Mr. Houston moved the establishno doubt the people of Mexico would be heartily glad to get under the wings of Uncle Sam; and we further believe that when the question of the annexation of Mexico is presented to the American people, the popular voice will respond "aye." Manifest destiny points this long time in that way, and it cannot be prevented. But we end not with Mexico.

The Legislature of New Grenada in South America has now before it a proposition asking for annexation to the United States. And surely, if the people of such a fine country wish to live under onr Constitution and laws, we might as well accept them, with their country and all, as to oblige them to come with only their persons, clothes and money. But this is not yet all!

JUDGE BLACK OF NEBRASKA.-This distinguished individual, better known to Pennsylvanians as Col. Sam. Black, is we understand, now in Washington. The Col's long services in this State as a thorough Democrat, and his undeviating attachment to James Buchanan, cannot but render him a welcome visitor at the Executive Mansion, and we doubt not, that to be chaperoned to the White House, or to any of the Departments, by his Honor the Judge, is a sufficient guarantee for orthodoxy-and secures for his friends official attention. We congratulate the people of Nebraska Territory upon their acquisition of so talented and worthy a citizen.

The number of slavers captured on the coast of Africa during the past year was 21, and all with but one exception had been fitted out from the United States, and two-thirds of them from the northern free States.

A fire occurred last Thursday night in the rear of Herr's Hotel, Harrisburg, destroying a stable, tin-shop, and injuring several dwellings. The Hotel was in imminent danger.

Three cases of Hydrophobia have occurred in Philadelphia within three weeks. The last was that of a lad nam- eretly procured a razor, & all of a sudden brought ed McAllister, who was bitten by a dog it from her pocket, and committed the deed.— the dogs of that city to be shut up or muzzled for about nine months ago.

The New Liquor Bill.

The new liquor bill has passed both pranches of our Legislature, and we presume also received the signature of the Governor.

The Senate had amended the House bill, giving discretionary powers to the Judges of the Courts over the applications; and also provided for the appointment of appraisers to detect adulterated and drugged liquors. The House declined to agree to these amendments, and committees of conference were appointed. On Saturday the committees of conference reported the bill substantially as it passed the House—the Senate amendments having been stricken out. The Senate then concurred in the report of the Committee by a vote of 19 yeas to 8 nays. The main feature of the Senate amendment consisted in striking out the word shall and substituting may, where the power to grant licenses is given to the Courts. The price of liment of a Protectorate, on the part of censes is graded according to the sales. our government, over Mexico. We have from \$15 up to \$400. We hope to lay the whole bill before our readers next

> LECOMPTON is on its feet again. The House on Wednesday last ordered a Committee of Conference to meet a similar committee from the Senate, by a vote of 109 year to 108 nays. Mr. Owen Jones from this State, and of Pennsylvania. If eligible location, and all three other Democrats who heretofore voted with the Republicans, voted for the Committee. The belief now is, that the Senate Bill, with some slight modifications will be agreed upon, reported to the House, and passed, thus admitting Kansas as a State of this Union under the Lecompton Constitution .-Sober second thought sometimes effect wonderful changes in men's opinions. One of the firm of REIZENSTEIN & Bro., is now in the city laying in a new stock ways keep a splendid assortment of goods and sell cheap, look out for bargains,

Messrs. Funck & Bro., of the Mansion House Store, in North Lebanon, have just opened a large and magnificent stock of Spring and Summer Goods, which they will sell to the satisfaction of the public. They invite an examination of their goods.

OUT Our old friend, ISAAC WARD, Esq., of Minersville, Schuylkill county, is announced as a candidate for Sheriff of that county, at the next October election, subject to Democratic rules. We shouldn't be surprised a bit if he would be Sheriffs Schuylkill county ever had.

WHITE WASH .- We notice that some of our citizens are adding much additional beauty, as well as health, to their premises by having new pavements according to the grade. It is to and health, and much cheaper than pills and powders. Pitch in.

Some of the young men of this Borough are disposed to enlist, and one or two have already, for the Utah war. Five or six have es, the alleys and gutters properly cleaned, to in our midst ready to fight for their country .-We presume there are hundreds of others who ould answer an urgent call.

The next annual exhibition of the Pennsylvania State Agricultural Society will fore, are now offering private building take place on the 28th, 29th, 30th of September, and 1st of October. Proposals are invited for the place of holding it. We presume Lebanon is too light in the pocket to obtain it! Who and where are the public-spirited individuals that will say

Also, Trunks and Traveling Bags. Don't forget to give them a call, as they are confident of their ability to please all persons, whether young or old.

DISTRESSING SUICIDE.—An old lady, about 60 years of age, wife of ISAAC DEPPIN, residing in Womelsdorf, Berks county, committed suicide on Friday last, by cutting her throat with a razor. Her mind was unsettled, and she had been watched for some time, but it seems she se-She was buried on Monday.

Court commenced on Monday, but Judge Pearson not arriving until the arrival of the afternoon train, there was scarcely a start made. There is considerable petty criminal business on hand, and about half-a-dozen civil cases.

We notice in town attending Court, Hon. John C. Kunkle, R. W. Lamberton, Esq., of Harrisburg, and James L. Reynolds, Esq., of Lancaster. We are always glad to see our rural friends. Coming to large towns-brushes of the cobwebs.

WHY DO YOU WEAR IT? or, the fashionable Professor," is the title of a little volume placed on our table by John M. Good, of Good's Book Store, Market Street, Lebanon .-The author of the work is James E. Giffin, A.M., Principal of the Churchtown Academy, Lancaster county, Pa. We trust it may sell freely and be read by the whole community, as it cannot fail, in that event, of having a beneficial effect.

We cannot find that the Legis. lature is troubled this year with much business from Lebanon county. And the little that is done might as well be entrasted to our Court. An act has passed the House regulating the fees of Justices of the Pence and Constables in this county; and another for the laying out of a State road from Jacob Wenger's premises, via Missemer's Station on the Lebanon Valley Railroad, to the Berks and Dauphin Turnpike.

It would be a great saving to the State if wo had but biennial sessions of the Legislature, and we trust that the next proposition to amend the Constitution will be a provision to that effect.

Or The Committee on Military Affairs in Congress have been instructed to inquire into the expediency of establishing a National Foundry at Harrisburg or Lebanon, in the State the other conveniences and requisite for an establishment of the kind, and that in excess of any other place in the United States, are desired, Lebanon is just the place. If the Committee will do us the favor of an impartial hearing, we can prove to their satisfaction all that we have said now or heretofore, or may say hereafter in favor of Lebanon for the purpose indicated.

What has become of our County Agricultural Society? Can't it be put in motion this year? Our farmers should consult together, and start the thing. It needs only a start and it can't help but be successful. A County Agricultural Exhibition would have all the features of the stream of amusement and re-union of the fares and battalions of old, with the addition of being instructive and profitable. The money that was expended last year for attending the State fair at Philadelphia, and the Reading fair, by citizens of this county, would have been enough to get up a fair of our own. It certainly would be wiser to have our own fair, thereby keeping the money here and baving it brought from other places, than to carry it away.

Business appears to be getting brisk with boxes of new goods, and the streets present a more lively appearance than usual. Our merchants are replenishing their shelves with splendid spring goods. For bargains always consult the advertising columns.

THE "FRANKLIN" had quite a spirited meeting on Monday evening. Question for next debate-"Should the County Superintendency of Common Schools be abolished?" Being entirely opposed to the abolition of this good law, the "Reporter" will endeavor to be in attendance, to bear the several disputants.

SHADE TREES .- Zion's Lutheran congregation of this borough, have adorned the front of their church with a row of beautiful young silver maples, and enclosed them with neat boxes. If our public school houses were adorned in a similar manner, they would be more inviting and comfortable places to the scholars, particularly during the sweltering heat of summer.

A Boys' PRAYER MEETING was open. ed in Philadelphia, last week. We have not the least doubt that similar meetings would have beneficial results upon the morality of Young America in this borough, especially those who congregate on corners and before churches to stare nominated, elected, and make one of the best at the public. In the mean time let parents oblige their children to attend the daily prayer meetings.

ON A VISIT.-E. B. MOORE, Esq., of the Norristown Watchman, passed through here on Friday a week, en route for Hurrisburg. He appears highly delighted with the beauty of the Lebanon Valley. As it is often pleasant to "see ourselves as others see us," we give the following extract from "Ned's" editorial correspondence to the Watchman: -

"We cannot refrain, at this point, from indulging in a brief allusion to the Lobanon Valley Railroad, over which you pass in going to Harrishings, over which you pass in going to Harrishing, by way of Reading, and which, but a few weeks since, was, by a vote of the Stockholders of both companies, incorporated into and made a part of the Reading Railroad. The road passes through parts of Berks, Dauphin and Le valley, and from which the road derives its corporate name, is one of the most beautiful and porate name, is one of the most beautiful and fertile sections of country through which we have ever passed. Large and highly cultivated farms and thriving villages abound from one extent to the other, while huge and expensive iron works here and there greet the eye on either side. The cars upon this road are clean and comfortable, and the officers the most obliging of any we have ever met. To those of our readers who have any desire to visit the capitol of our State, we commend to them this route."

ALL RIGHT SIDE UP WITH CARE!

ANSAS is creating an important excitement all over the country, threatening a dissolution of Union between the North and South, instigating alarming fights in Congress, and fearful flare-ups in State Legislatures. State Conventions have assembled, city and town mass meetings have been held—in short the whole country has been in a general uproar.

LEBANON

However, amidst all this universal political tunuit, has the honor of having still preserved her dignity of quiet and peace, nothing could succeed in disturbing her gentle repose, until the other morning, when a LARGE FLAG with a swarming BEE HIVE on the one side, and the announcement of "Cheap Auction Goods," on the other, suspended from the corner building OPPOSITE THE COURT HOUSE.

Scemed to indicate that all was not right; attention was attracted and curiority aroused; various opinions with regard to its object were entertained and soon ageneral stir all over town was found to exist. Men, wo-HERE WE ARE AGAIN

with regard to its object were entertained and soon a general stir all over town was found to exist. Men, women and children involved with puzzled astonishment, were hurraing out, and crying, "What in the world is the matter?" "What's up!" Truth, however, soon fisshed upon the minds of all Becholders, when the novelty of tumbling, rolling and unpacking of Boxes, Barrels and Bales, midst a crowd of spectators already collected around the doors and walks, all anxiously persevering for but a glimpse at what has since so effectually astonished the natives.
