The new bridge across the canal at Harrisburg, for the Lebanon Valley Railroad will be a magnificent structure. It is entirely of fron, very neat, and will no doubt be the most substantial affair of the bridge kind in the country.

Problems, Enigmas, Charades, Conundrums, &c., are solicited. They must be carefully stated, and accompanied by the solutions or answers. We will devote some space weekly to such matters for the bonefit of the young.

Our Agricultural friends had excellent weather last week to cut their grass, make hay and house it. We noticed that they embraced the opportunity to "make hav while the sun shines." The crop is a very heavy and good.

We had a visit last week from Dr. Jacob Horlacher, of New Berlin, Union coun-Jefferson School. He has been unfortunate, havthe dissemination of the principles he so much loves. He sells a plate which he calls the Demoof every one. His positions on the Slavery question are sustained by references to Bible passages. He is ready to defend his party and its principles in public or private whenever called upon.

Grand Free Exhibition-Our lovely valley is now in its magnificence. Its a paradise. Man could not desire a healthier climate, more bounteous land, and better ; crops.-To see it in all its glory, take a trip up or down on the Lebanon Valley railroad, and, our word for it, that to the appreciating eye, the grateful heart and comprehending mind, no richer scene can be imagined. The whole is now on exhibition, free of charges, the proprietor (a kind Providence,) furnishing all at his own; expense, for the benefit of his ungrateful children. Those who do not like the railroad, as a mode of conveyance, can please themselves by using their shanks.

IMPROVEMENTS .- Notwithstanding the hard times, improvements in and around Lebanon are still going on. We learn that Geo. W. Kline, Esq., intends shortly to creet two brick. buildings on Plank-road street, opposite the Zion's Lutheran Cemetery. Also, that Levi and Geo. W. Kline, Esq'rs., will tear away the building now occupied by Mr. L. Kline's law office, and fill the spice with a fine brick building. Mr. Balsbaugh will shortly commence the erec-

tion of a new Academy at Annville. The projectors of these improvements deserve the praise of the public for their enterprise in those piping hot and hard times, by thus furnishing employment to mechanics and laboring men. when otherwise, probably, they would have been,

Much time and care is being taken to make the exercises, which are of a dramatic character, interesting. The Perseverance Band will be on hand and discourse some of their sweet music. Tickets to both exhibitions only 10 cents.

Handed Over.—We omitted to state last week, that the Ladies who held the late Fair in this Borough, for the benefit of the Perseverance Fire Company, handed over the proceeds, which amounted to the handsome sum of \$545 50. Several neat addresses were delivered to the Ladies upon the interesting occasion. The above is considered a large amount, considering the many disadvantages that surrounded the Lathat in order to accomplish anything great, it is only necessary to, gain the good will sex. In the advertising column will be found : Resolution of Thanks adopted by the Company.

Accident and Death.—A youth named John Boungardner, aged about 16 years, ty, a true and uncompromising Democrat of the who was engaged in driving a team of mules of the Boat "Golden Gate," owned by Messrs. Ecking sustained injuries by a fall which prevents enroth of North Lebanon, was found dead near him from manual labor, and hence is engaged in Pittston, Luzerne county. The deceased, it appears, left the boat at day-break to hitch up the mules, which had torn loose and were roaming cratic platform, and which should be in the hands about. The boy went in search of them, but not returning shortly, the boatmen followed and found him a corpse within a few yards of the mules .-No inquest was held over the body, but from several violent marks on the head and abdomen, it is conclusive that he was kicked by one of the mules. His remains were brought home by railroad on Wednesday, and interred in St. Mary's Church Cemetery, on Thursday morning.

> First Pic-Nic of the Season. At 51 o'clock, on Eriday morning, a large Pic Nic party (of which we had the pleasure to be a member) left the North Lebanon Canal Basin, in the fast boat "Ocean Wave," bound for the congenial shores of the Swatara, near Jonestown Aqueduct. The boat sailed off swiftly and smoothly, while the North Lebanon Band played their best pieces; but owing to the heavy weight in the bow, the boat, (no doubt on account of the warm weather) took a notion to dive, leaving in a quantity of water. The boat was immediately run ashore, the party landed on terra firman and the numbs pat into action—the ride thus far being "short and sweet." Soon the gallant ship was properly balanced, and when "all aboard," away we went in fine style, until we arrived at the Tunnel, where several boats coming through caused another detention. While going through this artificial cave no one entertained an idea that outside thermometers need be ice-watered to keep from jumping up to fever heat. We passed the "Sixteen Looks" in double quick time, which afforded all an excelent opportunity to breathe the pure air and enjoy the lovely scenery. Everything was life, to which the fair and sociable Ladies contributed a The Water Works dam was about the largest
