nearly all of whom were provided with large market baskets, and others with satchels hanging to their arms, and were evidently intent upon the same object. Upon inquiry we found that in the Mansion House, on the corner of Guilford and Market streets, is located the extensive Dy Goods, Greery, and Queensware Store of our polite and affable friends, FUNCIK & BRO., who have just opened a large stock of Fall Goods, and that the great crowd of Ladies were their regular customers, who may be seen daily at their counters, purchasing their goods. All we saw were evidently satisfied with their purchases; were-load in the praises of the excellent quality of their stock, and all were of the unanimous opinion that FUNCIK & BRO. sell the best qualities, at lower prices, than any of their competitors. So our advice would be to you, one and all, both great and small, to give Fuxer & Bro. a call, and they will surely try to please you.

G. A. NICOLLS, Gen. Supt. Fourteenth Annual Statement and Report

OF THE AFFAIRS OF THE

OF THE AFFAIRS OF THE

MULUAL FIFC HERSUL'ARCE CORRY.

OF SINKING SPRINGS, BERKS COUNTY.

IN PURSUANCE of the Provisions of the Charter, the undersigned, on behalf of the Board of Managers, submits the Annual Statement and Report of the Company, to January 1st, 1588, to wit:

There were issued during the year 398 Policies, effecting new Insurances on Four Hundred and Forty-Three Thousand, Six Hundred and Eighty-Four Dollars. Issued 214 Policies for new members, and 1st on Transfers and Alterations, the whole producing \$955 02, Premiums and Rees paid into the Treasury.

Special of the past year, amounts to \$12,983 99. of which the sum of \$11,954 88, has been collected and paid into the Treasury, less 3 per cent., amounting to \$358 64, for collecting the same. Interest received into the Treasury yon monies loaned out, \$105 89. Making the total receipts during the year \$12,658 95, out of which the following approprintions were made:—\$945 68 for contingent expenses, out of which, however, the sum of \$76 50 was paid for Printing done prior to the past year; \$2,847 12 to Daniel Housen, late Treasurer, for deficiency per his account; 18kewise, \$25 to Jno. Brussman, for his barn, destroyed by fire, before the organization of the present Board of Managers; awarded for losses by fire, as per annexed account, \$3,501 84, including Brussman's account, the away as a shaince of \$823 31 in the Treasury, after paying all demands to this date.

The-Company numbers, so will be seen below, nearly five thousand members, forming an aggregate Capital of nearly Thirteen Millions of Dollars, to levy upon. The heavy demands upon the Treasury to pay losses by fire, and the deficiency in the Treasury at the close of the last year, as will be observed, leaves but a comparative small balance on hand. The Company is increasing at a rapid stride, the reason of which is apparent in the fearful increase of the destruction of property by fire, and the powerful inducements shadowed forth in the enormous Capital to levy upon in case of distress, a Mutual Fire Insurance Com,

TWENTY-TWO YEARS'

Experience has rendered Dr. K. a mest successful practitioner in the cure of all diseases of a private nature, manhood's debility, as an impediment to marriage; nervous and sexual infirmities, diseases of the skin, and those arising from abuse of mercury.

TAKE PARTICULAR NOTICE.

There is an evil habit sometimes indulged in by boys; in solitade, often growing up with them to manhood; and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating affections.

Few of those who give way to this permicious practices

Riections.

Fow of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable sensations, and vague feers in the mind. [See pages, 27, 23, 29, of Dr. K.'s book on "Self-Preservation."]

The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak; he is dull, irresolute, and engages even in his sports with less energy than usual.

gy than usual.

If he emancipate himself before the practice has done
its worst, and enter matrimony, his marriage is unfruit
ful, and his sense tells him that this is caused by his early follies. These are considerations which curry 1001095. These are considerations which schould awaken the attention of all who are similarly similarly. REMEMBER,

July 15, 1857.—1y. PROFESSOR WOOD'S

HAIR

RESTORATIVE

FOR PRODUCING HAIR ON BALD HEADS, GREY HAIR TO ITS NATURAL COLOR. GREY HAIR TO ITS NATURAL COLOR.

THIS astonishing and unequalled preparation has never failed to produce a growth on Bald Heads, when used according to the direction, and turn half back to its original color, after having become gray and reinstate it in all its original health. Justre, softness and, beauty.—Removes at once all scurf, dandruff and unpleasant itching, scrofula, cruptions and feverish heat from the scalp. It also prevents the hair from becoming unhealthy and falling off, and hence acts as a perfect

HAIR INVIGORATOR AND TONIC.

A gentleman of Boston writes to his friend in New Bed-ford thus:— A gentieman of Boston writes to his friend in New Bealford thus:—

To your inquiries, I would reply, that when I first commenced using Prof. Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose, and pulled out freely; but I found that before I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots; and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask.

Yours, etc.

[From the Boston Herald.]

Something Worth Knowing.—By using Prof. Wood's Hill Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnson & Stope, Gardiner, Maine, is but one of the many instances that are daily coming to our knowledge, of its wonderful effects. It is no longer problematical, but a self-evident truth, as hundreds in our community can testify.

GARDINER, Maine, June 22, 1852.

Dear Sin:—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the world kind.

Yours, respectfully.

Prif. O. J. Wood.

DANIEL N. MURPHY.

BROOKFIELD, Mass., January 12, 1855.

Dear Six:—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a coirstant itching tendency with which I have been troubled from childhood; and has also restored my lair, which was becoming gray, to its original color. I have used no other article with anything like the pleasure and profit.

Yours, truly, J. K. BRAGG,
Prof. Wood. [Paster of the Orthodox Church, Brookfield.
