I have rescued from the Jaws of Death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which war-raits me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret Diseases are the greatest enemist to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the hu-man family. As a permanent cure is scarcely ever ef-fected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the dis-eases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption. But should the disease and the treatment not cause death speedily and the victim marries, the disease is en-tailed upon the childron, who are born with feeble con-stitutions, and the current of life corrupted by a virus which betrays itself in Scrofula. I have carefully analyzed many of the so-called Patent Medicines, and find that nearly all of them contain Cor-rosive Sublimate, which is one of the strongest prepara-tions of mercury and a deadly poison, which, instead of cuving the disease, disables the system for life. Three fourths of the patent nestrums now in use are put up by merinciples and ignorant persons who do not understand oven the alphabet of the MATENIA MEDICA, and are equally as destinue of any knowledge of the ha-man system, baving one object only in view, and that to make monoy regardless of consequences.
