Dr. Morse's Indian Root Pills Drawios State inventor of Morse's Indian Root Pills has spent the greater part of his life in traveling, having visited Europe, Asia, and Africa, as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from Impurity of the Blood—that our strength, health and life depended upon the vital fluid.

of the Blood—that our strength, health and life depended upon the vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and discased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if mature is not assisted in throwing off the staguant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that woshould keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists nature in throwing out the five version of the country. From Rev. Mr. Enterline, Pastor German Church, Cor. Conway and Shappstreeta.

For the benefit of the afflicted, I feel it a duty to state what a blessing a medicine, known by the name of "Bull's Recto Mistura," has been to me. I have been afflicted with the Piles for eight years, during which time I fried my own remedies, as a practitioner, and many others, but without success. Having heard of Mr. Bull's Pile Remedy, I tried it; and though I used but one half-bot-field can say that fam be frecity ensed. I falso used; it in a 'iquent case of Tetter, which extended over the whole body, and in less than 'two works' it disappeared kan the skin became clean and smooth. It matters not from what cause the disease originated, however long standing or obstinate the case, RECOVERY is CERTAIN, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant without, odor, causing no sickness and free from mercury of balsum. During twenty years of practice, I have rescued from the Jaws of Death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfectand most speedy circ. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

MEDICINAL.

A DESISTLESS REMEDY HOLLOWAY'S OINTMENT. HOLLOWAY'S OINTMENT.
CIRCULAR TO THE SICK.—The first hospital surgeons and medicinal publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ontment; governments exaction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its-curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the ferry elements which feed and exasperate the malady.

Rheumatism, Scrofula, Erysipelas. These are among the most terrible and agonizing dis-uses of the muscles, the fleshy fibre and the skin; yet their worst forms, and when seemingly incurable, they ariably disappear under a persevering application of s soothing, healing antidote to pain and inflammation. Salt Rheum, Fever Sores, Stiff Joints. In all cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopeea have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

Discharging Ulcers.

A most limarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and graudes of healthy fissh-begin to take the place of the discharged matter. This process goes on more or less rapidly until the orifice is filled up with sound material, and the accertaically cared.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have
this healing preparation constantly, at hand. It is an
absolute specific for sore breast, and quickly removes
the encrusted sores which sometimes disfigure the heads
and faces of children.

These symptoms if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatulty1 and FPI6EFTIC FTIS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—IN-SANITY.AND CONSUMPTION? The records of the Insang Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunstic Asylums the most melancholy exhibition appears. The Countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it; should a sound of the voice occur, it is rarely articulate.
