Guilford & Lemberger's Soda Fountain is now in the best order, and their drinks are delicious.

D. S. Raber's Fountain for the distillation of Sparkling, Ice Cold, Soda Water, is now in prime operation. We tried it, and pronounce it O. K.

Dr. Ross has in operation his fountain of Sparkling Soda Water. His fixtures are first class and his Syrups the very best. For a cool and very refreshing drink call there.

We also call attention to the new advertisement of his Drug Store. The Dr. has had a large experience in the business, and any order entrusted to him will be carefully and promptly attend. ed to.

WE have on hand another very interesting communication from E. M. Richards, Esq., relative to his recent travels in Mexico.

WE have been requested to state that Mr. Brunner signed the report for the division of Cornwall township into two election districts, and that he is favorable thereto.

ONE of the firm of Swartz & Bro. is in the City buying a new supply of summer goods which will be opened latter part of this

Fingers Lost.-Mr. John Gable, of the firm of Gable, Longaker & Co., had three mittee on By-laws, reported a series of articles of the fingers of his left hand cut off last week, by one of the saws in their Sash Factory, in East | ments, and additions, were adopted seriatem. Lebanon.

WE have received from Messrs. Gettle & Wollison of Myerstown, a new paper commenced there by them, entitled "The Humane." We trust they may find their enterprise profitable.

OUR neighbors beyond the Quittapahille, fronting on Plank-road street, have been busily engaged, in an independent capacity and spirit, grading their pavements. Said street will, eventually, become the finest street in Leb-

A Dunker Love Feast.-By invitation of a friend (who sports a horse and buggy) we accompanied him to a Love Feast of the Dunkers, on Wednesday last, at the residence of Mr. ISAAC BRUBAKER, in South Lebanon, about 4 miles from Lebanon. Upon arriving there (our first visit to a meeting of the kind) we were surprised at the immense number of people congregated. By a partial count, we estimated the number of carriages at about 500; hence it may be readily inferred that the number of people was great. We found the barn, the usual substitute of Dunkers for Churches, cleared of all it contained, and well provided with seats, below and aloft.

Services had already commenced, and the temporary Church was filled to overflowing, so that we found it impossible, without rudeness, to get within hearing distance. We passed on and soon found that services were also going on in front of the house. Here we were again very agreeably surprised to find a farmer in his shirt sleeves preaching in English. We obtained a seat in the shade of a large tree and listened to his sermon to the end. It will not do for us to speak of the subject-matter of his address, further than to say that it was replete with scriptural quotations, and requently at variance with the doctrines pronulgated by the preachers of other denominations. His views of Christianity were practical and common sense and mostly received our approbation. If we do not subscribe to all, it is immaterial. One thing is certain, that his sernon exploded the idea of persons unacquainted with their doctrines, that the Dunkers deny fature punishment. He was followed by several of the brethren in German, after which the exercises for the afternoon closed. In the evening the washing of feet, and other ceremonies peculiar to the Dunkers, were to take place : but fearful of a thunder-storm, we bid good-bye to them and returned to town. We have seldom spent an afternoon so pleasantly and instructive as the one un-

Dog Days.-If the growls of curs are to be taken as a criterion, these days must be near at hand. "Old Hontz," in all his eccentric characters, held forth we understand, to an interesting audience in the Eagle Buildings on Saturday evening.

The Pavements in the vicinity of the Advertiser office, we observed while up town a few days ago, are being greatly improved .--This will add vastly to the appearance of our borough, as well as to the comfort of pedestrians .--Enterprising people never tire in well doing.

A Good Idea.—The 'Union boys' brought their "Machine" out one evening last week, and gave the old Market House a regular washing. Since then the air around that establishment is a little more inviting to those who attend market.

Election.—An election for officers by the Perseverance Junior Hose Co., held at the Hall, on the 12th inst., resulted as follows,

President-Henry Bibighaus. Secretary-Harrison H. Lantz. Assistant Secretary,-Lewis Rank. Treasurer-Adam Rise. Directors-Jacob P. Embich, John Shindel.

Fishing.-The weather of late. has been inviting for fishing, and as a natural consequence that is all the rage. Several parties who were out recently after the "beauties," gave us a glowing account of their success. We are

accompanied by the Perseverance Band, and a lively time is anticipated. Salem's Lutheran Sunday School will go to the

ame woods they had last year, and will probably e accompanied by the North Lebanon Band. The Reformed Sunday School contemplate takog an excursion to Womelsdorf.

Another Incident.-Too large a display of crinoline must on some occusions be in conversation with a friend, we observed a lady coming along with a spread that might justly be termed "too much of a good thing." The pavement at several points was pretty generally crowd-

Great Crowds---Low Prices. Great Crowds---Low Prices. ONE morning, last week, as a friend and nyself, were leisurely walking out Market street, and on arriving near the cornor of Guilford street, our stantion was at-tracted to a large crowd of Ladies--and nearly all of whem were provided with large market backets, and others with satchels hanging to their arms, and were evi-dently intent upon the same object. Upon inquiry we found that in the Mansion House, on the corner of Guil-ford and Market streets, is located the extensive Dry Goods, Grocery, and Queensware Store of our polite and affable friends, FUNCK & BRO, who have just opened a large stock of Fall Goods, and that the great crowd of La-dies were their regular customers, who nay be seen daily at their counters, purchasing their goods. All we saw were evidently satisfied with their purchases; were load in the praises of the excellent quality of their stock, and all were of the unailmous opinion that PUNCK & BRO. sell the best qualities, at lower prices, than any of their competitors. FAST DRIVING .- The citizens of our Borough are often much annoyed, and sometimes seriously injured by caroless and fast driving in our streets. There is an ordinance prohibiting this dangerous practice ; and the Borough Councils are determined, we learn, to put an end to it: The police have strict order to make information against every person who violates the ordinance. An individual from the country was fined last week, for fast driving, and our town Jehus must now look out, or they will share the same fate.

Grand Presentation of a Cane.-Impressed with feelings of a kindly nature, and a high regard for our abilities (ahem !) and scrvices in the good cause of Democracy, a valued friend publicly presented us last week with a beautiful Cane, made of the native wood of our 'own favored county. Want of room compels us to omit the speeches made on both sides, as well as a description of the ceremonies attending. suffice it to say that all were good. The day was very favorable for the proceedings, and everything passed off in good style. We are pleased to add that but little drunkenness was visible in peace occurred during the day, which is very creditable to the place-considering the crowd. Modesty forbids us to say more of this agreeable era in our life, as well as in the history of Lebanon.

WE learn that the Reformed Sunday School of this town have in contemplation a Railroad excursion on the 3d of July .--They are the judges of the propriety of such a movement, and no doubt will see that all the guards in human power and foresight be placed to prevent the occurrence of an accident to their the Judges of the Fair. Also, a Committee to to such crowded up places as Saratoga, Newport precious freight; yet we cannot help reminding make the necessary repairs &c. on the Fair Ground and Cape May. To gain the factitious applause them of the terrible accident to an excursion train to take charge of the buildings and of the Ground, of fashion, they actually sacrifice individual on the North Pennsylvania road, two years ago, by which nearly one hundred meh, women and the appointment of the various Committees above children were killed or maimed for life; and also · to a similar agoident to an excursion train several "Years previous on a railroad near Baltimore. We do not wish to interfere with any arrangements of our friends for the celebration of the glorious 4th of July, but think it our conscientious duty to say at least thus much. What has happened might happen again! 

OUR AGRICULTURAL SOCIETY .--- It will be seen in another part of to-day's Advertiser, by the proceedings of the Society and Executive Committee, that the Lebanon County Agricultural Society is now a "fixed fact." The right men are at its head, who, if we do not misjudge never failed in anything they. undertake, or have undertaken.

The Committee of Arangements will, we understand, as soon as they have secured a location, announce the holding of the first fair of the Society, which will be sometime in October next.

We cannot help here congratulating our farmer-friends in being so successful in their efforts to establish an "institution" of the kind in our midst. They deserve praise-not at our hands alone, but at the hands of every intelligent citizen of the County.

We will allude to this matter again hereafter, and would add that everybody take the interest we do, though they have no more to farm than we liste a cabbage plot 1 and garage

Mark! his treatment

is based on supposition only. He does not recog-nize the great fact that all the form of disease re-sult from a single cause, the presence of a de-structive principle, in the fluids which should sustain and vivify the solid portions of the body. It is then on the very elements of vitality on the secretions and the blood that Holloway's PILLS exercise the disinfectant and conservative PILLS exercise the disinstructure and conservative influence. The unseen fountains, as well as the palpable issues of disease, are assailed by this mighty antidote. It affects the bile, the gastric juice, the lymph, the blood, and purges them of every thing pernicious to health and vigor, which may have contaminated their natural purity. Where symptoms are merely supposed, a relapse may be anticipated, but when the seeds of the disorder are destroyed or expelled, the cure is radical:
