THE KISS.

"Upon the perfumed pillow of her lips, Love, smiling, sleeps." Now dearest, none are near us; let my arm Thy pliant form encircle—thus. A charm— A strange and quickened pulse runs through my hea At this sweet sense of nearness. Oh, thou art My wildly worshipped idol! Thus, thy liesd Incline upon my shoulderetso: and let me part These glossy tresses from thy snowy brow: Why! like some timid fawn thou tremblest now! And from thy soft, warm cheek the rose has fled— Dost thou not love me then? Oh yes! that sigh Declarath more than words, love's deepest bliss: We'll seal the sweet avertment with a kiss-And let those rich, red clinging lips of thine Give sweetly back the answering thrill to mine.

MEDICINAL. Dr. Morse's Indian Root Pills Die MORSE the inventor of Monse's Ividay Roof Prils, has spent the greater part of his life in traveling, having visited Europe, Asia, and Africa, as well as North: America—has spont three Years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man

to establish the fact that all diseases wise from Iniperity of the Blood—that our strength, health and life depended upon the vital fluid. to establish the fact that all diseases arise from Taipurity of the Blood—that our strength, health and life depended upon the vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body; the blood loses its action, becomes thick, corrupted and diseased; thus editsing all pains, sickness and distress of every name; our strength is exhausted our health we are deprived of, shid if rature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine, in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cilfs in Nature's garden. for the health and recovery bf diseased man. One of the roots from which these Pills are made is a Sudoritic, which opens the pores of the skin, and assists nature in throwing out the finer parts of the corruption within. The second is a plant which is an. Expectornat, that opens and unclogs the passage to the langs, and thus, in a soothing manner, performs its duty by throwing off pilegm, and other humors from the lungs by copious spitting. The third is a Dintefic, which gives case and double strength to the kidneys; thus oncouraged, they draw large amounts of imparity from the blood, which is then thrown on bountifully by the urinary or water-massage, and which could not, have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills while engaged in purifying the blood, becomes perfectly healthy; consequently all si

a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the stomach and intestines are literally overflowing with the convergence of the stomach and intestines are literally overflowing with the convergence of the stomach and intestines are literally overflowing with the convergence of the stomach and arter through every vein and arter yound it is taken from the body by discuss. Dr. Morse's PILLES have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been acked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought as it were, within a step of the silent grave, now stand ready to tostify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses ladd been taken, they were absolutely astonished, in witnessing their charming effects. Not only do they give immediate case and strength, and take away all siby mess, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleause and purify, that disease—Pills, that they will so cleause and purify, that disease—Pills, that they will as for the silent properties. So that deadly enemy—will take its tlight, and the fush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

PHILADELPHIA MEDICAL HOUSE.—Established twenty two years ago by Dr. KINKELIN, corner of Third and Union streets, Philadelphia, Pa.

TWENTY-TWO YEARS' TWENTY-TWO YEARS?

Experience has rendered Dr. K. a most successful practitioner in the cure of all discusses of a private nature, manbood's debility, as an impediment to marriage; nervous and sexual infirities, discusses of the skin, and those arising from abuse of mercury.

TAKE PARTICULAR NOTICE.

There is an evit habit sometimes indulged in by boys, in solitude, often growing up with them to manhood; and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating affections.

ries to a series of protracted, insidious, and devastating affections.

Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable sensations, and vague fears in the mind. [See pages, 27, 28, 29, of Dr. K.'s book on "Self-Preservation."]

The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak; he is dull, irresolute, and engages even in his sports with less energy than usual.

If he emancipate himself before the practice has done its worst, and enter, matrimony, his marriage is unfruit-

gy than usual.

If he emancipate himself before the practice has done its worst, and enter, matrimony, his marriage is runfruitful, and his sense tells him that this is caused by his early follies. These are considerations which should awake a the attention of all who are similarly situated.

REMEMBER,

He who pindes himself under Dr. KINKELIN'S treatment, may religiously under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentle man, and rely upon the assurance, that the secrets of Dr. K's patients will never be disclosed.

Young man—let no false modesty deter you from making your case known to one, who, from education and respectability, can cortainly befriend you.

Ag- Dr. KINKELIN'S residence has been for the last twexty years at the N. W. Corner of THIRD AND UNION streets, Philadelphia, Pa.

Great Discovery of the Age. OF TOBACCO CHEWERS

MEDICINAL.

TOBACCO CHEWERS

Dr. Gustav Linnard's Taste Restorative Troches, the Great Substitute for Tobacco.

It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe Mental and Physical Disorders to which the rice of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain marcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be scriously diseased.

TOBACCO affects also the entire nervous system; manifesting itself—as all who have ever used the moximus weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspensia, and many other disorders of westmillar character.

THE TASTE RESTORATIVE TROCHES

Are designed to counteract these langeful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial offect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the tase of Tobacco, and by giving a healthy tone to the Stömsch, invigorate the whole system.

Persens whe are irretrievably undermining their constitutions and shortening their lives, should use these Troches intimediately and throw of the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per box. A liberal discount to the trade. Prepared solely by the undersigned to whom all orders should be addressed.

question to another.

These symptoms if allowed to go on—which this medicine invariably removes—soon follows, Loss of .Power, Fatuity, and EPILELTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—INSANITY AND CONSUMPTION? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunnic Asylums the most melancholy exhibition appears. The Countenance is actually sodden and quite destinate—neither Mirth or Grief ever visits it; should a sound of the voice occur, it is rarely articulate. destitute—neither Mirth or Grief ever visits it; should a sound of the voice occur, it is rarely articulate.
