Ever since 1854, when Knew-Nothingism first made its appearance, whereever it obtained power, riot and bloodshed fellowed. Baltimore, Louisville, Cincinnati, &c., now mourn the many the laws violated, by and under the authority of Know Nothingism. New Orleans, too, suffered until the evils become unbearable. During the past three vears, elections there have been a mere farce. Voters were driven away from the polls, and several have been killed while attempting to exercise the elective franchise. Hundreds of assassinations have taken place, and in no one instance have the assassing been even arrested, though they were well known to the Know Nothing city authorities. Burglaries have been committed—some by the police themselves-and the authorities have helped them to escape,-These and many other evil deeds, together with the preparations of the authorisroused the law and order citizens to their condition, and last week a Vigiauthority into their hands; organized I would begin by amputating the diseased limb." a special police force of 1000 men of all | WEAT HAS GOT INTO THE BARBERS ?-- At Chicasomed that it was a fair one.

Bribery and Corruption.

Hon, Abbot Lawrence was the appointee of President Taylor as Minister to England. He was the leading partner of the great manufacturing firm in Massachusetts of "Lawrence, Stone & Co." The anxiety of this firm in 1856, for the election of "Fremont & Jessie" to the Presidency, induced them to appropriate \$87,000 to the election eering fund of the campaign. The present Chief Magistrate of the Nation, will not disappoint the expectations of the people; and rest assured that as soon as the constitutional power is transferred by Congress to him. the British Lion will be made roar to some purpose. It has been the studied policy of the adpeaceful relations existing between the United States and all foreign nations, and to prevent the least infringement of any existing treaty on part of our own citizens, but when any foreign nation attempts by open acts, to violate every principle of the laws of nations, and of justice; and perpetrate outrages which they know by sad experience, that the United States will not submit to. they will find that the "Old Man National" now holding the "Ship of State," will teach the saucy Briton a lesson which will not soon be forgotten.

ONE morning, last week, as a friend and myself, were leisurely walking out Market street, and on arriving near the corner of Guiliford street, our attention was attracted to a large crowd of Ladies—and nearly all of whem were provided with large market baskets, and others with satchels hanging to their arms, and were evidently intent upon the same object. Upon inquiry we found that in the Mansion House, on the corner of Guilford and Market strests, is located the extensive Dry Goods, Grocery, and Queensware Store of our polite and affable friends, FUNCK & BRO., who have just opened a large stock of Fall Goods, and that the great crowd of Ladies were their regular customers, who may be seen daily at their counters, purchasing their goods. All we saw were evidently satisfied with their purchases; were loud in the praises of the excellent quality of their stock, and all were of the unanimous opinion that FUNCK & BRO. sell the best qualities, at lower prices, than any of their competitors. So our advice would be to you, one and all, both great and small, to give Funce & Bro. a call, and they will surely try to please you.

A BEAUTIFUL

Head of Rich Glossy Hair!

COMPLETELY PRESERVED TO THE GREATEST AGE.

And who that is gray would not have it restored to former color: or bald, but would have the growth restored, or troubled with dandraff and itching, but would have it removed, or troubled with scrofule, scald head, or other eruptions, but would be cured. It will also remove all pimples from the face- and skim. Prof. Wood's Hair Restorative will do all this, seecircular and the following:

ANN ARBOR, November 5, 1856.

Prof. O. J. Woon—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautiful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore my skepticism and doubts in reference to its character and value are entirely become of agel to original color and, beauty, and by all young porsons who would have their hair beaut ful and glossy. Very truly and gratefully yours.

Friend Wood: It was a long time after I saw you at Blistedald before I con the betale of the very thin and glossy.

CARLYLE, LLL., June 28, 1852.
I have used Prof. O. J. Wood's Hair Restorative. and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and, I have no doubt, permapently so. is Restorative it has resumed its original color, and, as a no doubt, permanently so.
