Mumorous Corner.

SONG OF THE HOOPS. Eniling down the crowded streets, Scraping every one they meet, With a rushing whirlwind sound, Muffied belies around abound. Hoop! Hoop! Hoop!

What a vast expansive swoop Hoons of reinlahons, short and crisp, Hoops of wire, thin as a wisp; Hoops of brass, thirteen yards long; Heops of steel, confirm'd and strong; Hoops of rubber, soft and slick, Hoops of roping, bungling thick; Hoops of lampwick, cord and leather. 'Hoops that lauguish in wet weather; Hoops that spread out silken skirts, Hanging of from silly flirts.

Sweeping off the public lands, Turning over apple-stands; Felling children to the ground As they flaunt and whirl around. Hoop! Hoop! Hoop!

Jolly hoops, that wriggle round, Sober hoops that sway profound, Springy hoops, that shake and wag, Broken hoops, that droop and drag; donster hoops, all overgrown, Junior hoops, of smaller bone; Hoops that ravish lover's eyes, Hoops that rend their breasts with size; Hoons that shock their feeble legs, Like a crowd of giant kegs,

What gallant ships! what swelling sails! How they resist to opposing gales! With what full relentless waft, They overwhelm each smaller craft! Hoop! Hoop! Hoop! What a vast, expansive swoop!

If you would take a peep at sunshine, jus look in the face of a young mother.

How could you make a thin child fat? Well, just pitch him out of the window, and he will come down plump.

At a colored ball the following notice was pasted on the door post: "Tickets fifty cents .-No gemmen admitted unless he comes himself." An Trishman tells of a fight in which there was but one whole nose left in the crowd, "and

that belonged to the ta-kettle!"

Why can a person cook eggs sooner in

In all waters there are some fish that have to swim against the stream; and in every community persons are to be found who delight in be ing opposed to every body else.

Alcohol was first invented and used to stain the cheeks of the ladies of Arabia, 950

on credit, to whom the old man said, 'Friend, hast thou no money? Borrow of thy back and borrow of thy belly-they'll ne'er ask thee again! I shall be dunning thee every day."

Dr. Morse's Indian Root Pills R. MORSE, the inventor of Morse's from a Root Pills has spont the greater part of his life in traveling, having visited Europa, Asia, and Africa, as well as North America—has spent three years among the Indians of our Western county—it was in this way that the Indian Root Pills were first discovered. In: Morse was the first men to establish the fact that all diseases arise from Impurity

Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first men to establish the fact that all discases arise from Impurity of the Blood—that our strength, health and life the pended when the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the vicod loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the-stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that weshould keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a neel-cline in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the leadth and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the porce of the skin, and assists nature in throwing out the finer parts of the corruption within. The second is a plant-which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off priegm, and other humors from the long by copious spitting. The third is a Diuretic, which gives case and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then throw out bountifully by the urinary or water passage, and which could not have been discharged in anyother way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coher quitets, are thus taken up and conveyed off in great quantities by the bowels.

tries by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completally rout out and cleanse the system from all impurities, and the life of the body, which is the blood, because the system of the system purities, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the bedy becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the affiliated parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with

which will pass to the amisteen parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupting mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring pillions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fover, and who have been brought as it were, within a step of the silent grave, now stand reddy to teelify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two does had been taken, they were absolutely astomished, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanes and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days. Caution.—Beware of a counterfeit signed A. B. Moore. All genuine have the name of A. J. Whitz & Co., Soff Proprietors, on each box. Also the signature of A. J. White & Co. All others are spurious. A. J. WHITE & Co., Soff Proprietors, So Leonard Street, New York.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines. Agents wanted in every town, village and hamlet in the land. Parties desiring the agency will address as above for terms. Price 25 cents per box, five bross wi

The afflicted are cautioned against the use of Patent

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers, that millions have their constitutions ruined by the vite compounds of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines, and find that nearly all of them contain Corrosive Sublimain, which is sene of the strongest preparations of mercury and a deadly poison, which instead of thing the disease, dischles the system for life.

Three-fourths of the patent nostrums any in use are thing the disease, disables the system for life.

Three fearths of the patent nostrous now in use are put up by unprincipled and ignorent persons who do not understand even the alphabet of the Matenta Madrea, and are equally as destitute of any knowledge of the him man system, baving one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canadas, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address

JUST RECEIVED BY J. W. ACKER, In Cumberland street, next door to Dr Lineaweaver's.

JAMES F. MAXWELL,

MANUFACTURER OF Improved Fire and Water Proc COMPOSITION ROOFING.

HARRISBURG, PA., PESPECTFULLY inform the citizens of Har-risburg, Reading, Lancaster, Lebanon, and their vicinities, that we are prepared to put or roofs on most liberal terms, and at the shortest

notice.

We respectfully call the attention of persons about to build, to our invaluable method of rooting, now much used throughout the principal cities of the United States and their vicinities. This mode of roofing baying all the combined requisites of cheapness, Durability, and Security against Fire and Water, and dispensing with high gable walls; the roofs require an inclination of not more than three-quarters (2) of an inch to the foot, and in many cases saving the entire cost of rafters—the ceiling joist being used.

The gutters are made of the same material,

The gutters are made of the same material, without any extra charges; consequently, our roofs are put up at almost half the cost of either Tin, Slate, or Shingles. The material being of an imperishable nature, it surpasses all others in Durability;—besides, in case of any casualty, it is the most easily repaired of any other roof now in use. Yet, the best proof we can offer as to its being both fire and water proof, are our many references, to any one of whom we are at liberty to refer.

N. B .- But let it be distinctly understood, (since we manufacture our own composition, and do the work in person,) that we warrant all our work proof against both Fire and Water; if they prove contrary, we will most willingly abide the results.
