MEDICINAL.

Great Discovery of the Age. Ex TOBACCO CHEWERS

TOBACCO CHEWES

Dr. Gustav Linnard's Taste Restorative Troches, the Great Substitute for Tobacco

Ches, the Great Substitute for Tobacco

Tis a well known and incontrovertable fact that the

Tuse of Tobacco is the promoting cause of many of the
most severe Mental and Physical Disorders to which the
rate of man is subject, as careful analysis and long and
painful experience have clearly proven that it contains
certain marcotic and poisonous properties most dangerous
in their effects, which by entering into the blood derange
the functions and operations of the Heart, causing many
to suppose that organ to be seriously diseased.

TOBACCO affects also the entire nervous system; manifeating itself—as all who have ever used the noxious
weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES

Are designed to counteract these baneful influences, and
have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves
they exert a beneficial effect upon the entire system; restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying ticking sensation of the Throat
—which are always comsequent upon abstaining from the
stomach, invigorate the whole system.

Persons whe are irretrievably undermining their constitutions and shortening their lives, should use these
Troches immediately and throw of the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Löxenges are put up in a convenient
and portable form at the low price of 50 Cents per lox.
A liberal discount to the trade. Prepared solely by the
undersigned to whom all erders should be addressed.

These symptoms if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and EllLEUTIC FITS—in one of which the patient may capire. Who can say that these excesses are not frequently followed by those direful diseases—IN-SANITY AND CONSUSPTION? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunaite Asylums the most melancholy exhibition appears. The Countenance is actually souden and quite destitute—neither Mirth or Grief ever visits it; should a sound of the voice occur, it is rarely articulate.

It matters not from what cause, the disease originated, however long standing or obstinate the case, Ecovary is cravals, and in a shorter time than a permanent curs can be effected by any other treatment, even after the disease has bafiled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice. I have rescued from the Jaws of Death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases fulling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, lustens the sufferer into a rapid Consumption.

But should the disease and the freatment not cause death speedily and the victim marries; the disease is entailed upon the childran, who are born with feeble constitutions, and the current of

ferer wrecked in body or mind predisposed to Consumption and a train of erdis more to be dreaded than death itself. With the fullest confidence I assure the unfortante victims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be rectored to robust, vigorous health.

The affileted are cautioned against the use of Patent Medicines, for there are so many ingenious snarce in the columns of the public prints to catch and rob the unwary sufferers, that millions have their constitutions ruined by the vile compounds of quack dectors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines, and find that nearly all of them contain Corrosive Subliniate, which is one of the strongest preparations of mercury and a deadly poison, which, instead of curing the disease, disables the system for life.

Three fourths of the patent nostrums how in use are put up by unarinessing and ignorant persons who do not understand oven the alphabet of the Markara Marchandara equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twanty views of practice, and sanctioned by thousands, of the most remarkable cures.
