Democratic State Nominations. JUDGE OF SUPREME COURT: WILLIAM A. PORTER, CANAL COMMISSIONER: WESTLEY FROST, OF FAYETTE.

The Atlantic Telegraph.

The following is the message of Queen Victoria to President Buchanan. in full. The one we published last week. as will be seen, was but part of it, the transmission having been interrupted:

The Queen's Message. To the Hoxorable the President of the United

States: The Queen desires to congratulate the President upon the successful issue of the great international work, in which the Queen has taken the deepest interest.

The Queen is convinced that the President will join with her in fervently hoping that the Electric Cable, which now connects Great Britain with the United States, will prove an additional link between the nations whose friendship is founded upon their common interest and recipro-

The Queen has much pleasure in communicating with the President, and renewing to him her wishes for the prosperity of the United States.

Mr. Buchanan's reply is precisely as we published it last week, hence its repetition here is unnecessary. It was despatched from Washington on Monmorning, at 7 o'clock, It was delayed for some cause occurring at Valentia, commenced sending it immediately afdespatch through, or a fraction over are mad yet. We shall try them with the old three words, an hour. The rates of transmission are probably not the measure all arrangements are perfected. The if surmountable.

There were re- nity of any other county. The printer of Myerslieved during the past year 5654 brothers and 642 town, who was neither industrious nor sober, was widowed families. The number of brothers buried amounted to 375. Total amount paid for relief, \$113,061 75. The largest amount expended for relief by any single Lodge was \$2942, by Kensington Lodge, No. 11. Guttenburg Lodge, No. 106, reports 448 members, being the highest number: Lancaster Lodge, No. 57, has a membership of 327, being the largest outside of Philadel-

riesities at the Hermitage, once the home of General Jackson, is a wooden pitcher, remarkable both on account of the artistic skill displayed and the celebrity of the tree from which the wood was procured. It was made of the wood from the elm under which William Penn made the celebrated Indian treaty. The pitcher was presented by the coopers of Philadelphia; and although it is not larger than a common creaming, it contains seven hundred and fifty staves .-The hoops, lid and handle are of silver; the bottom is a magnifying glass, by looking through which one is enabled to see the joints, which are invisible to the naked eye.

The M'Kean County Bank, we learn by the Potter County Journal, gave up the ghost at few days ago. The eashier decamped with \$71,-000 of its funds, was arrested in New York, and committed in default of bail. The bills of this pig's tail. Our neighbor of the Courier in his bank have been thrown out in New York. Mr. Kingsbury, its President, says the Journal, will secure the holders of its issues against loss, being able and willing to do so.

Somebody thinks that because a woman sent the first word over the Ocean Telegraph it will be talking all the time. We wish it would, and talk a little faster than it does now.

Fire and Water Proof Roofs .-The citizens of Lebanon and property owners in general are respectfully informed that my Roofs are put on as altogether completely water and completely fire proof, besides they are put on much cheaper than any other roofs now used .-From my late arrangements in finding the raw material for my composition, I can now put on my roofs at almost half the cost of either tin, slate, sheet iron, or shingles. My price is \$5 per square, and warranted good for at least 21 years. Old tin, slate and old shingle roofs repaired and warranted to give full and entire satisfaction. ADMITTED-J. H. Bowman and week, admitted to practice law in the several courts of Lebanon county.

Dr. Sam'l H. Thome, of Palmyra, has been appointed Postmaster of that town, in place of Thomas Kramer, Esq., resigned. While orry that the public service looses so efficient and faithful an officer as Mr. K., we are pleased that his successor is the Dr. who possesses all the cessary requisites, and than whom no more suitable person could have been found.

We learn that the Building Comnittee of the new St. John's Ger. Ref. Church of this borough, have engaged the services of a competent architect of Philadelphia to plan their strucure. The Building Committee consists of J. W. Killinger, S. P. Shours, Elias Raber, Wm. Shirk, J. W. Mish, Dr. C. D. Gloninger, and P. L.

Counterfeit Five Dollar notes n the Philadelphia Bank are becoming as plenty Blackberries in the adjoining counties. Let our citizens keep their eyes open, for the gang circulating them will not omit paying this county a visit. If you are unacquainted with the genuine, refuse all notes of said bank of the denomination of fives.

We observe that our friend, Charles Reinoehl, has prepared several Corn Brooms for exhibition at the Agricultural Fair .-They are home manufacture, of fine material, and excellent finish. They will attract attention, espescially of house wives. We are glad to find our mechanics take so much interest in the Fair, and if all should prepare articles for exhibition it would certainly be their own benefit.

On Tuesday evening of last week. ur citizens, (or rather some of them,) found vent r their joy at the successful laying of the Atlantic Telegraph Cable, in the ringing of bells, firing of nnon, bon-fires, illuminations and music-the whole being a kind of 4th of July eve celebration. The whole country was ringing with joy on account of the successful issue of the great enterprize—the infection caught us of Lebanon, and if we did become a little unruly, it must be placed account of the frailties of humanity.

An old Relic.—We were delighted last week, when tasking our knowledge box for material suitable to take off the proceedings of day evening, but was not transmitted the convention which would assemble on Monday; over the Ocean Cable until Thursday by exhuming that old missile of warfare-"the Court House Clique." How our political opponents used to hate it, which made it only the more dear to us. It fought many a battle, and might with which the Electricians at Trinity aghtmany more, if we thought that our opponents were unacquainted. If the Company had not profited by the "philosophical" teachings of our neighbor of the Courier. In all our aggressive vocabulary there was but one word that they ter the conclusion of the work on the hated more than "Court House Clique," viz: Queen's despatch, they have been forty. "Woolly-head." O but they did get mad wheneight hours in getting the President's ever these words stared them in the face. Some relic, and see if there is still magic in it.

"The Humane," a weekly newsof speed which will be attained when puper, which was commenced in Myerstown, Lebanon county, about two month ago, has "gi'n out." In the last number the proprietors anworking of the cable is evidently sub- nounce that its publication has been indefinitely jected to interruptions, the character of postponed. It appears that they are not practiwhich is not yet explained, and proba. cal printers, and have experienced so much difficulty in getting an industrious and sober printer bly will not be till they are overcome, to do their work, that they have abandoned the enterprise in disgust. We are pained to announce anothdestructive fire in our neighborhood. On Thursday last between 3 and 4 o'clock, in the afternoon, the fine Sweitzer barn filled with hay, &c , belonging to Henry K. Moyer, about 4 miles west of this place, near the road leading to Anville, was burnt to the ground. The destruction of barn and contents was complete, and included 4 horses belonging to Mr. Moyer, and one to a stranger. At the breaking out of the fire the amp-meeting heid in the neighborhood. Bribing Candidates.—We have frequently heard of voters and officials being bribed, or attempts made to that effect, but the bribing of candidates is certainly a new wrinkle in the paper of last Friday, in speaking of the necessity of candidates for office at the hands of their convention taking defeat philosophically says: "IF THEIR CLAIMS ARE GOOD, THEY

QUIRES TIME TO RESPOND TO THEM." This is about as clear and distinct a bribe a can be offered to any man, and certainly loses none of its force in being made thus public by the organ, not only of the party, but of the power superior to the party, -the Court House Clique. "If you have claims, you shall have office, even if it requires several years yet for us to give them to you," is the plain English of the bribe offered. The Democratic Delegate All that is required is waiting and remaining fore the assembling of Monday's convention, and bribers and the bribe are spurned, we shall make

the Common Pleas business was also scant. The case of Wm. Wagner and Jos. Lowry. (boys,) for the larceny of over one hundred dollars from Mr. Daniel Stichter, was the only trial that elicited any interest. They were found guilty and sent creditable to the morals of the community.

TOWN.—The usual quiet of Jonestown was disturbed last Friday by a ceremony of no ordinary nature. The Mt. The building is situated on a beautiful hill some distance north of the town. When it is finished and the grounds decorated, it will form a beautiful spot and one of the chief attractions of the place. The Masons, who were greeted with numerous wreaths thrown by the ladies of the town, paraded a short time, and then proceeded to the foundation, where the corner-stone was laid by Acting Master Weidle, with proper Masonic coremonies at 12 M. The procession then moved to the Lutheran Church to hear an oration by L. R. BAUGHERA, of the Lebanon Female Seminary, who had been appointed by the W. M. to perform that duty. The church was crowded to its utmost capacity, and the address was well worthy the orator and the occasion. It was marked and the grounds decorated, it will form a beautithe orator and the occasion. It was marked throughout with vigorous thought and elegant diction. Candidates for the several county offices were then placed in nomination after which the

convention adjourned to get dinner. After re-assembling of the convention quite spirited contest took place as to the made of voting for candidates. A vote being taken the ballot-men were defeated by the viva voce party, upon which Messrs. John Brunner, N. Desh and D. M. Rank (ballot men) picked up their hats and left the convention in a huff. The convention immediately adjourned after them for 15 minutes, which was thought sufficient time to bring the seceders back, as well as for the committee to prepare resolutions, (as though they had not been prepared already.) When the Convention was again called to order, the secoders smilingly appeared in their seats, having evidently gained their point. The convention then promptly reconsidered its decision of viva voce voting and agreed to vote by ballot-yeas 18 nays 16, which proved the withdrawal move of Messrs B. & Co'y decidedly a ten strike. The convention then proceeded to vote for

THE SKIN. Is formed with thousands of pores in every nch of surface whose office it is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry ward fever or inflamation—it is impossible for the skin under these circumstances to perform its proper functions and to carry off the impurities from the body as designed by our Creator.
