A terrible accident occurred on the New York and Erie Railroad, on Friday last, by which five persons were killed and some fifty odd wounded. It was occasioned by the breaking of a rail, which threw the two hind cars off the track.

07 The Harrisburg Union in speaking of the late spavined opposition convention at that place, alludes to the chairman, A. H. Reeder, thus :- "He seemed to be head and shoulders above the convention ; and it was flattering to The Democratic party that a pigmy in it should be a giant among this rabble."

The contract for the road from Mertztown to Allentown, a distance of fifteen miles, has been given to Col. James Moore, of New York, who will be prepared to sub-let the work in a few days. It is the intention to have the entire route finished for the running of cars by the first of January next.

THE BOY HERO.-A correspondent of the Pitts-

burg Post relates the following interesting incident : "As we left Pittsburg in the cars, we observed a small boy named STITT, about twelve years of age, poorly, clad, but very intelligent,

having with him an infant ten months old, the child of his sister, who died a few weeks ago.-The lad had brought the infant from Iowa City, where the mother had died, and was on his way to Harrisburg. The young uncle had cared for

and nursed it all the way-a weighty charge for one so young. It would not, perhaps, have been so much remarked, had a young girl been the custodian of the orphan babe, but here was a

mere boy, putting away childish things and assuming all the cares and responsibility of a parent, during a journey of a thousand miles at least. The passengers manifested the greatest interest in the little wayfarer and his charge, the ladies especially, in turn relieving the lad of his burthen, as he appeared to be almost exhausted with his long journey. Such constancy and manliness in one of such youthful years is not often exhibited, and cettainly well deserves the name of heroism."

DR. HARDMAN TREATS CONSUMPTION, BRON-CHITIS, Laryngitis, Asthma, and all Discases of the Threat and Lungs, by MEDICATED INHALATION.

AIEDICATED INHALATION. MEDICATED INHALATION. The great point in the treatment of all human mala-dies is to get at the disease in a direct manner. All med-icines are estimated by their action upon the organ re-quiring relief. This is the important fact upon which inhalation is based. If the Stomach is diseased, we take medicine directly into the Stomach. If the Lungs are diseased, breathe or inhale medicated vapors directly in-to them. The reason why Consumption and Diseases of the Lungs have beretofore resisted all treatment has been because they were not approached in a direct manner by medicines. They were intended to be focal, and yet they were so administered that they could not act constitu-tionally, expending their immediate action upon the Stomach, whilst the foul disease, without the disadvantag-ses of violent action. Its application is so simple that it may be employed by the youngest inflat or feeblest in-value. To the Farmers of Lebanon County.

YOU are offered a chance this year, which has never been offered before, and, perhaps, never will be again; and that is : each farmer can try for himself Manny's Reaper and Mower, with Wood's Im-

agan; and that is: coch farmer can try for himself Manny's Reaper and Mower, with Wood's Im-provement. and if it does not do all as represented, there are no loss-es sustained. The Agents for L-hanon county are per-fectly responsible for all they warrant these Mowers and Reapers to perform, and do not offer them to the farmer will view of merely selling them, but to answer the purpose of their interntion-lightening labor, and giving a full equivalent for the price of their cost. There is no humbug about these Machines. They are the latest and best improved of their kind. There are none others now extant that excel them; and to prove this, it is but nec-essary to say that in 1857, they took the first premiums at all the County and State Fairs of Pennsylvania; the first premiums in Vermont, New York, Maryland, and Tonnessee. But the greatest victory achieved was at the great trial at the United States Agricultural Fair, at Syracuse, in 1857, where the first and sceend (gold and silver medals) Premiums were awarded, as the best com-bined Machine at a as a Reaper. The Agents, A. MAJOR & BROTER, would challenge all Agents of Reapers and Mowers in this county to a trial at such time and place as will suit them. And if Manny's Resper and Mower with Wood's Improvement is not the best Machine, a fair trial will decide it. Address the Agents, A. MAJOR & BROTER, NAJOR & BRO. May 20, 1883-41.
