LEBANON, PA.

WEDNESDAY, APRIL 14, 1886.

HOME AFFAIRS.

JOSEPH MILLER has re-opened his Barber Shop in Cumberland Street, near Plank Road, and solicits a share of the public patronage.

We refer our readers to the Jewelry Store advertisement of Mr. Jos. H. Kelly, in another column. His stock is an extensive and very handsome one.

1931 travelling gentlemen stopping at our public house over night during the months of January, February, and March. We gave each a breakfast and sent them on their way rejoicing.

A portion of Dan Rice's Circus Company passed through this place on Friday last, en route for Pittsburg. The caravan embraced a huge elephant, curious-looking camel, tiny mules, &c.

During the early part of last week, the mountains in the northern part of this county were on fire. We learn that property to a considerable amount was destroyed. Where were the flames of that section?

MESSRS. SWARTZ & BRO., have just returned from Philadelphia and are now unpacking their large and splendid stock of Spring and Summer Goods. The goods of the two brothers compare in quality and price with any other brought to Lebanon, and are deserving the attention of the public.

MONDAY was the day fixed by the extra session of the Legislature, for the resumption of specie payments by the banks. The day has passed, yet unnoticed, occasioned by the fact that the really solvent banks had resumed a few days ago. Among the number of banks which resumed before the specified time was the Lebanon Bank.

ROBBERY.—Mr. Jacob Carban, while returning home from Lebanon, on Monday night a week, was met by two men, several miles west of Hummelstown, who dragged him out of his carriage, tied him to a tree, and robbed him of \$156. He remained in his uncomfortable situation until morning, when he was released by passers-by.

HATS, &c.—Mr. Adam Riese has just returned from Philadelphia with a splendid assortment of all kinds of Goods in his line. These wearing new styles should give him a ready sale, and before the best solutions are made. His stock is very full and of the latest fashions. Also all kinds of Straw Hats, Panama, Pedal, &c., for men, boys and children.

GOWN EAST.—Mr. E. Raber, of the firm of Raber & Brothers, is now in Philadelphia buying their new stock of Spring and Summer Goods.

Mr. Jon. Raber, of the same firm, has also gone to the city to buy Ready-Made Clothing. The new Goods will be open for inspection and sale the latter part of this week.

Dr. Mr. Henry, of the firm of Henry & Sine, is also in the East.

Both the above named firms are daily unpacking large and desirable varieties of Goods, which were brought at very reduced prices, and which they are selling rapidly at small profits.

CARELESSNESS.—On Saturday evening, during the alarm of fire, the members of the family of Cyrus Palm, in the north-eastern section of this borough, started a lighted candle before an open window and placed from home where they were wanted, to attend where they were not. The wind blew the paper window curtain over the flame of the candle, and in a moment it was in a blaze. Fortunately some one passed at the moment and extinguished it, but for which kind set the building would no doubt have been in flames in a short time. There is no more use, as an alarm of fire, for women and children to become excited and run about the streets, than there is for a man to run after a runaway horse. The neighbors and the firemen are generally sufficient to extinguish a fire.

RECIPE.—Sometimes in the course of human events it becomes necessary to raise a crowd, for some purpose or other. When this is the case, we give the following very simple recipe. Take two dogs—no difference about the size—the smaller the better—and after teasing them until they become cross, throw one on top of the other, and they will naturally fight. If it is more certain to have a committee appointed to pull the narratives of the ferocious beasts. We can warrant the recipe as good, as it has been tried with the greatest success, but we are not so certain that the crowd could be put in any other use than looking at the fight and betting on the different dogs, for they seldom have the appearance of working men. This can also be applied to drawing the leaders out of stores, which will enable the ladies to go in and make whatever purchase they wish.

The above we clip from the Valley Spirit.

THE MOHRSVILLE MURDER.—MORSE DEVELOPMENTS.—The Reading Journal of Saturday week says—On Sunday last an important discovery was made in relation to the Mohrsville murder, in a very singular manner. Some boys, as we are informed, were chasing a rabbit in the vicinity of the tragedy, and the little animal being sorely pressed, escaped into a hole, opening into a hollow tree, about four feet from the ground. The boys, in endeavoring to capture the rabbit, thrust their arms into the hole, and drew out a bundle, which upon examination was found to consist of a white linen shirt and coarse cotton undershirt, evidently worn by the person who committed the dreadful murder of Adams. The shirt was stained with blood, and the spots were also to be seen in other places. The tree in which these articles were found, stands in the little wood in the immediate vicinity where the murder was committed. The shirts are now in the possession of J. W. McKenty, Esq., the District Attorney, who, we take it for granted, will spare no pains to have the matter thoroughly investigated.

HOLLOWAY'S OINTMENT AND PILLS.—Immense success has attended the use of the Ointment in diseases of the kidneys and the genitourinary organs. All obstructions and inflammation in the passages connected with the kidneys and bladder, friction as powerful as brick as the invalid can bear should be employed in applying the preparation, and fomentations with warm water to the part in preparing the skin for its rapid absorption. The pain occasioned by the gravel is immediately quieted by rubbing in the salve. The pills, by their sensitive operation upon the bladder and other parts of the body, will materially expedite the curative process in most cases where the Ointment is used.

Hon. Thomas H. Dento died at Washington, on Saturday last, aged 70 years.

The Commissioners will hear Appeals from Tax, in the Court House, next Monday, for Lebanon Borough.

BY OUR LOCAL REPORTER.

THE DAILY PRAYER MEETINGS in Temperance Hall, still continue with unabated interest and are numerously attended.

AN ITEM.—Our streets still run in the same direction they always did, but a little picking at some points would not be out of place.

THE "FRANKLIN" was well attended on Monday evening, and the discussion on the regular question was quite animated. The newly elected officers were installed, the President favoring a "new" inauguration. Question for next debate, "Should capital punishment be abolished?" An Essay will also be delivered.

MOONLIGHT PROMENADES, which by the way, are a great institution, all the go on our principal thoroughfares. It is rather tempting to see a gay party of beaux and belles passing along on a fine evening, and stopping right straight into an ice-cream saloon. We will soon bring in the rear and "follow in the footsteps" of our illustrious predecessors!

GOING WEST.—Quite a number of our young friends are going west this spring. Some times Messrs. JESSIE I. SNEEK and Cyrus KNEIPER, left for the Buckeye state, and on Monday last Mr. JOHN A. REINOLD, Jr., also left for the Buckeye state. We hope none of these good fellows will fall into "rough hands," but have success in all their undertakings.

TO CORRESPONDENTS.—We receive weekly about a dozen of letters through the Post Office from anonymous scribblers, whose "soft trash" we consider unworthy of notice. If they will accompany their letters with responsible names, we wouldn't object handling them without gloves, and show them to the public gaze. long as this is not complied with we will continue to consign their "confusion" into the stove.

FIRE.—The alarm of fire on Saturday evening, at 8 o'clock, was occasioned by the explosion of a lamp, at the residence of Mr. HENRY HILGARD, in Walnut Street. No serious damage was done further than the severe burning of a child. The fire at one time threatened to envelop the whole room. The "manshoens" were promptly on the spot.

A RIDE.—We received an invite from a friend one day last week to take a ride into the country. We carried our motto out to the letter, "never decline a good offer."—and in a few minutes we were among our country friends, who we found busily engaged in "clearing the rubbish off the track." We also saw a "cow" that was new, which measured five feet from tip of its wings! He must have been a terror to the Shanghai tribe.

MAD DOGS.—The upper portion of our borough was thrown into great alarm last Wednesday, by a report circulated that a number of dogs had been bitten in that locality. We warn the people to be on the alert, and see that their canines are either killed or muzzled. We all know that it is a fearful thing to be bitten by a rabid animal, and that the most formidable form is almost certain to follow. It will not be improper to state in this connection that "Bruders Moses" has also gone mad.

TERRIBLE FALL.—DEATH.—On Saturday evening, Mr. JOHN KNIPP, lately engaged at Mr. Miller's Nursery, in North Lebanon township, fell from a tree, and was killed.

On the 10th inst., by the Rev. H. S. Miller, George Gossett of Lebanon to Susannah Kaufman of North Lebanon.
