After hymn and prayer by Anderson, and the benediction by a clergyman, the cap was adjusted. At twenty-five minutes before twelve the Sheriff pulled the cord attached to the lever, and the platform fell instantly and noiselessly, leaving seemed to die harder.

MEDICATED INHALATION.

The great point in the treatment of all human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon theorgan requiring relief. This is the important fact upon which Inhalation is based. If the Stomach is diseased, we take medicine directly into the Stomach. If the Lungs are diseased, for reather or inhale medicated vapors directly into them. The reason why Consumption and Diseases of the Lungs have beretore resisted all treatment has been because they were not approached in a direct manner by medicines. They were intended to be local, and yet they were so administered that they could itôt act constitutionally, expending their immediate action upon the Stomach, whilst the foul ulcers within the Lungs were unanolested. INHALATION brings the medicine into direct contact with the disease, without the disadvantages of violent action. Its application is so simple that it may be employed by the youngest infant or feeblest in the least with the strength, comfort or business of the patient. *** No charge for consultation.

FREDERICK SHULTZ,

JACOB BACHMAN,

MICH. ELDEININGER,

Lebanon county. Attest Cyaus Sings, Clerk. Lebanen. February 10, 1858.

Of all diseases, the great, first cause Springs from neglect of Nature's laws. SUFFER NOT:

CURE IS GUARANTEED SECRET DISEASES,

Self-abuse, Nervous Bebility, Strictures, Gleets, Gravel, Diabetes, Disease of, the Kidneys' and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Boues and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or. Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus' Dance, and all Diseases arising from a dernagement of the Sexual Organs, such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefuless, Dysepsia, Liver Disease, Eruptions upon the Face, Pain to the Back and Head, Female Irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, liowever long standing or obstinate the case, Excovery in matters not from what cause the classes originated, inowever long standing or obstitute the case, RECOVERY is CERTAIN, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant without door, causing no sickness and free from mercury or balsam. During twenty years of practice, I have restured from the Jaws of Death muny thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which war-rants me in promising to the afflicted, who may place had been given up to die by their physicians, which war-rants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the hu-man family. As a permanent cure is scarcely ever ef-lected, a majority of the cases falling into the bands of incompatent persons, who not only fail to cure the dis-eases but ruin the constitution, filing the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption. merency, which, with the discase, naterns the sufferer into a rapid Consumption.
But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which hetrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the Skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous System, rapidly wastes away the energies of life, causes mental derangement, provents the proper development of the system, disqualities for martines excitely business, and all carbilly happiness, and leaves the sufferer wrocked in body or mind, predisposed to Consumption and a train of ovils more to be dreaded than death litelity. With the fullest confidence I assure the unfortulate rictims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruincus practices my patients can be restored to febust, vigorous health. The afflicted are cautioned against the use of Patent Medicinus, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers, that millions have their constitutions ruined sufferers, that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines, and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest prepurations of mercury and a deadly poison, which, instead of cuing the disease, disables the system for life.

Three-fourths of the putent nostrums now in use are put up by unprincipled and ignorant persons who do not understand even the alphabet of the MATERIA MEDICA, and are equally as destitute of any knowledge of the hu-man system, having one object only in view, and that to man system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canadas, by putients communicating their symptoms by letter. Business correspondence strictly confidential. Address or respondence strictly confidential. Address J. SUMMERVILLE, M. D.,

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment.
