D. S. Raber's Fountain for the distillation of Sparkling, Ice Cold, Soda Water, is now in prime operation. We tried it, and pronounce it O. K.

Guilford & Lemberger's Soda Water, manufactured in Porcelain Fountains and drawn from an elegant Urn, cold as ice, and sparkling as Champaigne, is just the drink for the season. Try it.

Dr. Ross has in operation his fountain of Sparkling Soda Water. His fixtures are first class and his Syrups the very best. For a cool and very refreshing drink call there.

A Shabby Business.—There is at present a piece of imposition practised on the country public which should be stopped. It is by means of the Spanish fips, ldvies and quarters. In Philadelphia they are taken only for five, ten, and tweety cents by traders and others, who, instead of presents of the mount of circulation pass them stead of putting them out of circulation pass them into the hands of brokers, &c. Through their hands they are again shipped into the country and put into circulation at their original value .--This game is at present strongly practised, and is a money making operation to those engaged in it. their views, the only sales we hear of being to Our people should at once take measures to put a the extent of 500 barrels fresh ground extra at

They should be made to forego the fip and levy shaving.

The party without a name in Lebanon county is in the field. Their call for the election of Delegates and the holding of a County Convention appeared in their papers last week. The delegate elections are to be held on Saturday, August 21, and the Convention the following Monday. Joseph Shantz, of Lebanon, Samuel Houck, of Palmyra, and John Beck, of Lebanon, Samue following Monday. Joseph Shantz, of Lebanon, Samuel Houck; of Palmyra, and John Beck, of Jonestown, are announced as candidates for Sheriff; John Stains for Prothonotary; and Andrew Steiner, of Jackson, for Commissioner. All pretty good men, and we would indicate who will be the successful ones and who will not, but their conventions are such contrary bodies, that they would, just for the sake of making it appear that we did not understand or know "their ropes," be sure to make other nominations. They did so last year and we have no assurance but they would do so again. If the delegates promise us to adhere strictly to the programme, to do just as they are told by the managers when they get to town, we will tell them all the candidates in advance—either confidentially or otherwise as may he desired.

CIRCULAR TO THE SICK.—The first hospital surgeons and medicinal publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its ase in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlighte external evidences of disease, and neutralize the fiery elements which feed and exasperate the melady.

Rheumatism, Scrofula, Eryspelas.

These are among the most terrible and accepting dis-

These are among the most terrible and agonizing disease of the muscles, the fieshy fibre and the skin; yet in their worst forms, and when seemingly incarable, they invariably disappear under a persevering application of this soothing, healing antidote to pain and inflammation. Salt Rheum, Fever Sores, Stiff Joints. In all cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopea have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinewsis truly wonderful.

Discharging Ulcers.

A most lumarkable and happy change is produced in the appearance of mallganut ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly until the orifice is filled up with sound material, and the accer radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children. Significant Facts.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections, and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

To the Farmer's of Lebanon

Manny's Reaper and Mower, with Wood's Improvement, and if it does not do all as represented, there are no losses sustained. The Agents for Lebanon county are perfectly responsible for all they warrant these Mowers and Reapers to perform, and do not offer them to the farmer with view of merely seiling them, but to snawer the purpose of their invintion—lightening labor, and giving a full equivalent for the price of their cost. There is no humbug about these Machines. They are the latest and best improved of their kind. There are none others now examt that excel them: and to prove this, it is but necessary to say that in 1857, they took the first premiums at all the County and State Kairs of Pennsylvania; the first premiums in Vermont, New York, Maryland, and Tennessee. But the greatest victory achieved was at the great irial at the United States Agriculturia Fair, at Symenes, in 1857, where the first and second (gold and silver medals) Prenjums were awarded, as the best combined Machine aft dia a Reaper.

The Agents, A. Malue & Hrother, would challenge at Irial at such time and place as will suit them. And if Manny's Reaper and Mowers in this county to a trial at such time and place as will suit them. And if Manny's Reaper and Mowers that Wood's Improvement s not the best Machine, a fair trial will decide it.
