# HOME AFFAIRS.

DI S. Raber's Fountain for the distillation of Sparkling, Ice Cold, Soda Water, is now in prime operation. We tried it, and pronounce it O. K.

Water, manufactured in Porcelain Fountains and Esq., on Tuesday. 28th inst., unanimously deciddrawn from an elegant Urn, cold as ice, and ed in favor of Manny's Combined Reaper and sparkling as Champaigne; is just the drink for Mower, (with Wood's improvement) for the folthe season. Try it. Dr. Ross has in operation his foun-

tain of Sparkling Soda Water. His fixtures are first class and his Syrups the very best. For a cool and very refreshing drink call there.

We also call attention to the new advertisement of his Drug Store. The Dr. has had a large experience in the business, and any order entrusted to him will be carefully and promptly attended to.

Certificates of membership to the Liebahon County Agricultural Society are now ready for delivery, and can be obtained from Mr. Mish, Treasurer of the Society.

Violation of Law .- Driving diminutive mags at the rate of "2:26" through our streets. Bank Directors had better look out.

Drowned.-A man named John Moyer, about 40 years of age, was drowned in the Forge Dam, at Union Forge, this county, on Monday last. We have not learned particulars.

S. T. McAdam has been elected by the Board of School Directors, Collector of Lebanon District School Tax, for the current vear.

Wr were aroused from sleep the other night by a delightful serenade of sweetmusic, vocal and instrumental, under our windows. The party have our thanks for their kind remem brance. .

Mr. Henry Bubb, of the firm of Bubb & Bock, is now located in Market Square, one door south of Zion's Lutheran Church, where he will in the future keep his depot of Cooking Ranges. Heaters, Furnaces. &c.

Large Yield .-- Eleven tons of Timothy Hay were taken from a field of three acres, more or less, situate in the western portion of this Borough, owned by Capt. HARBESON. Add to this about one ton taken off by a whirlwind, would make twelve tons. The""west end" is hard to bent.

Fire.—A Saw and Grist Mill near Campbellstown, Liebanon county, was destroyed by fire on Friday morning last. The fire originated in the smut machine, which was placed in this mill, as it is in most others, in the garret loft of the building. The property was owned by Mr. GIDEON ETTERS, and not insured. The loss is from \$2000 to \$4000.

Fine Front.—Our neighbors, the RABER BROS., had the front of their store completed last week. The finishing touch was put how hy Mr. B. F. FLOWERS. Great Trial of Reapers and Mow- | INVESTIGATION CONNENCED. - The Commission-Reapers and Mowers from the Berwick (Columbia Co., Pa.,) Gazette. The frial took place near Berwick, on the farm of Gilbert Fowler, Esq.; Tuesday, June 28th, 1858. Many hundreds of citizens and farillers were present on the occa-

After a fair trial by the rival contestants, (Manny's, Hussey's, and Kirby's,) the Committee appointed to judge the relative merit of the machines, and after a thorough examination and due deliberation submitted the annexed

REPORT: The undersigned, a Committee appointed to judge the merits of the different machines enter-Guilford & Lemberger's Soda ed for the trial, on the farm of Gilbert Fowler, lowing reasons :

Ist .- Because it is easier upon the horses, for the amount of work performed, in consequence of having a castor wheel in front, which relieves the borses and aids in turning. 2d.-It is more easily controlled by the driver,

by means of a lever, by which he can raise or lower it at will, in order to cut over any obstacle that may come in the way. Brd .- It mows with a frame and a reel, which

gives it more strength and keeps it clear in heavy

In our judgment the real strife was between Manny's and Kirby's, the Hussey machine being out of the question. The mowing, in itself, was well done by all the

machines, but for the reasons above assigned we have decided in favor of Manny's with Wood's improvement.

AFTER a hot term of weeks, which enabled our farmers to house, without interrup. tion, the heaviest crop of hay for many years, the parched earth was watered by a heavy rain on Monday night. It came just in time for the poor man's friend-Potatoes-and also for Corn and all kinds of Vegetables. A kind Providence favors us beyond our deservings this year.

BY OUR LOCAL REPORTER.

Neat and Fancy-The Railroad Omnibus Lines at present running to and from the Depot.

THE Bathing Season is now at hand, and daily we see persons wending their way to the various swimming resorts, in the vicinity of this Borough.

An Organ-grinder and his "dear little creature dressed in red, white and blue," were in town last week, discoursing some strange pieces of music.

Possible !--- A friend informs us that the young lady up town who burst into tears, has been put together again, and is now very wisely wearing hoops to prevent a recurrence of the accident.

Ice Cream !-Our friends (if we have any,) in this and North Lebanon Boroughs, are particularly fortunate these "torrid times," in the facilities provided at the various Ice Cream Saloons for "keeping cool." We speak from a little experience, on this refreshing subject.

ERS. - We take the following account of a trial of ers to investigate the affairs of the Lancaster Savings Institution, have at last commenced operations. The Board now consists of Benj. Parke, Oswald, both of this place. Esq., of Harrisburg, Gen. E. C. Wilson, of Vonango, and George Sanderson, Esq., of Lancaster;-the latter gentleman having been appointed uitocs-ugh! The party have our sympathy in all the annoyances of the season. For the fine Cake sent us w to fill the vacancy occasioned by the resignation give them our hearty thanks. May cool weather espe

For the Lebanon Advertiser. A Tribute to the Memory of Miss B. J. Siegrist.

Thou art faded-like spring flowers, Sent to gladden for a while, Blooming round us sweet and lovely, Wreathing Nature's face with smiles. But alas! though fair, so fragile:

Neath the hot and scorching ray Of the unclouded sun, they withered, Drooped and died-sweet flowers of May. So dear BARBARA, thou hast faded-

The cruel, stern destreyor, death Touched thee with his icy fingers-Forced thee to yield up thy breath. Vain our prayers, our anxious watchings. Love was powerless to save-Bitter tears are unavailing-Nought could save thee from the grave:

Oh how oft the cup of life Is filled with drops of bitter gall, Blighted hopes and chilled affections Clouds and shadows pass o'er all. True, some bright green spots of pleasure Will across our pathway gleam, But like cases in the des

They are "few and far betweetis" Let us check the rising murmur, Upward look, and cease to weep, Let our stricken hearts still praise Him "Who giveth his beloved sleep." Yonder is our loved one singing Holy anthems to the Lamb-To us she left this blest assurance,

"I am saved, He says I am." For the Lebanon Advertiser

On the DEATH of MISS BARBARA SIEGRIST. "And is it sof Has that meek spirit fled ? Are those eyes closed?-closed in the sleep of death Dim'd their soft lustre, which so lately shed Calm joy around her ? Still'd is that sweet breath Whose voice was sympathy, and prayer, and love, Oh! has she gone?—yes gone to realms above.

Must that lov'd form that graced our social hours, Dwell in the narrow house? Those lips, that gave Joy in our sadness, must they yield their pow'rs, Scaled with the icy signet of the grave ?

Has she-one of the few whom all must love Se soon been borne from e.rth to realms above ? But parents, brothers, sisters, dry your tears;

There is a joy in serrow's darkest hour, When in the saden'd breast to quell its fears-Sweet peace and hope exert their scothing power, Then weep no more-Lo! near yon throne above Your sainted Barbara sings Redeeming love.

She suffer'd-but, her sufferings o'er, she reigns, Oh! what a change! To bound from earthly things From that emaciate form-from sin-from pains-And soar aloft upon a Scraph's wings! Then, mourners coase to weep, for tears are vain : What is your loss is BARBARA's countless gain.

The Hartford Courant publishes births. So do all the California papers. The idea is a good one and we have frequently thought of starting it here. It certainly would prove an interesting feature in the Advertiser. The three grand eras of life are birth, marriage and death. We give the two latter weekly, and surely can see so indelicacy in giving the first. What father, grandmother, aunt, unele, brother or sister will give us an item of the kind to start upon? We will make the publications gratuitously. Say ......, on the , the wife of ......, of a

The Young Men's Christian Association lately organized in Lebanon, starts out with the most flattering prospects. On Tuesday last quite a number of persons between 14 and 45 years of age stepped forward, signed the constitution, and became members of the association .---The objects of the organization are the improvement of the spiritual, mental and social condition of young men, and for the furtherance of this brought to bear, among which we may mention of a full day of it, and on their return all expressed a public character, Courses of Lectures during the winter meaths, Sermons, Devotional and Prayer Meetings. The Association will also procure and fit up a room for its meetings which will be furnished with a Library of bound volumes, periodicals and papers, and which will be opened at shade ! Should it continue rising we may expect least three evenings every week. Aside from the to prepare ladders to climb up. The heat seems transaction of the regular business of the Society, to dry up all the fountains of news. Important its meetings will be characterised by reading of events can scarcely be expected to happen; but essays and roviews, the delivery of addresses, and unless the people keep stirring, they cannot ex-

together with the reading of correspondence and terests of the Society. The association also has heard of numerous cases of sun stroke, in some its benevolent features, and which, we think, will of our neighboring counties. if faithfully carried out, make it of immense use-It has committees to visit sick members, to aid was fought in Mississippi last month by Mr. T. fulness to our town and the recipients of its care. strangers in selecting places of worship; to aid members and strangers in procuring places of em. Knott was shot, and Shott was not. members and strangers in procuring places of employmont, &c., &c. These are only some of the useful and pleasing foatures of this association .---The meetings have thus far been held on Tuesday evening in Temperance Hall, and where we presume they will continue until a permanent place is selected and fitted up. The fee of membership is \$1 annually. Provisions are also made for the reception of Honorary, Sustaining and Life Mem-bers. Further information can be gleaned from the Causes the constitution itself to recover its elasticity and strength; and that, in short, fulfills bers. Further information can be gleaned from the Constitution and By-Laws of the Society, which will be ready for distribution in a day or two.

Harvesting,-The farmers are busily engaged cutting and housing their grain. We paid a flying visit to, a wheat field on Monday, to see the golden heads fall before the kneading scythes. We tried our hand at the cradle, and found it good exercise.

The Flies are becoming numerous and troublesome. The streets and the houses are full of them. The ingenuity of man, says a knowing one, has not yet invented agents that can destroy them as they come. Nor is this to he wondered at, when it is known that from a body. single fly more than two millions of these pests

Pruning.—July is a good month for removing large limbs from fruit and shade trees. The sap is now in a right condition to form new wood, and the healing process commences at once. The foliage also serves as a shade to prevent sun checks in the wounded parts, although where large branches are taken from fruit trees it is better to coat the exposed portions.

The Newspaper.-It is an undehiable fact that the reading of a good and wellconducted newspaper, even for the space of one year, brings more sound instruction and leaves a deeper impression, than would be acquired, probably, by any other means. Talk to the members of a family who read the papers, and compare their information with those who do not. The difference is beyond comparison.

Another Pic Nic .-- The Second

Pic Nic of the season, came off on Friday last .----Quite a number of fair ladies and gallant gentlemen desirous of being shielded from the rays of the burning sun, adjourned from the hot, dusty, and bustling city of Lebanon, to Mr. Harper's, in East Hanover township, this county, where the cool breezes coming down the gorge of the mountain, and the pure beverage of nature gushing out of cloven rocks in crystal streams, offer a fair and delightful summer resort. The party made

themselves highly delighted.

Hot, Hotter, Hottest .-- The ex-

cessive heat of the past few days caused the mercury in the thermometer to rise to 100° in the the discussion of moral and religious questions, pect to read a well filled local column.

HollowAY'S PILLS.—When this great vegeta-ble alterative and detergent was introduced, the want of centuries was supplied. It is the only preparation before the world which eradicates disease without enfeedling the patient; that cures indigestion and all complaints arising therefrom; that restores the disordered nerves, that regulates the functions of the bowels and the liver; that are all morbid metres from the animal fluids;

system, and death will end the work. From 2 to 5 of these Pills a day will keep the digestive or-gaus in healthy condition, and beclog or carry away all impure matter, and thoroughly restore

and cleanse the stomach ; at the same time the Pills will so purify the blood, as to drive all manner of disease from the system. WORM.

WORM. In a quantity of corrupted matter, there is al-ways to be found anest of worms. They cannot, neither will they stay anywhere else. Weak stomach and bowels are subject to them, as they have not sufficient power to digest their food.— Hence a large heap of matter is lodged, and worms must be the result. A few doses of these pills will disturb them in their nest, and drive them out of the system. It should be remembered, that an oleasional dose when in health, especially after taking cold,

will prevent the discase from forming in the Dr. Morse's Indian Root Fills are sold by all dealers m Medicines.

WOOD'S HAIR RESTORATIVE .- The fame of this proparation rests upon its real merit. Thou-sands all over the country are using it, and it does all it claims through the various publications that it can do. Hair will grow on a bald scalp by its use; hair will be preserved and beautified by its use; hair will tarn from gray to its origi-nal color by its use. We do not claim that a red headed gentleman or lady can be turned into in-dividuals with raven locks or auburn ringlets, but gray, hair will be restored to the original color.---Reader, wherever you live, in any place you re-side, Wood's Hair Restorative is sold. Enquire

at all the Druggist, and whether such articles are usually obtained, and you will find it as we ctate. CATION .- Beware of worthless imitations, as several are already in the market, by different names. Use none unless the words (Professor Wood's Hair Restorative, Depot St. Louis, Mo.
