We say with confidence that no better house can be found in the city, and that citizens of Lebaton county will be better accommodated and better pleased there. than at any other place they can put up.

THE Commissioners appointed by the Court to run the division line for the formation of two election districts out of Cornwal township, performed their duties on Tuesday, of last week. We learn that two of the Commissioners (Mesers, Killinger and Harper,) reported in favor of the Division, and the other (Mr. Brunnor,) against.

A lady friend sent us on Monday, a dish of large, cherry-ripe, and luscious Strawberries, cultivated and picked by her own fair hands. The gift was as acceptable, as the re- lady was only rescued and developed by the storemembranco was kind. May she live many a May and many a June, to enjoy her good fruit and sweet flowers, in which she takes so much delight.

A GREAT IMPROVEMENT.—We learn that is the intention of the Company, to express our contiments exactly: tunnel the Lebanon Valley Railroad, at Market Street, so that travel can pass underneath the road, instead of oven it as at present. The grossing is a very dangerous one now, and may cause the Company more damages than the proposed change would cost. We trust the improvement may be made at an early day.

THE new and magnificent Ice CREAK SALOON of our old neighbor GRAEFF was formally opened on Monday. In the evening, in addition to the host of citizens visiting it, the Perseverance Band called in and discoursed some of their best music. We also called in and were agreeably surprised with the roominess, arrangements; and neut and convenient fixtures of the mew Saloon. The ent ance is either by the main passage of the building, or by a flight of stairs from the Store. The walls are covered with rich paper, representing pillars and "leaves thick as walambrosia," The carpeting is a bright colored and substantial woolen one, on which it is almost a pity to tread. The neatest arrangements of all, however, are the tables. They appear light and airy, scarcely able to bear the polished Marble glabs resting upon them, but when it is discovered that they are of cast-iron, the surp rise ceases. Parties stepping in during a warm and sultry day or evening to enjoy the fine breeze which sweeps through the room or take a view of the sights in the streets from the neat balcony in front, will, of course, only enjoy themselves the more when sipping Green's Ice Cream, of any fla- playing heir beautiful crimson, emerald and silvor they may prefer. In cases of smergency he can throw open three fine rooms for the accommodation of the public. Step in and take a peep at his new arrangements.

Thirteen lottery and gift enterprises in Rockingham County, New Hampshire, whose circulars have been distributed throughout the country for some time past, and which held forth extraordinary inducements to their dupes, have been broken up through the instrumentality of Sergeant BERNEY, of the N. Y. Police, who was dispatched to New Hampshire for the purpose last week. He spent four days in searching them out, but the authorities arrested only four of those who were connected with them.

Instead of so many of the children of citizens of this county, being sent to other counties, to obtain a first-class education, efforts should be made for the establishment of a School in Lebanon, with a first-rate faculty, so that they, and the money expended for them, could be kept among us. The county is populous and wealthy, and we think, if the enterprise were taken in hand by the proper persons, would flourish.

A New Church.—We learn that he Reformed Congregation of this Borough intend erecting, during the summer, a new and commodious church, on-Market street, below Water. It will no doubt be a handsome edifice, and like the others, do credit to our Borough.

Erratum -In our notice, last week, of the celebration of the glorious 4th, a slight error occurred. It should have read that the coming 4th of July will be the 82d (not 81st) anniversary of the American Independence.

False Alarm.—During the excitement on Thursday evening a false alarm of fire was sounded through the town, occasioning no little excitement. We would suggest to those too fond of running with "machines" and raising uncalled for alarms to organize a cricket club.-No general alarm was struck on the above occa-

The Weather.—During the present season a day of sunshine is a curiosity and enjoyed as a rare luxury. The following lines

"We hate to see the darkest side : We hate to be complaining : it hang me if our temper sta This raining, raining, raining."

Closing Early.—We notice that stores at 8 o'clock, p. m., in order to afford themselves and their employees, time for recreation and healthful exercise. It is a good movement and should be adopted among our merchants, to give those in their employ an opportunity to "spread" themselves a little these pleasant even-

Run Over.-The great and lamentable nuisance of fast driving through town was again illustrated last week, in North Lebanon Borough, by which a child of Mr. IMMEL was run over, severely bruising his face. Such inhuman conduct on the part of "fast drivers" i reprehensible, and should be met at the threshold, in asmuch as it is a violation of a Borough ordinance. Apropos-A wedding party were ar rested in Hummelstown on Sunday a week for fast driving through the streets. This new phase in the "honeymoon" is certainly not to be relished by youthful couples.

Public Nuisances.—There are at present existing among us, evils that are really striking and horrible. It is not a very pleasant nor delicate subject to write about, but still we consider it an imperative duty "to open the case" this week. We refer to the filthy pig-pens, closed up gutters, &c., which are full of reeking filth. distilling a poison parallel with fiery alcohol, and like bloated parasites dispense it to the serious injury of the citizens. Yet some are disposed to quietly submit to this sad state of affairs; but every one who rests in the vain and selfish security that he is safe is unquestionably a traitor to his health and happiness.

The Grand Promenade Concert Timethy seed, That evening, however, proved no better, but the performances notwithstanding, were commenced. Small balloons rose majestically to the skies; rockets were flying in every direction, disver stars; rayonant, maltese, jassamine, and nunerous other fires were being transformed into beautiful and rich corruscations; and the Perseverance Band played some of their best airs .-While the excitement was at its height, a heavy rain commenced pouring down, and put a sudden check to the entertainment. A this stage of proeedings a spectator might have seen "people realizing pleasure under difficulties." The ringing applause however indicated that satisfaction was

On Monday evening the Concert was continued, and we are informed that this was the crowning part. It ended with an "elegant gliding of flying feet," to the music of—well, never mind—rather warm exercise with the thermometer at 80°. andered.

For the Lebanon Advertiser. Union Prayer Meeting.

What is it that is creating in all classes of soliety a religious feeling such, as has not been felt since days of old? What is it that seems with magic power, to draw business men from their avocations, to the house of prayer, when all similar efforts heretofore proved fruitless?

What is it that has to a great degree destroyed the sectarianism among all churches, and broken down the barrier between them? It is the Union Prayer Meeting, that has brought about this great change. It is that noble enterprize which, amid the frowns of influential men, has been permanently established, and now stands upon a firm foundation. -

Through its influence many men of the world, many who scoffed at religion, many who denied the very existence of God and the divinity of Christ, have been brought low to the feet of Jesus imploring his mercy and favor.

When we compare the first meeting of a few gentlemen in a private room, with the many and large meetings now held throughout the land, we clearly see that it is not the work of man alone, but the work of God. He has verified his promise, that "where two or three meet in his name he will be in their midst. If then God has manifested his approval, why should man object to it, and call it a money making scheme as the writer has heard it called by some who profess Christ. To such we say, that it is no such scheme, on the contrary, if they continue in discountenancing it, they will not only deprive their own souls of a great bonefit but will also be held responsible for the souls of others lost through their negligence, so that it will prove a losing game to them. It cannot be that they desire the world to remain as corrupt as it now is, yet, they do not lessen the evil by their present conduct.

These meetings have been the means of doing much good already, and no doubt, will do much more. Through their union they have acquired charitable feelings for each other, so that they have added a new virtue to their character. In them, sinners are shown the error of their ways, penitents are led to throne of grace, and christains are strengthened in faith and encouraged to double their efforts.

We do not desire to intimate by this article that church worship is to be considered of minor importance, but rather to be more highly esteemed, and that this effort be looked upon as an auxiliary to the preached word. Some suppose that Union Prayer Meetings are designed to supersede public worship which is far from the real object. The design is to approach individuals, whom every effort of the church failed to reach, who never entered its walls from year to year, and can be brought within the scope of the minister, by such a union alone. Come then Christain friends, take hold of the work, and through your influence bring others into the ark of safety. That the good work may flourisk in Sodom-like Lebanon, and that Satan may more and more lose his almost unbounded sway, is the wish of. A FRIEND.

GREAT DEMOCRATIC VICTORY

IN THE CAPITOL OF THE NATION. WASHINGTON, June 7, 111 o'clock, P. M .- The indications are that James G. Berret the Democratic candidate for Mayor, has been elected by several hundred majority, and that there will be a large Democratic majority in the Councils. A procession with music has proceeded to the residence of Mr. Berret, to offer congratulations.

The Philadelphia Market.

PHILADELPHIA, JUNE 7, 1858.

FLOUR.—The Flour market continues depressed and dull. There is very little demand for export, and the only sales we hear of are to the extent of 1,200 barrels this extra at a price not under public. Standard brands are held at \$1.25, without finding buyers except in a small way at from this figure up to \$4.50 \$31.75 for extra. \$5 \$6.5.5 for extra family, and \$5.50 \$6\$ burrel for fancy brands. By a Flour meets with a rather slow also at \$3.31\frac{1}{2}\$. Corn Meal continues scarce, and 1,200 barrels thio extra at a price not made public. Standard brands are held at \$4.25, without for extra family, and \$5.50@\$673 barrel for fancy brands. Rye Flour meets with a rather slow sale at \$3,314. Corn Meal continues scarce, and Pennsylvania Meal readily temmands \$1,871 % barrel. The inspections of Flour and Meal at this port for the past week were 14.833 barrels, including 12.736 barrels superfine Flour.

GRAIN.—The Whestmarket is dull and droop-

advance. Corn is less active, but prices are steady with sales of 7@8,000 bushels, at 71@711 cents for yellow, in store, and 73 cents afloat, mostly at the latter rate; including white at 71 cents.— Onts are in firm request, with further sales of 2,000 bush Pennsylvania; at 38 cents.

PHILADELPHIA CATTLE MARKET. The PHILADELPHIA CATTLE MARKET.—The arrivals of Beef Cattle at the different yards this week were to a fair extent, athiounting to about 1250 head. The market generally was brisk, and the prices obtained rather lower, sales ranging from \$3 and \$8,50 per 100 fbs. The great bulk of sales was at \$9 and \$9,50.

The offering of Cows and Calves were about 475 head. The market was dull, sales ranging at from \$25 to \$50 for fresh Cows, \$15 to \$35 for Springers, and \$13 to \$20 for dry Cows, according to condition.

BISEASE OF THE LIVER.

By this disease we understand an inflammation either in the membrane or substance of the liver, known by dull pains in the fight side, the stomach aiways disordered, the yellow tinge of the skin, dry cough, tongue coated, costiveness, high colored urine, and of a thick mattre; severe weakness and severe pains in the head.

The quantity of corrupted humors in the region of the liver, causes a defective secretion of the bile. The liver when healthy, serves as a filter to the blood, to separate all impurity from it. or to refine it. When diseased, it cannot purify the blood, which, when sent to the lungs, brains, and other parts in a morbid condition, may cause Jaundice, Consumution. Insanity, &c., and withholding the natural stimulus to the intestines, causes Dyspepsia, Plles, and ether complaints, as you perceive the direct way to unravel and tear the whole system to piecos.

A patient, suffering from this complaint, should resort to speedy relief. Yet there are very few medicines worth a cent in curing diseases. What then shall be donet—We say, use Dr. Morse's Indian Root Pills, as they are composed of plants and roots; they will be found a sure cure for this painful disease, because they purge from the body those corrupt and stagnant humors, and so cleanse and renew the blood, which is the cause not only of the disease of the liver, and the inflammation of the kidney and the bladder, but of every description of disease. From 3 to 4 of the above pills, taken every night on going to bed, will in a few days, relieve the body of everything that is opposed to health.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines. DISEASE OF THE LIVER.

The Medicine of the Millon.

HOLLOWAY'S PILLS. THE EXCITING CAUSE OF SICKNESS.—The blood is the life-sustaining agent. It furnishes the com-ponents of fiesh, hone, muscle, nerve and integument. The Stomach is its manufactory, the veins its distribu-The Somach is its manufactor, and the intestines the channel through which the waste matter rejected in its productions is expelled.—Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions. The National Disease.

Dyspepsia is the most common disease among all clases in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerons maldies: but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching a unering remedy.

Bilious Affections. The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this find, these pillsoperate specifically, infallibly rectifying its irrecularities and effectually curing Jaundice, Billous kemittants and all the varieties of disease generated by an unnatural condition of the organ.

Liver Complaints. Unless the bowels perform their functions properly the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhosa, Chronic Constipation, and other direases of those waste pipes in the system. The effect of the pilis upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are prountly controlled.

provement.

and if it does not do all as represented, there are no lose as austained. The Agents for Lebanon county are perfectly responsible for all they warrant these Mowers and Respors to perform, and do not offer them to the farmer with yield of morely salling them. her to another the Respers to perform, and do not offer them to the farmer with view of merely selling them, but to answer the purpose of their invention—lightening labor, and giving a full equivalent for the price of their cost. There is no humbug about these Machines. They are the latest and best improved of their kind. There are none others now extant that excel them: and to prove this, it is but necessary to say that in '857, they took the first premiums at all the County and State Fairs of Pennsylvania; the first premiums in Vermont, New York, Maryland, and Tennessee. But the greatest victory achieved was at the great trisl at the United States Agricultural Fair, at Syrachise, in 1857, where the first and second (gold and silver medals) Fremiums were awarded, as the best combined Machine and as a Reaper.

The Agents, A. Maron a Broffirm, would challenge all Agents of Reapers and Mowers in this county to a trial at such time and place as will suit them. And if Manny's Reaper and Mower with Wood's Improvement is not the best Machine, a fair trial will decide it.
